pommes mousseline rabbit and white wine fricassee with mashed potatoes The gibelotte was all right the mashed potatoes the best I had ever eaten pushed through a sieve buttered and moistened with enough of their hot cooking water to bring them to a supple not quite pourable consistency no milk no cream no beating I had never dreamt of mashing potatoes without milk and in Iowa everyone believed that the more you beat them the better they were This book is a long awaited story of the man who brought the simplicity of French cooking to the United States and a statement about one of the finest and most important food professionals in the world Richard Olney one of the first food writers to introduce the simple joys of French cooking to American readers was an American who lived in Europe for almost 50 years He died unexpectedly July 31 1999 Author of more than 35 titles and inspiration to hundreds more his works include French Menu Cookbook the seminal Simple French Food The Good Cook Yquem Ten Vineyard Lunches Roman e Conti Provence the Beautiful Lulu s Proven al Table Good Cook s Encyclopedia and French Wine and Food A resident of Solli s Toucas France Olney was close to his art and family and friends *Nelson hall and west branch. The Larder John T. Edge,Elizabeth S. D. Engelhardt,Ted Ownby,2013-10-15 The sixteen essays in The Larder argue that the study of food does not simply help us understand more about what we eat and the foodways we embrace The methods and strategies herein help scholars use food and foodways as lenses to examine human experience The resulting conversations provoke a deeper understanding of our overlapping historically situated and evolving cultures and societies The Larder presents some of the most influential scholars in the discipline today from established authorities such as Psyche Williams Forson to emerging thinkers such as Rien T Fertel writing on subjects as varied as hunting farming and marketing as well as examining restaurants iconic dishes and cookbooks Editors John T Edge Elizabeth Engelhardt and Ted Ownby bring together essays that demonstrate that food studies scholarship as practiced in the American South sets methodological standards for the discipline The essayists ask questions about gender race and ethnicity as they explore issues of identity and authenticity And they offer new ways to think about material culture technology and the business of food The Larder is not driven by nostalgia Reading such a collection of essays may not encourage food metaphors It s not a feast not a gumbo certainly not a home cooked meal Ted Ownby argues in his closing essay Instead it s a healthy step in the right direction taken by the leading scholars in the field
