Rogets International Thesaurus:

Roget's Thesaurus, 6th Edition Barbara Ann Kipfer, 2007-05-29 An abridged edition of the world's bestselling original thesaurus. This completely revised and updated edition contains over 230 000 words, nearly three thousand of which are newly added. The revolutionary achievement of Dr. Roget was his development of a brand new principle: the grouping of words according to ideas. If the user cannot find something in a reference book, it is often because of the restriction of searching alphabetically by known headwords. Dr. Roget's thesaurus reversed the access to allow the user to find a word from another word, a concept, or an idea. This ultimate reference tool, the best-selling thesaurus ever in all its editions, contains over 230 000 words and phrases, nearly 3000 of which are new to this edition, grouped into 1072 numbered categories. Within each category, you'll find all the parts of speech, frequent cross-references, commonly used words singled out in boldface, and much more. If you're a writer who needs help organizing a thought or mastering the nuance of expression, the International Thesaurus remains the first source to turn to. **ROGET'S INTERNATIONAL THESAURUS.** Peter Mark Roget, 1962

Roget's International Thesaurus, 6th Edition Barbara Ann Kipfer, 2001-11-13 A classic reference book that has been used by millions all over the world. Roget's International Thesaurus is the product of more than a century and a half of continuous expansion, reorganization, and improvement. Today, this book is not only the most time-tested and bestselling thesaurus ever, but newly revised, it is also the most up-to-date and comprehensive reflection of the English language as it is currently used. The revolutionary achievement of Dr. Peter Mark Roget's first edition in 1852 was the development of a brand new principle: the arrangement of words and phrases according to their meanings. Dr. Roget's system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A to Z entries. This brilliant organization makes Roget's International Thesaurus both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated sixth edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. At the same time, it retains all of the hallmarks that have made Roget's International Thesaurus an enduring classic. More than 330 000 words and phrases are organized into 1 075 categories. A pinpoint reference system that directs the user quickly from a comprehensive index to the numbered category of the right word. Thousands of cross-references throughout lead to other helpful categories. Hundreds of supplemental word lists that supply the names of things which have no synonyms: measurements, wines, weapons, animals, state mottoes, and more, as well as hundreds of quotations that amplify the meanings of selected words. Generations of students, writers, editors, and speakers have made Roget's the most popular word reference book next to the dictionary. Continuing a legacy that dates back more than 150 years, Roget's International Thesaurus is an indispensable work for everyone who wants to use the English
