Jamestown James Otis,2013 The purpose of this series of stories is to show the children and even those who have already taken up the study of history the home life of the colonists with whom they meet in their books To this end every effort has been made to avoid anything savoring of romance and to deal only with facts so far as that is possible while describing the daily life of those people who conquered the wilderness whether for conscience sake or for gain That the stories may appeal more directly to the children they are told from the viewpoint of a child and purport to have been related by a child Should any criticism be made regarding the seeming neglect to mention important historical facts the answer would be that these books are not sent out as histories although it is believed that they will awaken a desire to learn more of the building of the nation and only such incidents as would be particularly noted by a child are used Surely it is entertaining as well as instructive for young people to read of the toil and privations in the homes of those who came into a new world to build up a country for themselves and such homely facts are not to be found in the real histories of our land **Richard of Jamestown**

Richard of Jamestown James Otis,2018-03-12 It was a wondrous spectacle to see all these people nearby on the shore knowing they had come for no other purpose than to look at us and I took no little pride to myself because of being numbered among the adventurers even vainly fancying that many wondered what part a boy could have in such an undertaking Then we set sail I watching in vain for a glimpse of Nathaniel Peacock as the ships got under way Finally sadly disappointed and with the sickness of home already in my heart I went into the forward part of the ship where was my sleeping place thinking that very shortly we should be tossing and tumbling on the mighty waves of the ocean We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
