Richelieu's Ambition Et Le Pouvoir:

Richelieu's Army David Parrott, 2001-09-06 It is assumed widely that war made the state in seventeenth century France Yet this study of the French army during the ministry of Cardinal Richelieu 1624-42 shows how the expansion of the war effort was not matched by army reform but by a reliance on traditional mechanisms of control The army imposed a huge burden upon the French population but far from being an instrument of the emerging absolutist state its demands contributed to weakening Richelieu's hold upon France and heightened levels of political and social tension This is the first detailed account of the size organization recruitment financing and control of the troops during this formative period of French history The book also includes a detailed study of foreign policy during Richelieu's ministry and places the training deployment and fighting methods of the French army into the context of arguments for military change in early modern Europe The title was runner up in the History Today Awards 2002 Le Gouvernement Present, Ou Eloge de Son Eminence, Satyre Ou la Miliade Paul Scott, 2010 This satirical poem known popularly as the Miliade because of its thousand verse length in octosyllabic verse was printed anonymously around 1636 The poem's endurance and plentiful and specific political references make it a lively commentary encompassing discontent with the increasingly centralized government before the outbreak of the civil wars the Frondes 1648-53 The Thirty Years War Ronald Asch, 1997-05-21 Historians have tried time and again to identify the central issues of the conflict which devastated Europe between 1618 and 1648 The Thirty Years War by Ronald G Asch puts the religious and constitutional struggle in the Holy Roman Empire squarely back into the centre of events However other issues are not neglected Thus the problems of war finance are shown to be an important key to the interaction between inter state and domestic conflicts during the war Equally confessional tensions are analysed as a decisive factor linking international and domestic disputes and the reader is provided with a succinct narrative account concentrating on the major turning points of the war Case of Witchcraft Robert Rapley, 1998 In addition the debonair priest's romantic intrigues brought him into conflict with some of the town's most influential power brokers **Champlain's Dream** David Hackett Fischer, 2008-10-14 Winner of the Pulitzer Prize for Lifetime Achievement in Military Writing In this sweeping enthralling biography acclaimed historian David Hackett Fischer brings to life the remarkable Samuel de Champlain soldier spy master mariner explorer cartographer artist and Father of New France Born on France's Atlantic coast Champlain grew to manhood in a country riven by religious warfare The historical record is unclear on whether Champlain was baptized Protestant or Catholic but he fought in France's religious wars for the man who would become Henri IV one of France's greatest kings and like Henri he was religiously tolerant in an age of murderous sectarianism Champlain was also a brilliant navigator He went to sea as a boy and over time acquired the skills that allowed him to make twenty seven Atlantic crossings without losing a ship But we remember Champlain mainly as a great explorer On foot and by ship and canoe he traveled through what are now six Canadian provinces and five American states Over more than thirty

years he founded colonized and administered French settlements in North America Sailing frequently between France and Canada he maneuvered through court intrigue in Paris and negotiated among more than a dozen Indian nations in North America to establish New France Champlain had early support from Henri IV and later Louis XIII but the Queen Regent Marie de Medici and Cardinal Richelieu opposed his efforts Despite much resistance and many defeats Champlain by his astonishing dedication and stamina finally established France s New World colony He tried constantly to maintain peace among Indian nations that were sometimes at war with one another but when he had to he took up arms and forcefully imposed a new balance of power proving himself a formidable strategist and warrior Throughout his three decades in North America Champlain remained committed to a remarkable vision a Grand Design for France s colony He encouraged intermarriage among the French colonists and the natives and he insisted on tolerance for Protestants He was a visionary leader especially when compared to his English and Spanish contemporaries a man who dreamed of humanity and peace in a world of cruelty and violence This superb biography the first in decades is as dramatic and exciting as the life it portrays Deeply researched it is illustrated throughout with many contemporary images and maps including several drawn by Champlain himself

The Health of Nations Philip Allott,2002-10-31 The human world is changing Old social structures are being overwhelmed by forces of social transformation which are sweeping across political and cultural frontiers A social animal is becoming the social species The animal that lives in packs and herds family corporation nation state is becoming a member of a human society which is the society of all human beings the society of all societies The age old problems of social life religious philosophical moral political legal economic must now be addressed at the level of the whole species and the level where all cultures and traditions meet and will contribute to an exhilarating and hazardous new form of human self evolving In this book Philip Allott explores the social and legal implications and potentialities of these developments in the light of the general theory of society and law which is proposed in his groundbreaking Eunomia New Order for a New World

The Allure of Battle Cathal Nolan,2017-01-02 History has tended to measure war s winners and losers in terms of its major engagements battles in which the result was so clear cut that they could be considered decisive Cannae Konigsberg Austerlitz Midway Agincourt all resonate in the literature of war and in our imaginations as tide turning But these legendary battles may or may not have determined the final outcome of the wars in which they were fought Nor has the genius of the so called Great Captains from Alexander the Great to Frederick the Great and Napoleon play a major role Wars are decided in other ways Cathal J Nolan s The Allure of Battle systematically and engrossingly examines the great battles tracing what he calls short war thinking the hope that victory might be swift and wars brief As he proves persuasively however such has almost never been the case Even the major engagements have mainly contributed to victory or defeat by accelerating the erosion of the other side s defences Massive conflicts the so called people s wars beginning with Napoleon and continuing until 1945 have consisted of and been determined by prolonged stalemate and attrition industrial wars in which the

determining factor has been not military but material Nolan's masterful book places battles squarely and mercilessly within the context of the wider conflict in which they took place In the process it help corrects a distorted view of battle's role in war replacing popular images of the battles of annihilation with somber appreciation of the commitments and human sacrifices made throughout centuries of war particularly among the Great Powers Accessible provocative exhaustive and illuminating The Allure of Battle will spark fresh debate about the history and conduct of warfare

Richelieu Michel Carmona, 1983 L'homme en habit vert de bouffon qui danse la sarabande devant la Reine Anne d'Autriche vous connaissez Il s'appelle Armand Jean du Plessis de Richelieu cardinal Premier ministre de Louis XIII Roi de France et de Navarre Se souvient-il du brillant cavalier qu'il fut jeune homme avant que l'impérieux devoir de famille n'en fasse un vicaire de Luçon le plus crotté de France Il a goûté la faveur l'amertume de l'exil l'quivoque fier qu'il donne la certitude d'une intelligence hors pair Patient et impulsif persévérant dans l'adversité d'abord par l'anxiété la maladie l'ambition il forge un Etat une nation Pourquoi pour qui ce labeur immense cette volonté implacable la ténacité de Chalais puis celle de Cinq Mars les morts de La Rochelle et les pendus d'Avranches Richelieu père de la France moderne L'Histoire vraie plus passionnante qu'un roman d'un homme et de son époque Une invitation réfléchie sur l'art difficile de gouverner les Français

The Age of Wars of Religion, 1000-1650 Cathal J. Nolan, 2006-04-30 The Age of Wars of Religion saw navies armies armed merchant companies and mercenaries battle one another and local potentates in many lands and along numerous shores Wars of religion were fought in and between all the major religions and civilizations from Europe to China in Africa and in the isolated Americas mixing motives of knightly idealism mercenary greed and competing claims of divine sanction This unparalleled work traces the extraordinary upheavals of the period in military technology competing theologies and civilizational change that were brought about by or impinged upon military conflict It offers nearly 2 000 discrete but cross referenced entries on cultural military religious and political history as well as geography biography and military literature Close to 2 000 entries offer detailed information on the major events places battles figures technologies and ideas one must know to begin to make sense of the past six centuries of global conflicts Though especially ferocious and intense the Wars of Reformation and Counter Reformation fought by Europeans from the 15th through 17th centuries were hardly unique in world or military history The Byzantine Empire bastion of Christian Orthodoxy staggered to the tortuous end of its long conflict with the Ottoman Empire the Great Power of the Sunni Muslim world The Ottomans in turn were still engaged in an equally ancient intra Muslim war between Sunnis and Shi'ites In India the Hindu Rajputs and Marathas and also the Sikhs organized armies around religious communities to throw off the Muslim

Yoke Mughul Empire and also fought against Christian invaders from Europe As for the isolated Americas ideas of divine kingship sustained by powerful priesthoods and religious warfare also prevailed as exemplified by the Inca and Aztec empires

Louis XIII, the Just A. Lloyd Moote,1991-08-08 In this fascinating biography A Lloyd Moote provides the first authoritative account of one of the most enigmatic figures of seventeenth century Europe Contrary of popular portrayals of the monarch as a hapless kind Moote argues that Louis XIII was a ruler who powerfully shaped his people s destiny The Limits of Absolutism in Ancien Régime France Richard Bonney,1995 This selection of articles is organized around three broad themes the nature of the governing system in France Absolutism the political crisis of the mid 17th century the Fronde and the development of royal finance The author first considers the growth of the French state in its ideological and institutional aspects then the opposition such developments provoked much centred on the figure of Cardinal Mazarin In the last section particular attention is given to fiscal history including a comparison of mid 18th century France with the other states of Europe Professor Bonney would argue that the fiscal imperative the increased requirements posed by the costs of war and the long term consequences of fiscal growth may be seen as one of the decisive factors in the development of the modern state La connaissance du Saint-Empire en France du baroque aux Lumières 1643-1756 Guido Braun,2012-10-31 Das f derale Alte Reich gilt heute wie auch im zeitgen ssischen Frankreich in Vielem als vorbildlich Guido Braun befasst sich mit seinem Bild bei den franz sischen Staatsm nnern Diplomaten Juristen Historikern und Philosophen vom Westf lischen Friedenskongress 1643 48 bis zur diplomatischen Revolution 1756 Im Mittelpunkt steht ihr Verst ndnis seiner politischen Strukturen Methodisch betritt das Buch Neuland da bersetzungen als Geschichtsquelle herangezogen und vor dem Hintergrund einer Kulturgeschichte der Diplomatiesprachen interpretiert werden Die franz sischen bersetzungen von Reichsgrundgesetzen und Friedensvertr gen stellen Dokumente ersten Ranges zur Erforschung der Vorstellungen dar welche die Franzosen mit dem Reich verbanden und die Aufschluss ber deren Selbstbild bieten Diese Vorstellungswelten werden durch eine Analyse der zeitgen ssisch in franz sischer Sprache publizierten B cher ber das Reich noch tiefer gehend interpretiert Dabei werden auch umfangreiche archivalische Quellen sowie ausgew hlte Propaganda und Zeitschriften herangezogen M glichkeiten und Grenzen der franz sischen Deutschlandpolitik werden zu bestimmten Schl sselmomenten deutlich *Faire voir, faire croire* Hélène Duccini,2003 **Le Devoir de révolte** Arlette Jouanna,2014-04-01 Se proclamer M content c tait pour les nobles pendant le si cle troubl qui s pare les r gnes de Henri II et de Louis XIV se pr valoir d un statut quasi officiel d opposant la politique royale En l absence d institutions vraiment efficaces permettant de s exprimer l galement le recours la violence apparaissait comme un moyen normal de faire entendre sa voix les M contents qui avaient se plaindre du roi ou de ses conseillers prenaient les armes pour faire pression sur lui et alerter l opinion Ces r voltes ambigu s ont rassembl des hommes issus de cat gories sociales vari es mais leurs chefs ont t des gentilshommes parmi lesquels on comptait les plus grands noms de la noblesse Ceux ci poursuivaient un but commun par del la diversit de leurs convictions

religieuses il s'agissait pour eux de promouvoir une plus grande participation des sujets _ dont ils s'estimaient les porte-parole naturels _ au gouvernement. Leurs prises d'armes ont été un effort d'ordonnement et souvent d'espérance devant l'évolution absolutiste de la monarchie pour faire triompher une autre conception tout aussi cohérente du pouvoir et des hiérarchies sociales pour eux se révélerait un devoir. La connaissance de ces révoltes de leurs animateurs, l'examen attentif des écrits _ théoriques ou de circonstance _ publiés leur occasion est indispensable pour bien saisir la portée de l'évolution politique de l'époque classique auquel on est condamné à rien comprendre si on ne la situe pas dans la perspective des combats qui l'ont précédée. Après la Fronde se dégagera lentement une théorie politique plus ouverte sur la recherche de moyens institutionnels susceptibles d'incarner durablement l'idéal politique de la noblesse ou du moins de la partie la plus riche et la plus claire d'entre elle. Au carrefour de l'histoire politique, de l'histoire sociale et de l'histoire des idées, cette démarche apporte une contribution décisive à l'étude des relations entre pouvoir et société dans la France d'Ancien Régime.

Professeur à l'université Paul Valéry de Montpellier, Arlette Jouanna est spécialiste du XVI^e siècle en général et de la noblesse de cette période en particulier. Elle a publié en 1977 *Ordre social. Mythes et hiérarchies dans la France du XVI^e siècle*. **Morceaux choisis** Alfred de Vigny, 1914 **La Franche-Comté espagnole** François Pernot, 2003 **The Use, Abuse, and Perfection of History** Mark Kevin Jensen, 1989 Le Correspondant, 1875 *France and the Americas* Bill Marshall, 2005 From 17th century fur traders in Canada to 21st century peacekeepers in Haiti, from France's decisive role in the Revolutionary War leading to the creation of the United States to recent disagreements over Iraq, France and the Americas. Marshall charts the history of the inextricable links between France and the nations of the Americas. This comprehensive survey features an incisive introduction and a chronology of key events spanning 400 years of France's transatlantic relations.
