Graphic Culture Jillian Lerner, 2018-07-30 Nineteenth century Paris is often celebrated as the capital of modernity However this story is about cultural producers who were among the first to popularize and profit from that idea Graphic Culture investigates the graphic artists and publishers who positioned themselves as connoisseurs of Parisian modernity in order to market new print publications that would amplify their cultural authority while distributing their impressions to a broad public Jillian Lerner's exploration of print culture illuminates the changing conditions of vision and social history in July Monarchy Paris Analyzing a variety of caricatures fashion plates celebrity portraits city guides and advertising posters from the 1830s and 1840s she shows how quotidian print imagery began to transform the material and symbolic dimensions of metropolitan life The author's interdisciplinary approach situates the careers and visual strategies of illustrators such as Paul Gavarni and Achille Devéria in a broader context of urban entertainments and social practices it brings to light a rich terrain of artistic collaboration and commercial experimentation that linked the worlds of art literature fashion publicity and the theatre A timely historical meditation on the emergence of a commercial visual culture that prefigured our own Graphic Culture traces the promotional power of artistic celebrities and the crucial perceptual and social transformations generated by new media

The Judgment of Paris Ross King, 2012-01-11 Another fascinating book by the author of Brunelleschi's Dome and Michelangelo and the Pope's Ceiling a saga of artistic rivalry and cultural upheaval in the decade leading to the birth of Impressionism If there were two men who were absolutely central to artistic life in France in the second half of the nineteenth century they were Edouard Manet and Ernest Meissonier While the former has been labelled the Father of Impressionism and is today a household name the latter has sunk into obscurity It is difficult now to believe that in 1864 when this story begins it was Meissonier who was considered the greatest French artist alive and who received astronomical sums for his work while Manet was derided for his messy paintings of ordinary people and had great difficulty getting any of his work accepted at the all important annual Paris Salon Manet and Meissonier were the Mozart and Salieri of their day one a dangerous challenge to the establishment the other beloved by rulers and the public alike for his painstakingly meticulous oil paintings of historical subjects Out of the fascinating story of their parallel careers Ross King creates a lens through which to view the political tensions that dogged Louis Napoleon during the Second Empire his ignominious downfall and the bloody Paris Commune of 1871 At the same time King paints a wonderfully detailed and vivid portrait of life in an era of radical social change When Manet painted Dejeuner

sur l'herbe or Olympia he shocked not only with his casual brushstrokes but with his subject matter top hatted white collar workers and their mistresses were not considered suitable subjects for Art Ross King shows how benign as they might seem today these paintings changed the course of history The struggle between Meissonier and Manet to see their paintings achieve pride of place at the Salon was not just about artistic competitiveness it was about how to see the world Full of fantastic tidbits of information and a colourful cast of characters that includes Baudelaire Courbet and Zola with walk on parts for Monet Renoir Degas and Cezanne The Judgment of Paris casts new light on the birth of Impressionism and takes us to the heart of a time in which the modern French identity was being forged *The Showgirl Costume* Jane Merrill, 2018-12-17 Fashion is synonymous with change yet the iconic showgirl costume feathers sparkle and revealing clothes has remained largely unchanged since the early 20th century Beginning in the 1800s a couture of the risqué evolved from Paris nightclubs to Las Vegas casinos The concept of glamour itself was based on what Parisian courtesans and burlesque performers wore A tall pretty girl with headless nude core with spangles high heels and dramatic makeup became a Gallic symbol and later the trademark of Hollywood musicals France exported costumes and millinery as well as whole productions from the Moulin Rouge the Lido and Folies Bergere to the U S and the world More recently cabaret styling has translated into today's day sport and evening clothes The Ways of Enjoyment Cela Birro (pseud), 1957 *The Bellman*, 1912 *Old Fishing Lures & Tackle* Carl F.
