Urban Craftsmen and Traders in the Roman World Andrew Wilson, Miko Flohr, 2016-02-12 This volume featuring sixteen contributions from leading Roman historians and archaeologists sheds new light on approaches to the economic history of urban craftsmen and traders in the Roman world with a particular emphasis on the imperial period Combining a wide range of research traditions from all over Europe and utilizing evidence from Italy the western provinces and the Greek speaking east this edited collection is divided into four sections It first considers the scholarly history of Roman crafts and trade in the nineteenth and twentieth centuries focusing on Germany and the Anglo Saxon world and on Italy and France Chapters discuss how scholarly thinking about Roman craftsmen and traders was influenced by historical and intellectual developments in the modern world and how different national research traditions followed different trajectories throughout the nineteenth and twentieth centuries The second section highlights the economic strategies of craftsmen and traders examining strategies of long distance traders and the phenomenon of specialization and presenting case studies of leather working and bread baking In the third section the human factor in urban crafts and trade including the role of apprenticeship gender freedmen and professional associations is analysed and the volume ends by exploring the position of crafts in urban space considering the evidence for artisanal clustering in the archaeological and papyrological record and providing case studies of the development of commercial landscapes at Aquincum on the Danube and at Sagalassos in Pisidia **A Preface**

to Romans Christopher Bryan, 2000 Bryan approaches St Paul s letter to the Romans with a number of aims in view First he wants to show which literary type or genre would have been seen by Paul s contemporaries as being exemplified in the letter He also attempts to determine what we can surmise of Paul s attitude and approach to the Jewish bible The study involves discussion of and comparison with other literature from Paul s time place and milieu including other writings attributed to Paul

comprehensive history of the Vatican s agenda to defeat the forces of secular liberalism and communism through international law cultural diplomacy and a marriage of convenience with authoritarian and right wing rulers After the United States entered World War I and the Russian Revolution exploded the Vatican felt threatened by forces eager to reorganize the European international order and cast the Church out of the public sphere In response the papacy partnered with fascist and right wing states as part of a broader crusade that made use of international law and cultural diplomacy to protect

European countries from both liberal and socialist taint A Twentieth Century Crusade reveals that papal officials opposed Woodrow Wilson's international liberal agenda by pressing governments to sign concordats assuring state protection of the Church in exchange for support from the masses of Catholic citizens These agreements were implemented in Mussolini's Italy and Hitler's Germany as well as in countries like Latvia Lithuania and Poland In tandem the papacy forged a Catholic International a political and diplomatic foil to the Communist International which spread a militant anticommunist message through grassroots organizations and new media outlets It also suppressed Catholic antifascist tendencies even within the Holy See itself Following World War II the Church attempted to mute its role in strengthening fascist states as it worked to advance its agenda in partnership with Christian Democratic parties and a generation of Cold War warriors The papal mission came under fire after Vatican II as Church state ties weakened and antiliberalism and anticommunism lost their appeal But as Giuliana Chamedes shows in her groundbreaking exploration by this point the Vatican had already made a lasting mark on Eastern and Western European law culture and society I trattati dell'oreficeria e della scultura

Pinto, 2015-09-18 This volume is a result of the need to reflect upon Portugal's position from the viewpoint of the literary assets imported and exported through translation. It brings together a number of scholars working in the field of Translation Studies directly concerned with the Portuguese cultural system in order to analyse this question from various theoretical perspectives and from case studies of translation flows and movements in Portuguese culture. By *Translating Portugal Back and Forth* the articles discuss issues such as how can one draw the borderline between a peripheral and a semi-peripheral system. Is this borderline useful or necessary? How peripheral is the Portuguese cultural system as far as translation transfers are concerned? How stable or pacific has this positioning been? Does the economic and historical perception of Portugal as peripheral entail that from the viewpoint of translation it would behave similarly? By addressing some of these questions and as shown by the second subtitle *Essays in Honour of João Ferreira Duarte* the volume pays homage to one of the most prominent Translation Studies scholars in Portugal who has extensively reflected on the binary discourse on translation: its metaphors and images. *Il Buonarroti*, 1887 **Rivista d'Italia**, 1907
