Lugard in Hong Kong Bernard Mellor, 1992-08-01 Sir Frederick Lugard ranks as one of Britain most distinguished colonial administrators although he remains a controversial figure During his five years as Governor of Hong Kong a brief spell in the middle of a long and dramatic career in Africa Lugard found in educational reform the scope he needed to make a lasting impression and give play to his imperialist theories and instincts The University of Hong Kong owes its existence to the initiative and tenacity of Lugard His purpose in founding the University was to produce a new highly educated middle class trained in Western technology and the English language a vanguard of increased British influence in the east This book paints a very human picture of Lugard as a working governor in the relative stability of Hong Kong against a backdrop of the Chinese empire being torn apart by revolution

The University of Hong Kong Bernard Mellor, 1981-03-01 The University of Hong Kong is one of Hong Kong s largest single community enterprises First incorporated as a self governing body of scholars by the University Ordinance of 1911 its first faculties were formed from the Hong Kong College of Medicine founded in 1887 The growth and development of the University to its present internationally recognized status is a continuing process but the Council of the University has commissioned the writing and publication of this informal account as a sort of Festschrift for the first seventy years of its existence After these years of vicissitude including a complete break in its formal existence during the six years of 1942-47 it has emerged as one of the most influential single forces in the long process of creating an intellectual and cultural identity for the territory of Hong Kong
