Storytelling Against Extremism Linda Schlegel, 2025-05-23 Counter and alternative narrative CAN campaigns have become a widely used tool in contemporary efforts to prevent and/or counter violent extremism P CVE However one element is conspicuously absent from the discourse There is little engagement with CANs as narratives and neither CAN theory nor practice are based on existing research findings on narrative persuasion processes This is a crucial gap in the current CAN approach Not situating CANs within the broader discourse on narrative persuasion and drawing from the insights narrative persuasion studies offer significantly weakens the theoretical foundation practical development storytelling quality and analysis of CAN campaigns This book addresses this research gap and transfers concepts theories and insights from narrative persuasion and storytelling research to the context of P CVE narrative campaigns The author demonstrates that the often criticized CAN approach can be improved significantly by understanding CANs as narrative persuasion campaigns and grounding them in existing research detailing how to tell entertaining and persuasive stories **The Tired Captains** Kent Curtis, 1928 New York Magazine, 1979-10-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Former Soviet Union in Transition*, 1993 The Seven Basic Plots Christopher Booker, 2004-01-01 This book at last provides a comprehensive answer to the age old riddle of whether there are only a small number of basic stories in the world Using a wealth of examples from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today it shows that there are seven archetypal themes which recur throughout every kind of storytelling But this is only the prelude to an investigation into how and why we are programmed to imagine stories in these ways and how they relate to the inmost patterns of human psychology Drawing on a vast array of examples from Proust to detective stories from the Marquis de Sade to E T Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years and why so many stories have lost the plot by losing touch with their underlying archetypal purpose BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Rags to Riches - Riches to Rags** Gordon Bromley, 1999 Six Plays for Children Aurand Harris, 2014-07-03 Six Plays for Children by Aurand Harris brings together a variety of dramatic forms that have enormously enriched the literature of children's theatre in this country and around the world These works by this
