but they will be only peripherally aware of what ancient cultures thought of these other worlds In fact the mythology of the planets challenges many twenty first century concepts and beliefs There are other books available on astromythology but this one focuses mostly on our own Solar System as opposed to the constellations and deep sky objects Alexander offers a new angle on timeless subjects and is exciting informative and dramatic as well as surprisingly relevant to everyday life Find out for yourself how our modern world is steeped in the bygone worlds of yesteryear **In Light-Years There's No Hurry**

Marjolijn van Heemstra,2023-06-20 A New Scientist Best Popular Science Book of 2023 How seeing Earth through the eyes of an astronaut brings new wonder and meaning to life on our planet One stifling summer night the poet and journalist Marjolijn van Heemstra lay awake unable to sleep like so many of us feeling anxious and alienated deeply exhausted yet restless Amid the suffocating stream of daily obligations the clamor of notifications and increasingly dismal headlines she longed for a way to rise above the frenzy for a renewed sense of meaning and connection Then she learned about the overview effect a permanent shift in consciousness many astronauts experience when beholding Earth from outside the atmosphere and wondered could the perspective of outer space offer the internal space she sought The lyrical account of van Heemstra s yearlong quest to experience the overview effect on Earth In Light Years There s No Hurry invites us to lift our gaze above eye level and discover our connections with the cosmos our planet and each other We follow as van Heemstra s cosmic awareness expands and she finds herself feeling simultaneously lighter and more grounded Compared with the complexity of the universe daily life on Earth begins to seem more manageable while understanding the improbability of our collective existence gives her new patience and tenderness for her neighbors The grand rhythms of light years and eons become a source of restoration and relief a comforting necessary reminder to slow down and zoom out Contemplating the solace a cosmic perspective offers in our chaotic divided world In Light Years There s No Hurry is a moving meditation on what it is to be human amid the vastness of the universe **Korean Myths and Folk Legends**
