dom and Dean's egotistical eccentricity. Yet he coaxed performances out of them that made cinematic history, winning Stevens the Academy Award for Best Director and garnering nine other nominations, including a nomination for Best Actor for James Dean who died before the film was finished. In this compelling and impeccably researched narrative history of the making of the film, Don Graham chronicles the stories of Stevens, whose trauma in World War II intensified his ambition to make films that would tell the story of America. Edna Ferber, a considerable literary celebrity who meets her match in the imposing Robert Kleberg, proprietor of the vast King Ranch, and Glenn McCarthy, an American oil tycoon, and Errol Flynn lookalike with a taste for Hollywood. Drawing on archival sources, Graham's *Giant* is a comprehensive depiction of the film's production, showing readers how reality became fiction and fiction became cinema. *Howard Hawks* Todd

McCarthy, 2007-12-01 The first major biography of one of Old Hollywood's greatest directors. Sometime partner of the eccentric Howard Hughes, drinking buddy of William Faulkner and Ernest Hemingway, an inveterate gambler and a notorious liar, Howard Hawks was the most modern of the great masters and one of the first directors to declare his independence from the major studios. He played Svengali to Lauren Bacall, Montgomery Clift, and others, but Hawks's greatest creation may have been himself. As *The Atlantic Monthly* noted, Todd McCarthy has gone further than anyone else in sorting out the truths and lies of the life, the skills, and the insight and the self-deceptions of the work. A fluent biography of the great director, a frequently rotten guy but one whose artistic independence and standards of film morality never failed. *The New York Times Book Review*. Hawks's life, until now rather an enigma, has been put into focus and made one with his art. In Todd McCarthy's wise and funny *Howard Hawks*, *The Wall Street Journal* Excellent. A respectful, exhaustive, and appropriately smartass look at Hollywood's most versatile director. *Newsweek*. *Gay & Lesbian Biography* Michael J. Tyrkus, 1997 Profiles the

achievements of prominent and noteworthy gay and lesbian actors. **Sidney Poitier** Aram Goudsouzian, 2011-01-20 In the first full biography of actor Sidney Poitier, Aram Goudsouzian analyzes the life and career of a Hollywood legend from his childhood in the Bahamas to his 2002 Oscar for lifetime achievement. Poitier is a gifted actor, a great American success story, an intriguing personality, and a political symbol; his life and career illuminate America's racial history. In such films as *Lilies of the Field*, *In the Heat of the Night*, and *Guess Who's Coming to Dinner*, Poitier's middle-class, mannered, virtuous screen persona contradicted prevailing film stereotypes of blacks as half-wits, comic servants, or oversexed threats. His screen image and public support of nonviolent integration assuaged the fears of a broad political center, and by 1968 Poitier was voted America's favorite movie star. Through careful readings of every Poitier film, Goudsouzian shows that Poitier's characters often made sacrifices for the good of whites and rarely displayed sexuality. As the only black leading man during the civil rights era, Poitier chose roles and public positions that negotiated the struggle for dignity. By 1970, times had changed, and Poitier was the target of a backlash from film critics and black radicals, as the new heroes of blaxploitation movies reversed the Poitier model. In the 1970s, Poitier shifted his considerable talents toward directing, starring in, and producing popular movies that

employed many African Americans both on and off screen After a long hiatus he returned to starring roles in the late 1980s More recently the film industry has reappraised his career and Poitier has received numerous honors recognizing his multifaceted work for black equality in Hollywood As this biography affirms Poitier remains one of American popular culture's foremost symbols of the possibilities for and limits of racial equality *AIDS Narratives* Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it **The Biography Book** Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals **Bulletin of Bibliography**, 1996 Andrew V.
