architectural heritage that was fast disappearing with the economic boom of World War II and the postwar years The Early Architecture of Western Pennsylvania is also a work of precision beauty and integrity The drawings ignore alterations made after 1960 and show the buildings in their original condition giving special attention to details such as window sashes shutters cornices and roofs The floor plan of each structure is included and line drawings display the profiles of moldings and ornamentation Signature stones and hardware convey the quality of the early craftsmen's work In all cases stone joining has been faithfully drawn joint for joint to record the charm of old wall patterns This new edition makes a landmark book available to a new generation of readers one especially aware of the importance of architectural preservation and guarding the history of the Western Pennsylvania region *Wright on Exhibit* Kathryn Smith, 2022-07-12 The first history of Frank Lloyd Wright's exhibitions of his own work a practice central to his career More than one hundred exhibitions of Frank Lloyd Wright's work were mounted between 1894 and his death in 1959 Wright organized the majority of these exhibitions himself and viewed them as crucial to his self presentation as his extensive writings He used them to promote his designs appeal to new viewers and persuade his detractors Wright on Exhibit presents the first history of this neglected aspect of the architect's influential career Drawing extensively from Wright's unpublished correspondence Kathryn Smith challenges the preconceived notion of Wright as a self promoter who displayed his work in search of money clients and fame She shows how he was an artist architect projecting an avant garde program an innovator who expanded the palette of installation design as technology evolved and a social activist driven to revolutionize society through design While Wright's earliest exhibitions were largely for other architects by the 1930s he was creating public installations intended to inspire debate and change public perceptions about architecture The nature of his exhibitions expanded with the times beyond models drawings and photographs to include more immersive tools such as slides film and even a full scale structure built especially for his 1953 retrospective at the Guggenheim Museum Placing Wright's exhibitions side by side with his writings Smith shows how integral these exhibitions were to his vision and sheds light on the broader discourse concerning architecture and modernism during the first half of the twentieth century Wright on Exhibit features color renderings photos and plans as well as a checklist of exhibitions and an illustrated catalog of extant and lost models made under Wright's supervision **Annual Reports** Carnegie Institute, 1983 Includes report of the director of fine arts of the director of the Museum and of the director of the Technical schools *Mina Loy, Twentieth-Century Photography, and Contemporary Women Poets* Linda A.
