Pastoral Leadership Won Sang Lee, 2015-01-14 In ascending to heaven Jesus Christ gave the church the Great Commission to expand the gospel to all nations Despite this biblical commission it is still an unfinished task As leaders of

local churches pastors play a crucial part in this endeavor Pastoral leadership principles have varied widely throughout history yet it is interesting to discover the similarities between pastoral leadership principles practiced by John Chrysostom AD 347 407 in Antioch and Constantinople and Won Sang Lee 1937 in Washington DC Despite ministering 1600 years apart both pastors share the same core values care for people Christ like character biblical preaching and world missions This suggests that continued emphasis on these principles will play a significant role in fulfilling the Great Commission independent of time and place

SHEPHERDING GOD'S FLOCK David A Swincer,2017-08-01 The traditional pastoral role has changed over the last decades largely due to the growth of mega churches The senior pastor has tended to become more an executive leader with an emphasis on public preaching as the figurehead of a large organisation The traditional pastoral role has been superseded in large part in these situations with much of the regular pastoral role being performed by a range of associate pastors elders with a primary function as pastors with little if any preaching component In the past many churches did not have any pastoral assistance and often the pastor was assisted by deacons performing de facto pastoral roles whilst also performing the normal administrative functions usually ascribed to deacons This has meant that often the expectancy of performing this de facto pastoral role has led to a more selective process for choosing deacons often precluding some well equipped and gifted men from a serving ministry because they did not simultaneously qualify as elders We look at the pastoral role generally but with a view to multiplying this role in order to meet the needs of growing congregations through the introduction of elders Some practical considerations are given for the transition to introduce these changes Alongside this what is the function of women in leadership ministries of the church

Ecclesial Leadership as Friendship Chloe Lynch,2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation

with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

The Ministry, Vol. 03, No. 08 Various Authors, 2017-11-03 In this issue of The Ministry Brother Lee speaks about some of the practical steps in implementing the new way particularly in relation to the gospelization of Taiwan This is an unprecedented task and a glorious enterprise For a purpose like this there is the need of a schedule and a plan As long as we are human beings we need schedules and budgets In the Gospels and Acts we find that both the Lord and the disciples worked with plans and arrangements In His move on the earth the Lord had not only a schedule but also an itinerary according to which He carried out His New Testament service and fulfilled the Old Testament prophecies Our plan is to visit the communities and campuses and build up the home meetings through prayer the full time service of one out of twenty saints and the financial support from the remaining nineteen The next three messages conclude the Crystallization study of the Epistle to the Hebrews given in the winter training of 1998 Message Twenty two focuses on the crystals concerning the church in the book of Hebrews which include the church as the living composition of the many sons of God a corporate partnership with Christ the house of God the Sabbath rest the new covenant and the heavenly New Jerusalem the unshakable kingdom and God's flock Message Twenty three stresses the crucial matter of the Christian life being a race we must run this race to receive the prize the incorruptible crown which the Lord will award to His overcoming saints who win the race Message Twenty four shows us that the goal and ultimate conclusion of the book of Hebrews is that we would enter within the veil and go outside the camp The more we are in our spirit enjoying the heavenly Christ the more we will come outside the camp of religion following the suffering Jesus In the last section we include a report from Armenia and Slovakia

underlying view on leadership and give insight into how leadership is influenced by our metaphorical view of the world. However, little work has been done on describing the influence of cultural perspectives in metaphors used in the area of leadership and organisations. How can we bring to the surface the hidden metaphors that shape our thinking subconsciously? How can we utilise old metaphors of leadership in a new and globalised world? This volume documents the central results of an interdisciplinary conference on metaphors and leadership in which scientists from Africa, Asia, Europe and North America took part.
