

The background of the book cover is a complex collage. It features several faces, some of which are partially obscured or layered. A prominent face in the upper right is looking upwards. Another face in the lower left is looking downwards. The entire collage is overlaid with a pattern of dark, five-pointed stars. The colors are muted, with a lot of greys, browns, and muted greens. The overall effect is one of a layered, perhaps painful or complex, history.

Lure and Loathing Gerald Lyn Early,1993 Henry Louis Gates Jr Nikki Giovanni James McPherson Stephen L Carter Itabari Njeri Reginald McKnight and twelve other African American intellectuals reveal with vast originality and candor the lure and loathing that characterize the experience of black people in white America [Critical Essays on Barack Obama](#) Melvin B. Rahming,2011-12-15 This collection of critical essays explores the life and writings of President Barack Obama The individual essays written by a diverse body of scholars examine specific facets of Obama s career from personal communal national and international reactions to his presidential election to his controversial contributions to the global conversation about race his impact on popular culture and race relations his literary political and philosophical visions his attitude toward the American constitution his enactment of new legislation to the manner in which he attempts to influence American public policy and to the implications his presidency holds for Europe Africa and the Caribbean Ranging far beyond the presentation of personal opinions about the Obama Administration these essays offer scholarly perspectives on Obama s two books and on his multidimensional efforts to remove the obstacles to equality of opportunity in the United States They also explore Obama s potential for re shaping the American social and cultural terrain and by extension for re vitalizing the American Dream This book should be of interest to scholars of political science literature history philosophy religion and psycho culture as well as to the general reading public *Contemporary Patterns of Politics, Praxis, and Culture* Georgia A. Persons,2017-07-12 The National Political Science Review is the official publication of the National Conference of Black Political Scientists This new volume Contemporary Patterns of Politics Praxis and Culture reflects major research focuses across religion race gender culture and of course politics Themes that engage a community of scholars also engage them in praxis as individual citizens and practitioners in a democratic society and collectively as member participants in a changing culture Two themes religion and culture are relatively new areas of intellectual curiosity for political scientists Articles in this volume extend the beachheads already established by African American political scientists in studies that gauge the significance and influence of religion in both individual and group behavior They chart religion s inevitable move onto the center stage of U S public affairs The study of culture has essentially languished for almost a generation within political science especially with regard to the study of American politics and society During this time the emphasis has also shifted significantly from an almost exclusive focus on civic culture to an expanding focus on the broad expanse of popular culture in the contemporary period Culture is the crucible within which politics race religion and gender both foment and ferment and artistic products of the culture are manifestations and mirrors of how we envision and construct a changing reality Issues of race religion gender and culture are all dimensions of individual and group identity The dynamics of changing individual and group identities change the underlying cultural canvas against which identity is displayed and politics is acted out The concept of praxis is relatively new to the lexicon of political science However engagement in the practice of politics is not a new idea for African

American social scientists Indeed particularly for this group and clearly for many others **The Politics of Multiracialism** Heather M. Dalmage,2012-02-01 This is the first book to critically look at the political issues and interests surrounding the broadly defined Multiracial Movement and at what is being said about multiracialism Many of the multiracial family organizations that exist across the United States developed socially ideologically and politically during the conservative Reagan years While members of the Multiracial Movement differ widely in their political views the concept of multiracialism has been taken up by conservative politicians in ways that are often inimical to the interests of traditionally defined minorities Contributors look at the Multiracial Movement s voice and at the political controversies that attend the notion of multiracialism in academic and popular literature internet discourse census debates and discourse by and about pop culture celebrities The work discusses how multiracialism hybridity and racial mixing have occurred amidst existing academic discussions of authenticity community borders identity politics the social construction of race and postmodern fragmentation How the Multiracial Movement is shaping and transforming collective multiracial identities is also explored Multifaceted Identity of Interethnic Young People Sultana Choudhry,2016-04-15 The number of interethnic individuals is one of the most striking demographic changes in Britain over the last decade Demonstrating both that identity is fluid and multifaceted rather than fixed and that people of Asian Black Chinese and White interethnic backgrounds do not necessarily experience identity conflict as proposed by some social scientists Multifaceted Identity of Interethnic Young People explores the manner in which interethnic young people define their identities In doing so it also looks at their parents and their experiences as interethnic couples in society Presenting rich new empirical information relating to young people of Black White Asian and Chinese interethnic backgrounds this book also examines the impact that inter religious relationships have upon young people s sense of identity whilst also discussing the implications of the election of America s first interethnic president As such it will be of interest to social scientists working in the fields of race ethnicity and identity *Her Words* Felicia Mitchell,2002 A survey of Appalachian women poets includes the work of Maggie Anderson Lisa Coffman George Ella Lyon Nikki Giovanni Jo Carson Lynn Powell Barbara Smith and other female poetic voices Poetry *Imagining the Academy* Susan Edgerton, Gunilla Holm, Toby Daspi, Paul Farber,2013-01-11 The essays in this book examine various forms of popular culture and the ways in which they represent shape and are constrained by notions about and issues within higher education From an exploration of rap music to an analysis of how the academy presents and markets itself on the World Wide Web the essays focus attention on higher education issues that are bound up in the workings and effects of popular culture Cultural Pluralism, Identity Politics, and the Law Austin Sarat, Thomas R. Kearns,2001-12-13 DIVHow do moves to recognize ethnic and cultural identity affect the idea of equality before the law div W.E.B. Du Bois and the Problems of the Twenty-first Century Reiland Rabaka,2007-01-01 W E B Du Bois and the Problems of the Twenty First Century utilizes Du Bois s thought and texts to develop an informed critical theory of contemporary society This book broadens the base of

critical theory making it more multicultural transethnic transgender and non Western European philosophy focused by placing it in dialogue with theory and phenomena that had been heretofore woefully neglected Taking the preeminent black intellectual of the twentieth century as his primary point of departure Reiland Rabaka identifies and analyzes several key contributions that Du Bois and the black racial tradition offer to those interested in redeveloping and racially revising contemporary critical social theory With chapters on critical race theory postcolonial theory feminism and Marxism this volume builds bridges from Africana Studies to disparate discursive communities accessibly demonstrating Du Bois's and the black radical tradition's contributions to and the potential impact on a wide range of new social scientific research and radical political struggles

Renewing Black Intellectual History Adolph Reed, Kenneth W. Warren, 2015-11-17 Reflecting critically on the discipline of African American studies is a complicated undertaking Making sense of the black American experience requires situating it within the larger cultural political economic and ideological dynamics that shape American life This volume moves away from privileging racial commonality as the fulcrum of inquiry and moves toward observing the quality of the accounts scholars have rendered of black American life This book maps the changing conditions of black political practice and experience from Emancipation to Obama with excursions into the Jim Crow era Black Power radicalism and the Reagan revolt Here are essays classic and new that define historically and conceptually discrete problems affecting black Americans as these problems have been shaped by both politics and scholarly fashion A key goal of the book is to come to terms with the changing terrain of American life in view of major Civil Rights court decisions and legislation

Toward a Womanist Ethic of Incarnation Eboni Marshall Turman, 2013-12-18 The Black Church is an institution that emerged in rebellion against injustice perpetrated upon black bodies How is it then that black women's oppression persists in black churches This book engages the Chalcedonian Definition as the starting point for exploring the body as a moral dilemma

Age of Fracture Daniel T. Rodgers, 2012-09-03 In the last quarter of the twentieth century the ideas that most Americans lived by started to fragment Mid century concepts of national consensus managed markets gender and racial identities citizen obligation and historical memory became more fluid Flexible markets pushed aside Keynesian macroeconomic structures Racial and gender solidarity divided into multiple identities community responsibility shrank to smaller circles In this wide ranging narrative Daniel Rodgers shows how the collective purposes and meanings that had framed social debate became unhinged and uncertain Age of Fracture offers a powerful reinterpretation of the ways in which the decades surrounding the 1980s changed America Through a contagion of visions and metaphors on both the intellectual right and the intellectual left earlier notions of history and society that stressed solidity collective institutions and social circumstances gave way to a more individualized human nature that emphasized choice agency performance and desire On a broad canvas that includes Michel Foucault Ronald Reagan Judith Butler Charles Murray Jeffrey Sachs and many more Rodgers explains how structures of power came to seem less important than market choice and fluid selves Cutting across the social and political arenas of late twentieth century life and thought from economic theory and the culture wars to disputes over poverty color blindness and sisterhood Rodgers reveals how our categories of social reality have been fractured and destabilized As we survey the intellectual wreckage of this war of ideas we better understand the emergence of our present age of uncertainty

Gender Talk Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation s consciousness In this important new book two of the nation s leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and

brilliant in its analysis of culture and sexual politics Gender Talk asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender Gender Talk examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women s suffrage in the nineteenth century to women s attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Byllye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas s appointment to the Supreme Court Fearless and eye opening Gender Talk is required reading for anyone concerned with the future of African American women and men

The African-Americanization of the Black Diaspora in Globalization or the Contemporary Capitalist World-System Paul C. Mocombe, Carol Tomlin, Christine Callender, 2016-11-16 This work sets forth the argument that in the age of neoliberal globalization black people around the world are ever so slowly becoming African Americanized They are integrated and embourgeoised in the racial class dialectic of black America by the material and ideological influences of the Protestant ethic and the spirit of capitalism as promulgated throughout the diaspora by two social class language games of the black American community the black underclass Hip Hop culture speaking for and representing black youth practical consciousness and black American charismatic liberal conservative bourgeois Protestant preachers like TD Jakes Creflo Dollar etc speaking for and representing the black bourgeois educated professional and working classes Although on the surface the practical consciousness and language of the two social class language games appear to diametrically oppose one another the authors argue given the two groups material wealth within the Protestant ethic and the spirit of capitalism of corporate neoliberal America they do not Both groups have the same underlying practical consciousness subjects agents of the Protestant Ethic and the spirit of capitalism The divergences where they exist are due to their interpellation embourgeoisement and differentiation via different ideological apparatuses of the society church and education i e schools for the latter and prisons the streets and athletic and entertainment industries for the former Contemporarily in the age of globalization and neoliberalism both groups have become the bearers of ideological and linguistic domination in black neoliberal America and are antagonistically converging the practical consciousness of the black

or African diaspora towards their respective social class language games We are suggesting that the socialization of other black people in the diaspora ought to be examined against and within the dialectical backdrop of this class power dynamic and the cultural and religious heritages of the black American people responsible for this phenomenon or process of convergence we are referring to as the African Americanization of the black diaspora

The Vodou Ethic and the Spirit of Communism Paul C. Mocombe, 2016-02-04 Using a variant of structuration theory what Paul C Mocombe calls phenomenological structuralism this work explores and highlights how the African religion of Vodou and its ethic i e syncretism materialism communal living or social collectivism democracy individuality cosmopolitanism spirit of social justice xenophilia balance harmony and gentleness gave rise under the leadership of oungan yo manbo yo gangan yo and granmoun yo to the Haitian spirit of communism and the counter plantation system Jean Casimir s term in the provinces and mountains of Haiti What Mocombe calls the Vodou Ethic and the spirit of communism of the African people of Haiti would be juxtaposed against the Catholic Protestant Ethic and the spirit of capitalism of the white mulatto gens de couleur and petit bourgeois free black classes of the island This latter worldview the Catholic Protestant Ethic and the spirit of capitalism Mocombe goes on to argue exercised by the free bourgeois blacks and mulatto elites Affranchis on the island undermined the revolutionary and independence movement of Haiti commenced by subjects agents oungan yo manbo yo gangan yo dokt fey and granmoun yo of the Vodou ethic and the spirit of communism and made it the poorest most racist and tyrannical country in the Western Hemisphere

W. E. B. Du Bois and American Political Thought Adolph L. Reed Jr., 1997-10-30 In this explosive book Adolph Reed covers for the first time the full sweep and totality of W E B Du Bois s political thought Departing from existing scholarship Reed locates the sources of Du Bois s thought in the cauldron of reform minded intellectual life at the turn of the century demonstrating that a commitment to liberal collectivism an essentially Fabian socialism remained pivotal in Du Bois s thought even as he embraced a range of political programs over time including radical Marxism He remaps the history of twentieth century progressive thought and sharply criticizing recent trends in Afro American literary and cultural studies
