Ride The Wind Jennie Dodd, 2023-02-03 Set in Western Australia this tale of jealousy and revenge sees teenage sisters embark on a perilous ride through the outback They must rely on the courage and devotion of their horses Star a black Arabian and Galaxy a white Andalusian stallion to save them A magic kingdom secretly existing deep in the bush harbours a bitter love triangle The wicked fairy Alba will use all her dark arts to rid herself of her rival and the girls and their horses will be caught up in the crossfire Only by seeking the help of an ancient Koori shaman can they hope to survive The plot is exciting and contains almost every element any young girl would love including fairies horses animals of every description as well as magic romance and adventure in a world where girls are the ones who make the difference rather than ubiquitous boy heroes The stories are a mix of reality and pure imagination drawing on aboriginal mythology and traditional storytelling They combine magical fantasy and adventure with historic evidence and theories based on modern day fact and up to date research In addition factual details regarding the natural flora and fauna of this beautiful part of the world make this a truly educational exciting and immersive read Ride the Wind Laughing Kit Cain, 2006-05 Ride The Wind Laughing is about building a 51 foot sailboat almost single handedly in the back yard with virtually no money at least it started out that way It's about the mystical nature of the Laws of Manifestation about how dreams and distant possibilities come into existence on Planet Earth Over a period of four and a half years a series of events unfolded that were far more interesting than the long hours of hard physical labor or the recounting of boring and repetitive tasks essential to any physical construction project Working with the wonderful people of rural Nova Scotia its fishing villages and small local businesses proved as interesting as the magical unfolding of events making it impossible to deny that life itself is controlled by some great invisible hand which has a vested interest in seeing Its creations completed and Its dreams fulfilled At the age of 44 I had come to a second major crossroad in my life The first occurred when I left behind the world of corporate business at age 35 The next 9 years

were years of spiritual and religious training and the study in detail of as many aspects of esoteric thinking as I intuitively felt led to greater and greater things I finally came to the point where my questions all ceased I had sound mental concepts and could talk the talk but I had not yet walked the walk to the journey's end Of what value was all this information knowledge and perspective I had so diligently obtained if it could not be practically applied Ride the Wind Laughing is also a story about riding the winds of life with equanimity and contentedness despite the hardships of daily life It's about perspective about looking down on life much as would the student pilot on his very first flight Once the view from above is attained there's no going back to being landlocked again Like the wind this is a story you can feel May it expand your perspective as it did mine
