Rocking The Cradle:

The Memory of Tiresias Mikhail Iampolski,1998-10-26 The concept of intertextuality has proven of inestimable value in recent attempts to understand the nature of literature and its relation to other systems of cultural meaning In *The Memory of Tiresias* Mikhail Iampolski presents the first sustained attempt to develop a theory of cinematic intertextuality Building on the insights of semiotics and contemporary film theory Iampolski defines cinema as a chain of transparent mimetic fragments intermixed with quotations he calls textual anomalies These challenge the normalization of meaning and seek to open reading out onto the unlimited field of cultural history which is understood in texts as a semiotically active extract already inscribed Quotations obstruct mimesis and are consequently transformed in the process of semiosis an operation that Iampolski defines as reading in an aura of enigma In a series of brilliant analyses of films by D W Griffith Sergei Eisenstein and Luis Buñuel he presents different strategies of intertextual reading in their work His book suggests the continuing centrality of semiotic analysis and is certain to interest film historians and theorists as well as readers in cultural and literary studies

Leaving the Mother Beth Jensen,2002 *Leaving the Mother* develops a striking parallel between Whitman's poetry and Kristeva's theory with close readings of poems published from 1855 to 1881 At the root of the analysis is the metaphor of the ocean

D.W. Griffith's Intolerance William M. Drew,2025-02-28 A critical study of the background of D W Griffith's film masterpiece the 1916 epic *Intolerance* The most expensive 2 000 000 film made prior to 1920 *Intolerance* was critically acclaimed and is now considered a classic The book traces the artistic and political influences that shaped the director's vision discusses the influences of the Progressive movement and connects the film to the social and political climate of the early 20th century *Official Gazette of the United States Patent Office* ,1897 **Specifications and Drawings of Patents Issued from the United States Patent Office** United States. Patent Office,1911 **Whitman East and West** Ed Folsom,2002 In *Whitman East and West* fifteen prominent scholars track the surprising ways in which Whitman's poetry and prose continue to be meaningful at the beginning of the twenty first century Covering a broad range of issues from ecology to children's literature gay identity to China's May 4th Movement nineteenth century New York politics to the emerging field of normality studies Mao Zedong to American film each original essay opens a previously unexplored field of study and each yields new insights by demonstrating how emerging methodologies and approaches intersect with and illuminate Whitman's ideas about democracy sexuality America and the importance of literature Confirming the growing international spirit of American studies the essays in *Whitman East and West* developed out of a landmark conference in Beijing the first major

conference in China to focus on an American poet Scholars from Asia Europe and North America set out to track the ways in which Whitman s poetry has become part of China s cultural landscape as well as the literary landscapes of other countries By describing his assimilation into other cultures and his resulting transformation into a hybrid poet these essayists celebrate Whitman s multiple manifestations in other languages and contexts
