Lukeacts Thirty Years Of Confrontation:

Luke-Acts Ernest Pennells, 2003 This study breaks fresh ground for understanding Luke Acts with a series of propositions Luke s literary architecture reflects the style of rabbinic debate frequently visible in the Gospels Luke s birth narratives are a tour de force of bellicose nationalism that is countered rabbinic style by a portrayal of Jesus crucified and risen as God s Anointed John the Baptist was a priest who renounced his birthright because Yahweh had abandoned the Temple The mission of seventy was an overt political challenge to the Sanhedrin numbering seventy which is given shape by dominical discourses en route to Jerusalem Zacchaeus represents a festering cause c l bre His acceptance demonstrate that Jesus was not challenging Rome Jerusalem s temple becomes a focal point for controversy in Acts which is why Luke s Gospel starts and ends in that setting Stephen s diatribe against the leaders of Israel and their temple is the centrepiece of Acts Luke Acts argues that neither Jesus of Nazareth nor Saul of Tarsus challenged Rome The principal antagonists of John Jesus the disciples Stephen and Paul were corrupt leaders of Israel This innovative exposition of Luke s narrative is written for non specialists but draws heavily upon scholarly literature It challenges customary exegesis and questions the anti imperialist agenda which flavours many political readings of the Gospels because that diverts attention away from the root cause of oppression clearly identified by Jesus of Nazareth in Luke s Gospel as the same economic blight that remains a primary barrier to poverty alleviation in the modern world Acts (Baker Exegetical Commentary on the New Testament) Darrell L. passages and motifs from Acts to the congregation and world today It also is useful in classes that seek to link text and sermon and for congregational Bible study Throughout his commentary Ron Allen examines the relationship of Acts to the Gospel of Luke discussing parallel passages between the two volumes and observing how themes in the Gospel carry forward into Acts He notes how particular passages contribute to developing themes and to how the awareness of such a theme can contribute to the preacher's work with a particular passage

Leadership and Lifestyle Steve Walton, 2000-08-03 This study contributes to debate about the portraits of Paul in Acts and his epistles by considering Paul's Miletus speech (Acts 20:18b-35) and identifies and compares major themes in Luke and Paul's views of Christian leadership. Comparisons with Jesus' speeches in Luke show how Lukan the speech is and with 1 Thessalonians how Pauline it is. The speech calls the Ephesian elders to service after Paul's departure to Jerusalem, focusing on faithful fulfilment of leadership responsibility, suffering attitudes to wealth and work, and the death of Jesus. Paul models Christian leadership for the elders. Parallels in Luke highlight his view of Christian leadership modelled by Jesus and taught to his disciples, and modelled by Paul and taught to the elders. Study of 1 Thessalonians identifies a remarkably similar portrait of Christian leadership. The Miletus speech is close in thought, presentation, and vocabulary to an early, indubitably Pauline letter.

Jesus is the Christ: The Messianic Testimony of the Gospels Michael F. Bird, 2012-06-01 Explains the importance of the title and role of Messiah in each of the Gospels and argues that Christianity was a messianic movement rooted in its Jewish context. Michael Bird engages the subject of the messianism of the four Gospels. While the title and role of Messiah ascribed to Jesus in the Gospels has long been regarded as a late add-on, a fabricated claim, or an insignificant feature, Bird argues in contrast that the messianic claims are the most significant for the portrayal of Jesus.

Intergroup Conflict, Recategorization, and Identity Construction in Acts Hyun Ho Park, 2023-12-28 Hyun Ho Park employs social identity to create the first thorough analysis via such methodology of Acts 21:17-23:35, which contains one of the fiercest intergroup conflicts in Acts. Park's assessment allows his readers to rethink, reevaluate, and reimagine Jewish-Christian relations, teaches them how to respond to the vicious cycle of slander, labeling, and violence permeating contemporary public and private spheres, and presents a new hermeneutical cycle and describes how readers may apply it to their own sociopolitical contexts. After surveying previous studies of the text, Park first analyses Paul's welcome, questioning, and arrest, and how slandering and labeling make Paul an outsider. Park then describes how, through defending his Jewish identity and the Way, Paul nuances his public image and re-categorizes himself and the Way as part of the people of God. When Paul identifies himself as a Roman and later a Pharisee, Park examines Luke's ambivalent attitude toward Rome and the Pharisees and assesses how Paul escapes dangerous situations by claiming different social identities at different times. Finally, he discloses the vicious cycle of slander, labeling, and violence not only against the Way but also against the Jews and challenges the discursive process of identity construction through intergroup conflict with an out-group, especially the proximate Other. Furthermore, he

demonstrates how the relevance of such scholarship is not limited to Lukan studies or even biblical studies in general the frequent use of slander labeling and violence in the politics of the United States and other polarized countries around the globe demands new ways of looking at intergroup relations and Park's argument meets the needs of those seeking a new perspective on contemporary political discord

Community-Forming Power Matthias Wenk, 2004-12-10 In past years the controversy over Luke's concept of the Spirit has centred on the ethical dimension of his pneumatology Community Forming Power sets out to address the issue by assessing the Lukan writings in the light of evidence from Second Temple Judaism and in applying speech act theory to prophetic utterances Wenk argues that the Spirit's role in prophecy cannot be limited to the content of the prophetic speech stripping it artificially from the intention behind it He further argues that the anointed church continues the liberating work of the anointed messiah in embracing the marginalized and thus is instrumental in realizing good news for the poor

Conflict and Authority in Luke 19:47 to 21:4 Blake R. Grangaard, 1999 Conflict and Authority in Luke 19:47 to 21:4 examines Luke's account of a verbal confrontation between Jesus and the religious leaders of Jerusalem Professor Grangaard analyzes the role of this passage within the larger narrative and illuminates Luke's presentation of the teachings of Jesus on such topics as the payment of taxes to Caesar the nature of life in the Resurrection and the relationship of the Messiah to David This confrontation over Jesus' authority provides a narrative transition between Jesus' ministry and journey 4:14-19:46 and the events of his Passion 22:1-24:53 while preparing the way for the climax of the story

Joel's Use of Scripture And the Scripture's Use of Joel John Strazicich, 2007 This work focuses on the appropriation and resignification of scripture in Joel and its NT Nachleben where Israel's literature functions as an authoritative medium of refraction The purpose is to recover the canon's unrecorded hermeneutics at the intersection of both diachronic and synchronic textual surfaces

Paul and the Politics of Difference Jae Won Lee, 2014-08-22 Paul lies at the core of the constant debate about the opposition between Christianity and Judaism in biblical interpretation and public discourse as well The so called new perspective on Paul has not offered a significant break from the formidable paradigm of Christian universalism vs Jewish particularism in

Pauline scholarship This book seeks to liberate Paul from the Western logic of identity and its dominant understanding of difference which tend to identify Pauline Christianity as its ally Drawing attention to the currency of discourses on difference in contemporary theories as well as in biblical studies the author critically examines the hermeneutical relevance of a contextual and relational understanding of difference and applies it to interpret the dynamics of Jew Gentile difference reflected particularly in meal practices Galatians 2 1 21 and Romans 14 1 15 13 of early Christian communities This book argues that by deconstructing the hierarchy of social relations underlying the Jew Gentile difference in different community situations Paul promotes a politics of difference which affirms a preferential option for the socially weak that is solidarity with the weak Paul s politics of difference is invoked as a liberative potential for the vision of egalitarian justice in the face of contemporary globalism s proliferation of differences

Do The Resurrection Accounts Conflict? John Ankerberg, John Weldon, 2011-09-14 Are the New Testament documents reliable Who wrote them And when Do the Gospel writers contradict each other in describing the different places Jesus appeared to His disciples after the Resurrection Do they contradict one another in other areas How many women first came to the tomb on Easter morning How many angels appeared at the tomb One as Matthew states or two as Luke John recorded Do Mark Luke conflict in their reports about the disciples on the road to Emmaus Did the Resurrection appearances of Christ really happen or were they only hallucinations What compelling evidence exists that proves the Resurrection of Christ actually happened Is this evidence sufficient to convince skeptics those trained in law

The Divine Trinity David Brown, 2012-01-09 This book the first serious analysis of the doctrine of the Trinity for many years presents a defense against the conservative treatment of the Trinity as an impenetrable mystery and against the radical position that the doctrine is incoherent and therefore unacceptable Brown favors the founding of a new discipline of philosophical theology or the widening of the horizons of the philosophy of religion to apply more widely the type of penetration of theology by philosophy that he exemplifies in his treatment of the Trinity He argues for belief in an interventionist God theism rather than deism and contends that biblical criticism and historical research do not imply the abandonment of Christian belief since the historical original should not be equated with theological truth Although historical difficulties must prevent any literal acceptance of the Gospel accounts in toto the true Christ can be disentangled from the historical Jesus by philosophical method Wide ranging in scope rigorous and candid in argument Brown s work will prove of interest to educated Christian laypersons and others beyond the boundaries of professional theology and philosophy of religion Perhaps most provocative is Brown s assertion that the Resurrection must be accepted as a literally true visionary experience and that anyone who accepts it must be prepared to take seriously other visionary experiences for example visions of the Virgin Mary even if he rejects them in the end It is certainly an astonishing truth that God should be so interested in a being of such vastly inferior powers as man says the author But that clearly must be the implication of the doctrine of the Trinity To have reached this conclusion by means of philosophical argument is to have taken a major step

toward the complete penetration of theology by philosophy that Brown calls for
