writing can through the perspective of lived experiences imagined futures and personal struggles Tyranny Lessons also features the photography of Danny Lyon the first photographer of the Student Non violent Coordinating Committee whose work documented the Civil Rights movement in the 1960s **Poetic Culture** Christopher Beach,1999 In Poetic Culture Christopher Beach questions the cultural significance of poetry both as a canonical system and as a contemporary practice By analyzing issues such as poetry s loss of audience the anthology wars of the 1950s and early 1960s the academic and institutional orientation of current poetry the poetry slam scene and the efforts to use television as a medium for presenting poetry to a wider audience Beach presents a sociocultural framework that is fundamental to an understanding of the poetic medium While calling for new critical methods that allow us to examine poetry beyond the limits of the accepted contemporary canon and beyond the terms in which canonical poetry is generally discussed and evaluated Beach also makes a compelling case for poetry and its continued vitality both as an aesthetic form and as a site for the creation of community and value *Swedish Women's Writing 1850-1995* Helena Forsas-Scott,2000-12-01 Provides a survey of women s writing in Sweden from the beginnings of the struggle for emancipation in the 1850s to the present day These writers are seen within the political cultural and economic context of women s lives Modern critical currents are also assessed and Swedish feminist criticism is considered alongside the French and American traditions
