Rick Santorum:

It Takes a Family Rick Santorum, 2023-10-03 Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum In *It Takes a Family* Conservatism and the Common Good Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism Moreover Santorum demonstrates how such an approach to political social and economic problems offers the most promise for those on the margin of life the poor the vulnerable and minorities who have often been excluded from opportunity in America Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance But what do we inherit as Americans And how can we be good stewards of that inheritance Building on Robert Putnam s discussion of social capital the habits of association and trust that are the preconditions of any decent society Santorum assesses how well in the past generation Americans have cared for the fabric of society He explores in detail various dimensions of social and cultural connection that are the foundation of the common good And he presents innovative policy proposals for the renewal of American society at all levels Throughout his book Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good With a sustained argument touching on first principles throughout this ambitious and original book is a major contribution to contemporary political debate *It Takes a Family* further establishes Santorum as the leader of reform minded civic conservatives in America

Blue Collar Conservatives Rick Santorum, 2014-04-28 Before Donald Trump successfully mobilized millions of blue collar Americans with his campaign to reclaim America Rick Santorum was trying to convince his fellow Republicans that it was time to return to the party s original values the values of blue collar conservatives In this powerful book that helped inspire President Elect Trump s winning message to voters Santorum calls out Republican establishment leaders for pandering to business owners at the expense of everyone else Republicans need to regain the trust of the hard working members of every family church and community across America whose most immediate problems are lack of jobs and opportunity No more pandering No more ignoring those left behind by globalization No more broken promises to the frustrated middle class We re entering a brand new era of conservative politics and Rick Santorum s *Blue Collar Conservatives* shows us the way forward

It Takes a Family Rick Santorum, 2006-04-30 Among politicians of national stature today there is perhaps none more respected as a principled conservative than Rick Santorum In *It Takes a Family* Conservatism and the Common Good Santorum articulates the humane vision that he believes must inform public policy if it is to be effective and just An appreciation for the civic bonds that unite a community lies at the heart of genuine conservatism Moreover Santorum demonstrates how such an approach to political social and economic problems offers the most promise for those on the margin of life the poor the vulnerable and minorities who have often been excluded from

opportunity in America Santorum argues that conservative statesmanship is animated by a sense of stewardship for an inheritance But what do we inherit as Americans And how can we be good stewards of that inheritance Building on Robert Putnam s discussion of social capital the habits of association and trust that are the preconditions of any decent society Santorum assesses how well in the past generation Americans have cared for the fabric of society He explores in detail various dimensions of social and cultural connection that are the foundation of the common good And he presents innovative policy proposals for the renewal of American society at all levels Throughout his book Santorum emphasizes the central role of the family in contradistinction to the metaphorical village of the federal government as promoted by Hillary Clinton in achieving the common good With a sustained argument touching on first principles throughout this ambitious and original book is a major contribution to contemporary political debate It Takes a Family further establishes Santorum as the leader of reform minded civic conservatives in America [Know Your Congressman: Rick Santorum](#) Deena Shanker,2012-04-28

ABOUT THE BOOK On April 10 2012 when Rick Santorum announced he was stepping out of the race to become the Republican candidate for President of the United States he answered a question many have been asking for a several months now when is this guy gonna just give up But although his bid for the presidency may have never stood a chance he was being outspent by Romney on a margin of 10 1 he made it longer and further than anyone ever predicted and played an interesting and significant role in the shaping of the coming national election The primary elections unfolded this year in an unusual pattern Though it began with a sense of inevitability that Mitt Romney Santorums multi multi multi millionaire rival would win the nomination each candidate had his or her fifteen minutes in the frontrunner position Yet with each possible Romney alternative closer inspection always revealed some deal breaking discoveries Herman Cain was alleged to be a repeat sexual harasser questions about Rick Perrys intelligence kept surfacing and Michele Bachmann continued making unsupported statements about the HPV vaccine causing mental retardation MEET THE AUTHOR Deena Shanker is a writer living in San Francisco After moving to the west coast from New York City in the fall she is loving San Fran s beautiful weather colorful architecture and never ending vegetarian food options She loves visiting the beach with her dog Barley and eating cheese also sometimes with Barley She is a graduate of the University of Pennsylvania Law School and Barnard College EXCERPT FROM THE BOOK Though to many Americans the economy is the most important challenge facing our country Santorum did not focus on it much on the campaign trail On March 19 Politico noted that on the economy Rick Santorum these days has very little to say His focus had shifted to what he called a campaign for freedom He even stated I dont care what the unemployment rates going to be My campaign doesnt hinge on unemployment rates and growth rates Its something more foundational going on Yet according to Santorums campaign website he does have an economic plan Dubbed Made In America it is based on the recognition that to have a strong national economy we must have strong families His vision for American is to restore Americas greatness through the promotion of faith family and freedom Beyond these platitudes

Santorum provides a number of specific plans including eliminating the estate tax what Republicans have named the Death Tax cutting the corporate income tax rate in half from 35% to 17.5% and getting rid of all Obama era regulations with economic impact over 100 million CHAPTER OUTLINE Guide to Your Congressman Rick Santorum Introduction The Story of Rick Santorum Rick Santorum on the Issues Rick Santorum's Voting Record and much more **A Patriot's Voice** Rick Santorum, 2015-07-25 Rick Santorum is a conservative committed to restoring the American dream for hardworking Americans The runner up for the Republican nomination for president in 2012 is running again and building grass roots support In this collection of columns from 2013 the former senator from Pennsylvania explains in his own words what he stands for and what his vision for America's future is In 2012 Rick launched Patriot Voices a community of Americans committed to promoting faith family freedom and opportunity And he has taken that message to the campaign trail where he is a voice for the voiceless A fierce defender of the unborn Rick believes that strong families help produce a strong economy He believes that renewing our country's manufacturing spirit would strengthen working families and help our struggling communities return to a path of prosperity during these tough economic times We must not be the party of plutocrats country clubbers and corporate interests Rick writes We must focus on ways to deliver our vision for hope and opportunity for working Americans Rick Santorum Rick Santorum, 2005-06 Addresses from the floor of the United States Senate

Report of the Secretary of the Senate from April 1, 1998, to September 30, 1998 United States. Congress. Senate, 1998 *Report of the Secretary of the Senate from ...* United States. Congress. Senate, 1995-04 1,001 Ways the Republican Party is Screwing the Middle Class Protecting Democracy from Republicans (PDR), 2012-08-01 Whether you're a hardcore left winger or are still feeling the sting from the Bush Administration 1,001 Ways the Republican Party is Screwing the Middle Class is a no holds barred book that lays down the truths as to why the majority is being shafted by the minority in this country Every day it becomes harder for someone in the middle class to live comfortably With raised taxes a hurt economy and jobs getting harder and harder to find our government should be taking it easy on us But with the pathetic tax cuts for the rich it's obvious that the Republicans only care for themselves They're consistently ignoring the hard working people of this country that keep it running and only care to help the power elite 1,001 Ways the Republican Party is Screwing the Middle Class is required reading for everyone who struggles to break even while these millionaires count their cash

The Dark Side Young Park, 2012 The history of the United States is the history of people who migrated to America from all parts of the world As a result American society is composed of many unique cultures and races Unfortunately the uniqueness of these cultures is one of the underlying causes of tension and conflict in America resulting in racism religious intolerance and class warfare In spite of this the multi racial nature of American society is an integral part of America's strength as a nation Thousands of immigrants from unique cultures who speak totally different languages came to find a better life in America But they were never accepted by the dominate white Christians The immigrants had to fight for the

right to be in America Racism race riots and genocide are integral parts of the lives of immigrants The racial complexion of America is changing in the twenty first century In a short time the non white population will be the majority Social economic and political changes are already taking place Unfortunately the dominate power holders and white middle classes have not adjusted to these changes The unique system of government and economics developed over the years has reached a point that many believe will end the American Empire There is a certain bias in this presentation and criticism is aimed at the extreme beliefs and actions of a large segment of Americans particularly white Christians They have been the dominant political social and economic forces in the country Any assessment of the American system becomes a criticism of that segment of Americans Their beliefs and actions represent the Dark Side of America **Scalping Jackals** Rob Rimes,2014 Rob Rimes largest work yet Scalping Jackals covers the day to day developments of the 2012 presidential election cycle from the earliest moments of the Republican primary debates all the way through to the final result of the showdown between President Barack Obama and Republican nominee Mitt Romney Deconstructing every event in this 18 month political journey from the point of view of an often times inebriated Ron Paul supporter Rimes offers up the same hardcore commentary and insight he has been best known for in his previous books as well as on his former blog TheSwash.com A year and a half in the making and several thousand shots of bourbon later Rob Rimes leaves you with his magnum opus the story of a man going from trying to tame and overcome the failed political process to loathing it to the point of anarchistic disdain Don t say that you haven t been warned this isn t for the faint of heart or the overly sensitive and easily offended Anti-Catholicism in America, 1620-1860 Maura Jane Farrelly,2018 Farrelly uses America s early history of anti Catholicism to reveal contemporary American understandings of freedom government God the individual and the community **American Savage** Dan Savage,2014-05-27 The sex advice columnist for Savage Love draws on his experience with the It Gets Better campaign to share pithy insights into a range of topics including health care gun control and marriage equality **Dear Editor** ,2015-02-17 Progressive opinionated published and unpublished letters to editors free to be copied and or modified and re published Gun control politics religion LGBT War on Women torture Islam terrorism 9 11 healthcare Planned Parenthood taxation job creation human rights circumcision supreme court secularism US secular Constitution Social security patriotism Obamacare presidential qualifications Pat Tillman assassination has GOP any future **The McSweeney's Book of Politics and Musicals** McSweeney's,2012-06-26 Ever since John Hancock broke into song after signing the Declaration of Independence American politics and musicals have been inextricably linked From Alexander Hamilton s jazz hands to Chester A Arthur s oboe operas to Newt Gingrich s off Broadway sexscapade You Me and My Moon Colony Mistress Makes Three government and musical theater have joined forces to document our nation s long history of freedom partisanship and dancers on roller skates pretending to be choo choo trains To celebrate this grand union of entrenched bureaucracy and song the patriots at McSweeney s Internet Tendency The Iowa Caucus of humor websites offer

understand our differences and to suggest a way that we can reach a consensus on education reform Ringmaster
Abraham Josephine Riesman,2024-04-16 Even if you ve never watched a minute of professional wrestling you are living in Vince McMahon s world In his four decades as the defining figure of American pro wrestling McMahon was the man behind Dwayne The Rock Johnson Stone Cold Steve Austin John Cena Dave Bautista Bret The Hitman Hart and Hulk Hogan to name just a few of the mega stars who owe him their careers For more than twenty five years he has also been a performer in his own show acting as the diabolical Mr McMahon a figure who may have more in common with the real Vince than he would care to admit Just as importantly McMahon is one of Donald Trump s closest friends and Trump s experiences as a performer in McMahon s programming were in many ways a dress rehearsal for the 45th President s campaigns and presidency McMahon and his wife Linda are major Republican donors Linda was in Trump s cabinet McMahon makes deals with the Saudi government worth hundreds of millions of dollars And for generations of people who have watched wrestling he has been a defining cultural force Accessible to anyone regardless of wrestling knowledge Ringmaster is an unauthorized independent investigative chronicle of Vince McMahon s origins and rise to supreme power It is built on exclusive interviews with more than 150 people from McMahon s childhood friends to those who accuse him of destroying their lives Far more than just an athletics or entertainment biography Ringmaster uses Vince s story as a new lens for understanding the contemporary American apocalypse Author s website *Politics on a Human Scale* Jeff Taylor,2013-09-27 Featuring a foreword by Congressman Glen Browder Politics on a Human Scale examines political decentralization in the United States from the founding of the republic to the present Part of the desirable equilibrium is a sense of proportionality Some sizes some amounts some levels are more appropriate than others Decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale Power distribution should be as wide as possible Government functions should be as close to the people as practicable In this way individual human beings are not swallowed by a monstrous Leviathan Persons are not at the mercy of an impersonal bureaucracy led by the far away few Decentralism gives us politics on a human scale It gives us more democracy within the framework of a republic The longest chapters in the book deal with crucial turning points in U S history specifically when decentralists lost the upper hand in the two major political parties Decentralism in our nation runs deep both intellectually and historically It also has considerable popular support Yet today it is a virtual political orphan In Washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves Still there are dissident politicians and political movements that remain committed to the decentralist principle Power needs to be held in check partly through decentralization because power holds a great and dangerous attraction for humans Recognition of this human tendency is the first step in guarding against it and getting back on a better path
