Anthropologica ,2003 *Anthropologica* ,2003 Anthropologica ,2003 *Anthropologica* ,2003 *Anthropologica* ,2003 Anthropologica ,2003 , *La pathologie du pouvoir: vices, crimes et délits des gouvernants* Patrick Gilli,2016-02-02 La singularité de la criminalité des gouvernants ou de leurs actes peccamineux réside dans la rareté des condamnations qu'ils ont subies. En examinant sur la longue durée les formes de dénonciation de ces délits des hommes de pouvoir, le livre essaie de comprendre les raisons qui aboutissent à la rupture du consensus et la remise en cause de l'acceptation sociale des traditions jusqu'alors tolérées : corruption, extorsion, abus, etc. en tout genre. Les différentes contributions examinent les conditions de ces condamnations morales et politiques et dessinent un tableau nuancé de ces pathologies du pouvoir qui loin d'être invariables dans le temps sont articulées aux paradigmes moraux de chaque société historique. Les contributeurs sont : Nathalie Barrandon, Anne Catherine Baudoin, Franck Collard, Kathleen Crowther, Angela De Benedictis, Silvia Di Paolo, Julien Dubouloz, Patrick Gilli, Cedric Giraud, Thomas Granier, Laurent Guitton, Charles Guerin, Corinne Manchio, Nancy McLoughlin, Hélène Marnard, Richard Newhauser, Flocel Sabat, Armand Strubel, Julien Thierry et Silvana Vecchio. English: What is singular about the criminality of rulers or their sinful acts is how rarely they are convicted. Through a long-term study of the forms of denunciation of crimes committed by those who hold power, this book tries to understand the reasons that lead to breaking the consensus and calling into question the social acceptance of traditions which had hitherto been tolerated: corruption, extortion, different types of abuse. The various contributions investigate the moral and political conditions of these convictions and give a well-balanced account of these pathologies of power far from being invariable over time: they are consistent with the moral paradigms of each society in history. *Les périples de Kalila et Dimna: Quand les fables voyagent dans la littérature et les arts du monde islamique* Eloïse Brac de la Perrière, Aïda El Khiari, Annie Vernay-Nouri, 2022-01-31 Kalila wa Dimna is one of the best known texts of medieval Arabic literature and counts among the most illustrated works in the Islamic world. The extent of the corpus and its journey through the ages make it the ideal material for a reflection on the evolution of iconography in Islamic art. The studies gathered in this volume, edited by Eloïse Brac de la Perrière, Aïda El Khiari and Annie Vernay-Nouri, showcase a wide diversity of approaches that convincingly crosses textual investigation, codicology, iconographical study and physico-chemical analyses. They explore new tracks either by devoting themselves to the examination of unknown or rarely studied manuscripts or by proposing innovative readings of this extremely rich work that is Kalila wa Dimna. Kalila wa Dimna est l'un des textes les plus célèbres de la littérature arabe médiévale et compte parmi les œuvres les plus illustrées du monde islamique. L'étendue du corpus et son parcours travers les siècles en font un extraordinaire matériau pour mener une réflexion sur l'image dans l'histoire des arts islamiques. Les études rassemblées dans ce volume, dirigées par Eloïse Brac de la Perrière, Aïda El Khiari et Annie Vernay-Nouri, mettent en œuvre une grande diversité d'approches croisant investigation textuelle, codicologique, iconographique et analyses physico-chimiques. Elles explorent toutes des pistes
