Art and the Artist in Society Jane Elizabeth Alberdeston,Elsa Luciano Feal,José Jiménez-Justiniano,2013-07-16 Art and Artist in Society is a compilation of essays that examine the nexus between artists the art they create and society These essays consider how art has changed its form and role both to accommodate newer trends and to fully participate in society Divided into six thematic sections the book examines the works of a diverse group of artists working in a range of art forms such as writers Milan Kundera and Judith Ortiz Cofer filmmakers Humberto Solís and Walter Salles performers photographer Daniel Joseph Martinez and feminist activists Suzanne Lacy and Leslie Labowitz The analyses of the work of these artists and other artists offer readers an opportunity to explore a number of important issues in art today such as the representation of the Other the exploration of alternative sources of knowledge and the construction of the self For the array of works it analyzes this book offers fascinating insights into the art and the artists of the 20th and 21st centuries **The Spiritual**

Dynamic in Modern Art C. Spretnak,2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art The Art of Richard Tuttle Richard Tuttle,Madeleine Grynsztejn,San Francisco Museum of Modern Art,2005 Over the past four decades Richard Tuttle has thrown into question nearly every conceivable artistic convention and critical category to create an enormously inventive body of abstract work one that embraces and intermingles drawing painting collage book making sculpture and design From his spare yet enigmatic forms of the 1960s to his complex multifaceted assemblages and installations of more recent years Tuttle's primary impetus throughout has been to craft unique objects using everyday often ephemeral materials that demand to be confronted on their own terms The relentless individuality of his aesthetic vision has earned him standing as one of the most provocative and influential artists of his day This richly illustrated and strikingly designed catalogue the most authoritative volume ever published on this prolific artist presents nearly four hundred reproductions of artworks from across his oeuvre and documentary photographs of his creative process Essays by a distinguished group of writers trace the arc of Tuttle's career from its inception in the 1960s to the present day addressing topics such as the philosophical underpinnings of his artistic method his sensitive handling of diverse materials his lifelong engagement with drawing and its expansion into three dimensional space his groundbreaking solo exhibitions and their critical reception in the United States and Europe his complex play with the conventions of language and his innovative artist's books many of which are collaborations with poets **Out of Paper** Katie Anania,2024-06-11 A dynamic look at how artists used paper to radically redefine the relationship between the body and its surroundings and to propose new

conceptions of ecology From sketches created inside pants pockets to paper strewn performances that took cues from protests and riots the work on paper in the 1960s acted as a mobile flexible connective tissue between the body and the world around it In this book Katie Anania reveals how artists Carolee Schneemann William Anastasi Richard Tuttle Robert Morris and Charles White harnessed this historically intimate medium during a period in which Americans were becoming urgently concerned with identity consumer culture the overreach of state power and the rapidly deteriorating natural world Her reexamination of drawing shows how the omnipresence of paper facilitated artists critiques of dominant systems from modern throwaway culture to bureaucracy to colonial violence Engaging a wide range of actions such as recycling recording cutting planning and erasing Anania offers fresh insights into paper s role not merely as a preparatory medium but one essential to the histories of performance minimalist conceptual and land art Out of Paper uses materiality studies social history and feminist art historical methods to situate paper as a major conduit for thought in the postwar United States

Racial Things, Racial Forms Joseph Jonghyun Jeon, 2012-03-15 In *Racial Things Racial Forms* Joseph Jonghyun Jeon focuses on a coterie of underexamined contemporary Asian American poets Theresa Hak Kyung Cha Myung Mi Kim Mei mei Berssenbrugge and John Yau who reject many of the characteristics of traditional minority writing In the poets various treatments of things that is objects of art one witnesses a confluence of the avant garde interest in objecthood and the racial question of objectification Back cover

Only a Promise of Happiness Alexander Nehamas, 2007 Neither art nor philosophy was kind to beauty during the twentieth century Much modern art disdains beauty and many philosophers deeply suspect that beauty merely paints over or distracts us from horrors Intellectuals consigned the passions of beauty to the margins replacing them with the anemic and rarefied alternative aesthetic pleasure In *Only a Promise of Happiness* Alexander Nehamas reclaims beauty from its critics He seeks to restore its place in art to reestablish the connections among art beauty and desire and to show that the values of art independently of their moral worth are equally crucial to the rest of life Nehamas makes his case with characteristic grace sensitivity and philosophical depth supporting his arguments with searching studies of art and literature high and low from Thomas Mann s *Death in Venice* and Manet s *Olympia* to television Throughout the discussion of artworks is generously illustrated Beauty Nehamas concludes may depend on appearance but this does not make it superficial The perception of beauty manifests a hope that life would be better if the object of beauty were part of it This hope can shape and direct our lives for better or worse We may discover misery in pursuit of beauty or find that beauty offers no more than a tantalizing promise of happiness But if beauty is always dangerous it is also a pressing human concern that we must seek to understand and not suppress
