

Richard Wagner. Mensch und Meister.

Pourtales, Guy de

Richard Wagner Mensch Und Meister

Library of Congress

Richard Wagner Mensch Und Meister:

The Hamlet Zone Ruth J. Owen, 2013-01-03 Detached from Shakespeare's English Hamlet has been rewritten numerous times in European languages the various translations into any one language jostling with each other for dominance and spawning new Hamlets that depart decisively from Shakespeare as a source This book focuses on the rich tradition of drawing from Hamlet in European cultures to produce new independent works which include Hamlet theatre Hamlet ballet Hamlet poetry Hamlet fiction Hamlet essays and Hamlet films It examines how the myth of Hamlet has crossed back and forth over Europe's linguistic borders for four hundred years repeatedly reinvigorated by being bent to specific geo political and cultural locations The enquiries in this book show how in the process of translation adaptation and reinventing Hamlet has become the common cultural currency of Europe

Richard Wagner: Die Meistersinger Von Nürnberg John Warrack, 1994-09-08 Die Meistersinger von Nürnberg is Wagner's only mature comedy and one of the richest and most profound in the history of music This book presents an informative and stimulating study of an opera that occupies a particular place in music lovers affections yet always has more to reveal John Warrack traces the evolution of the work from plans for a light comic opera through all the drafts and the literary influences on them into the eventual comedy and he then studies the music in depth He also gives an account of what Wagner found in the historical Mastersingers and their music Lucy Beckett explores the influence of Schopenhauer on the work and examines the complexity of its expressive methods Michael Tanner suggests new ways of interpreting the opera's inner and outer worlds There is a history of significant productions by Patrick Carnegy The volume includes a full synopsis bibliography and three appendices

A Confidential Matter Richard Strauss, Stefan Zweig, 1977 Drama and the World of Richard Wagner Dieter Borchmeyer, 2003-11-30 Richard Wagner continues to be the most controversial artist in history a perpetually troubling figure in our cultural consciousness The unceasing debate over his works and their impact for and against is one reason why there has been no genuinely comprehensive modern account of his musical dramas until now Dieter Borchmeyer's book is the first to present an overall picture of these musical dramas from the standpoint of literary and theatrical history It extends from the composer's early works still largely ignored to the Ring Cycle and Parsifal and includes Wagner's unfinished works and operas he never set to music Through lively prose we come to see Wagner as a librettist and as a man of letters rather than primarily as musical composer Borchmeyer uncovers a vast field of cultural and historical cross references in Wagner's works In the first part of the book he sets out in search of the various archetypal scenes opening up the composer's dramatic workshop to the reader He covers all of Wagner's operas from early juvenilia to the canonical later works The second part examines Wagner in relation to political figures including King Ludwig II and Bismarck and importantly in light of critical reactions by literary giants Thomas Mann whom Borchmeyer calls a guiding light in this exploration of the fields that Wagner tilled and Nietzsche whose appeal to philology is a key source of inspiration in attempts to grapple with Wagner's works For more than twenty

years Borchmeyer has placed his scholarship at the service of the famed Bayreuth Festival With this volume he gives us a summation of decades of engagement with the phenomenon of Wagner and at the same time the result of an abiding critical passion for his works **Nietzsche** Karl Jaspers,1997-10-24 Nietzsche claimed to be a philosopher of the future but he was appropriated as a philosopher of Nazism His work inspired a long study by Martin Heidegger and essays by a host of lesser disciples attached to the Third Reich In 1935 however Karl Jaspers set out to marshall against the National Socialists the world of thought of the man they had proclaimed as their own philosopher The year after Nietzsche was published Jaspers was discharged from his professorship at Heidelberg University by order of the Nazi leadership Unlike the ideologues Jaspers does not selectively cite Nietzsche s work to reinforce already held opinions Instead he presents Nietzsche as a complex wide ranging philosopher extraordinary not only because he foresaw all the monstrosities of the twentieth century but also because he saw through them **Bruckner's Symphonies** Julian Horton,2004-11-25 Few works in the nineteenth century repertoire have aroused such extremes of hostility and admiration or have generated so many scholarly problems as Anton Bruckner s symphonies In this 2004 book Julian Horton seeks fresh ways of understanding the symphonies and the problems they have accrued by treating them as the focus for a variety of inter disciplinary debates and methodological controversies He isolates problematic areas in the works analysis and reception and approaches them from a range of analytical historical philosophical literary critical and psychoanalytical viewpoints The symphonies are thus explored in the context of a number of crucial and sometimes provocative themes including the political circumstances of the works production Bruckner and post war musical analysis issues of musical influence the problem of editions Bruckner and psychobiography and the composer s controversial relationship to the Nazis *Library of Congress Catalog* Library of Congress,1955 **Richard**

Wagner Houston Stewart Chamberlain,1911 *The Musical Quarterly* ,1933 **The Eastern Buddhist** ,1976

Nuremberg Stephen Brockmann,2006 Nuremberg The Imaginary Capital is a broad study of German cultural and intellectual history since 1500 with a particular emphasis on the period from 1800 to the present The book explores the ways in which Germans over the past two centuries have imagined Nuremberg as a cultural and spiritual capital focusing feelings of national identity and belonging on the city or on their Images of it Nuremberg The Imaginary Capital analyzes the way in which a particular city came to be seen in Germany and elsewhere as representative of the national whole The book goes beyond the analysis of particular historical periods by showing how successive epochs images of Nuremberg built on those preceding them thus German cultural and intellectual history is shown as an intelligible unity centered around fascination with and veneration for a particular city **Catalogue** J & J Lubrano (Firm),1985 **Catalogue** Wright's Book Shop (Madison, Wis.), *Wagner's Parsifal* Richard H. Bell,2013-11-12 Parsifal Wagner s final opera is considered by many to be one of the greatest religious musical works ever composed but it is also one of the most difficult to understand and many have questioned whether it can be considered a Christian work at all Added to this is the furious debate that has surrounded

the composer as an anti Semite racist and inspiration for Hitler Richard Bell addresses such issues and argues that despite any personal failings Wagner makes a fundamental theological contribution through his many writings and ultimately in Parsifal which he argues preaches Christ crucified in a way that can never be captured by words alone He argues that Wagner offers a vision of the divine and a theology of Good Friday that can both function as profound therapy and address current theological controversies

Verdi: Mensch und Werk Adolf Weißmann, 2013-09 Mit Verdi lässt sich nichts vergleichen Adolf Weißmann aus dem Vorwort Giuseppe Verdi gilt neben Richard Wagner als der größte Opernkomponist der Romantik Seine Werke gehen bis heute zum Programm der Opernhäuser Adolf Weißmann spricht in diesem Werk das erste Mal 1922 erschien dem Menschen Verdi nach der zwischen seinem Schaffen als Komponist und dem Wunsch eines ruhigen Lebens auf seinem Landgut schwankte Anhand der zahlreichen erhaltenen Briefe Verdis werden dem Leser die Motivation und die Überlegungen des großen Komponisten zum eigenen Werk vor Augen geführt Mit 23 Abbildungen Adolf Weißmann war ein bedeutender Musikkritiker und Essayist Sein Interesse galt vor allem kulturellen Phänomenen der Musik anhand dessen was Musiker und Komponisten für die Gesellschaft bedeuten
