Rogue Of Publishers Row

Edward Uhlan

Rogue Of Publishers Row:

The Rogue of Publishers' Row Edward Uhlan,1975 **The Rogue of Publisher's Row** Edward Uhlan,1956 *The Rogue of Publishers' Row* Edward Uhlan,1978 **"Good-bye, Notre Dame"** John H. Morgan,1998 This book is a rather personal history of an academic publishing house I chose to call Three Acorns Press in the narrative I did this to protect nearly 500 authors and the publishing house itself Not that what I had to say was scandalous or problematic but rather I wanted to keep personalities out of this story It is not an autobiographical study of the author per se and it is hopefully not the end of the publishing house which has over one hundred and twenty five titles in print My personal history is somewhat more complicated and the story of this publishing house has not yet ended The following is however my own recollections of how I began this publishing house and how and why it has grown to be a house of reputation the winner of the American Library Association Academic Book of the Year award and cited three times by the Ford Foundation and the National Research Council as a leader in the field I did not set out from school to be a publisher Though I have always been a lover of books I never dreamed of actually publishing them But a publisher is what I am and this is my story of how it all came about

The Publishers Weekly ,1911 *Impermanent Blackness* Korey Garibaldi,2025-02-04 Revisiting an almost forgotten American interracial literary culture that advanced racial pluralism in the decades before the 1960s In *Impermanent Blackness* Korey Garibaldi explores interracial collaborations in American commercial publishing authors agents and publishers who forged partnerships across racial lines from the 1910s to the 1960s Garibaldi shows how aspiring and established Black authors and editors worked closely with white interlocutors to achieve publishing success often challenging stereotypes and advancing racial pluralism in the process *Impermanent Blackness* explores the complex nature of this almost forgotten period of interracial publishing by examining key developments including the mainstream success of African American authors in the 1930s and 1940s the emergence of multiracial children s literature postwar tensions between supporters of racial cosmopolitanism and of Negro literature and the impact of the Civil Rights and Black Power movements on the legacy of interracial literary culture By the end of the 1960s some literary figures once celebrated for pushing the boundaries of what Black writing could be including the anthologist W S Braithwaite the bestselling novelist Frank Yerby the memoirist Juanita Harrison and others were forgotten or criticized as too white And yet Garibaldi argues these figures at once dreamers and pragmatists have much to teach us about building an inclusive society Revisiting their work from a contemporary perspective Garibaldi breaks new ground in the cultural history of race in the United States Shakespeare and Civil Unrest in Britain and the United States Mark Bayer,Joseph Navitsky,2021-08-01 *Shakespeare and Civil Unrest in Britain and the United States* extends the growing body of scholarship on Shakespeare s appropriation by examining how the plays have been invoked during periods of extreme social political and racial turmoil How do the ways that Shakespeare is adapted studied and discussed during periods of civil conflict differ from wars between nations And how have these conflicts

in turn affected how Shakespeare has been understood in these two countries that more than any others continue to be deeply shaped by Shakespeare's complex enduring and multivalent legacy The essays in this volume collectively disclose a fascinating genealogy of how Shakespeare became a dynamic presence in factional discourse and explore the war of words that has accompanied civil wars and other instances of domestic disturbance Whether as part of violent confrontations mutinies rebellions or within the universal struggle for civil rights Shakespeare's repeated appearance during such turbulent moments is more than mere historical coincidence Rather its inflections on the contested meanings of citizenship community and political legitimacy demonstrate the generative influence of the plays on our understanding of internecine strife in both countries

Beyond Velikovsky Henry H. Bauer, 1999 Since the appearance in 1950 of *Worlds in Collision* Immanuel Velikovsky's radical theories of planetary physics have been the center of controversy This book presents an analysis of the Velikovsky affair resolves the misunderstandings and arguments between opposing camps and leads us to an understanding of the scientific process itself

Memoir Ben Yagoda, 2009-11-12 From a critically acclaimed cultural and literary critic a definitive history and analysis of the memoir From Saint Augustine's *Confessions* to Augusten Burroughs's *Running with Scissors* from Julius Caesar to Ulysses Grant from Mark Twain to David Sedaris the art of memoir has had a fascinating life and deserves its own biography Cultural and literary critic Ben Yagoda traces the memoir from its birth in early Christian writings and Roman generals' journals all the way up to the banner year of 2007 which saw memoirs from and about dogs rock stars bad dads good dads alternadads waitresses George Foreman Iranian women and a slew of other illustrious persons and animals In a time when memoir seems ubiquitous and is still highly controversial Yagoda tackles the autobiography and memoir in all its forms and iterations He discusses the fraudulent memoir and provides many examples from the past and addresses the ramifications and consequences of these books Spanning decades and nations styles and subjects he analyzes the hallmark memoirs of the Western tradition Rousseau Ben Franklin Henry Adams Gertrude Stein Edward Gibbon among others Yagoda also describes historical trends such as Native American captive memoirs slave narratives courtier dramas where one had to pay to NOT be included in a courtesan's memoir Throughout the idea of memory and truth how we remember and how well we remember lives is intimately explored Yagoda's elegant examination of memoir is at once a history of literature and taste and an absorbing glimpse into what humans find interesting one another

The Killing Star Charles Pellegrino, George Zebrowski, 2024-01-23 A near future thriller of a devastating alien invasion from the paleontologist who inspired *Jurassic Park* and the award winning science fiction author There were always those who disagreed with broadcasting signals into the deepest reaches of outer space because our mere existence could be taken as a threat They were right to be concerned In the spring of 2076 just days short of America's tricentennial celebrations every inhabited surface in the solar system gets wiped out by a catastrophic storm of relativistic bombs flaming swords that pierced the sky The only two survivors left on Earth exist in a submersible that had been exploring the Titanic's final resting place on the

bottom of the North Atlantic In space only the settlers in small asteroid based colonies have gone unnoticed by the aliens for now But any sign of life any call for help might bring the Intruders straight to them These far flung survivors are now on their own stalked by a ruthless faceless enemy straight out of the nightmares of humanity s greatest minds those lone voices whose warnings went ignored A novel of such conceptual ferocity and scientific plausibility that it amounts to a reinvention of that old Wellsian staple alien invasion The New York Times Book Review Relentless The ultimate disaster novel A thought experiment and warning The Denver Post A whirlwind of ideas full of action and danger Pellegrino and Zebrowski are working territory not too far removed from Arthur C Clarke s and anywhere Clarke is popular this book should be too
