Searching for Meaning in the Holocaust Sidney M. Bolkosky,2002-07-30 Scholars survivors and other interested parties have offered over the years their own interpretations of the meaning of the Holocaust and the lessons we can learn from it However the quest to find a rational explanation for this seemingly irrational course of events has led to both controversy and continued efforts at assigning meaning to this most horrible of events Examining oral histories provided by survivors written accounts and explanations scholarly analysis and commonly held assumptions Bolkosky challenges the usual collection of platitudes about the lessons or the meanings we can derive from the Holocaust Indeed he argues against the kind of reductionism that such a quest for meaning has led to and he analyzes the nature of the perpetrators in order to support his position on the inconclusivity of the study of the Holocaust Dealing with the perpetrators of the Holocaust as manifestations of twentieth century civilized trends foreseen by the likes of Kafka Ortega y Gasset Arthur Koestler and Max Weber Bolkosky suggests a new nature of evil and criminality along the lines developed by Hannah Arendt Raul Hilberg and Richard Rosenstein Woven into the fabric of the text are insights from literary and historical writers sociologists and philosophers This interdisciplinary attempt to shed new light on efforts to determine the meanings and lessons of the Holocaust provides readers with a challenging approach to considering the oral histories of survivors and the popular and professional assumptions surrounding this devastating moment in history

Hordern,2002-10-03 How can Protestant churches overcome their denial in actual attitudes and actions of their central belief in justification The chief paradox of Protestantism manifest in all denominations is the blurring and contradicting of the central belief in justification by grace alone through faith alone The church in America says the author has always been prone to preach that being a good Christian will result in health wealth and happiness Many church practices support a reward and punishment ethic thereby denying the heart of justification God's forgiveness No wonder the laity does not understand the doctrine or its call to a new life In this criticism of common church attitudes and actions Dr Hordern contrasts the interpretation of justification found in the teachings of Scripture and the great Reformers with the practical pursuit of works righteousness In conclusion he shows how the church could act to enhance rather than deny the doctrine of justification in particular in coping with the important matters of evangelism attendance giving to the church accepting people into the church and social service **The Heart of Man's Destiny** Herman Westerink,2012 The Heart of Man's Destiny is a new
