Luminous Reality Ivar Ivask, Juan Marichal, 1991 *Luminous Reality*, 1969 *Jorge Guillén* G. Grant MacCurdy, 1982
Reseña Sobre "Luminous Reality: the Poetry of Jorge Guillén" de de Ivar Ivask Y Juan Marichal Kay Sibbald, 1970 Reseña tomada de la revista Bulletin of Hispanic studies que trata sobre la obra Luminous reality publicada en Norman por la University of Oklahoma Press en 1969 *Columbia Dictionary of Modern European Literature* Jean Albert Bédé, William Benbow Edgerton, 1980 With more than 1800 critical entries on the writers and literatures of 33 languages this work presents the entire range of modern European writing from the symbolist and modernist works rooted in the last decades of the nineteenth century through the avant garde and existentialist movement to Barthes Blanchot Breton and continental thought pertinent today **Makers of Modern Culture** Justin Wintle, 2002 This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914 Music cinema drama art fiction poetry and philosophy are just some of the fields covered *Nabokov's Fifth Arc* J. E. Rivers, Charles Nicol, 2014-09-10 In his autobiography Speak Memory Vladimir Nabokov compared his life to a spiral in which twirl follows twirl and every synthesis is the thesis of the next series The first four arcs of the spiral of Nabokov's life his youth in Russia voluntary exile in Europe two decades spent in the United States and the final years of his life in Switzerland are now followed by a fifth arc his continuing life in literary history which this volume both explores and symbolizes This is the first collection of essays to examine all five arcs of Nabokov's creative life through close analyses of representative works The essays cast new light on works both famous and neglected and place these works against the backgrounds of Nabokov's career as a whole and modern literature in general Nabokov analyzes his own artistry in his Postscript to the Russian Edition of Lolita presented here in its first English translation and in his little known Notes to Ada by Vivian Darkbloom published now for the first time in America and keyed to the standard U S editions of the novel In addition to a defense of his father's work by Dmitri Nabokov and a portrait interview by Alfred Appel Jr the volume presents a vast spectrum of critical analyses covering all Nabokov's major novels and several important short stories The highly original structure of the book and the fresh and often startling revelations of the essays dramatize as never before the unity and richness of Nabokov's unique literary achievement
The Fiction of the Poet Anna Elizabeth Balakian, 2014-07-14 Addressing all readers who value the beauty of language Anna Balakian examines the work of five twentieth century poets Yeats Valéry Rilke Stevens and Guillén to show how the linguistic richness of the symbolist tradition continued well into the modern period These writers all of whom learned the poetry of language from Mallarmé compensated for the disappearance of metaphysical inclinations in early twentieth century poetry by instituting a poetic fiction Balakian finds the immersion of the I and its altered reflection in the work of art to be a common feature of their poetry and explores how they replaced the conventional meaning of signifiers grown stale such as the abused word poet which became musician artist dancer acrobat mime tapestry weaver rider of the earth and the skies In

the works of these poets the symbol evolved into a selective system of communication that identified implicitly the realms of human dilemma in regard to time space place and reality in an indifferent universe Balakian explains how the poets made language posit the major problems of existence and survival through metaphors of transition and with the polysemy of their discourse spoke to each reader on his or her terms Like a serial musical composition this literary interpretation interweaves leitmotifs from one writer to another creating a basic cohesion while revealing variations and transformations in their poetry Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
