Lytton Strachey By Himself:

Lytton Strachey by Himself Lytton Strachey, 1971 **Lytton Strachey by himself: a self-portrait**, ed Lytton Strachey, The Rise of Gay Rights and the Fall of the British Empire David A. J. Richards, 2013-04-22 This book argues that there is an important connection between ethical resistance to British imperialism and the ethical discovery of gay rights By closely examining the roots of liberal resistance in Britain and resistance to patriarchy in the United States this book shows that fighting the demands of patriarchal manhood and womanhood plays an important role in countering imperialism Advocates of feminism and gay rights in particular the Bloomsbury Group in Britain play an important public function in the criticism of imperialism because they resist the gender binary's role in rationalizing sexism and homophobia in both public and private life The connection between the rise of gay rights and the fall of empire illuminates larger questions of the meaning of democracy and of universal human rights as shared human values that have appeared since World War II The book also casts doubt on the thesis that arguments for gay rights must be extrinsic to democracy and that they must reflect Western as opposed to African or Asian values To the contrary gay rights arise from within liberal democracy and its critics polemically use such opposition to cover and rationalize their own failures of democracy *Bloomsbury and France* Mary Ann Caws, Sarah Bird Wright, 1999-12-02 Bloomsbury on the Mediterranean is how Vanessa Bell described France in a letter to her sister Virginia Woolf Remarking on the vivifying effect of Cassis Woolf herself said I will take my mind out of its iron cage and let it swim Complete heaven I think it Yet until now there has never been a book that focused on the profound influence of France on the Bloomsbury group In *Bloomsbury and France* Art and Friends Mary Ann Caws and Sarah Bird Wright reveal the crucial importance of the Bloomsbury group's frequent sojourns to France the artists and writers they met there and the liberating effect of the country itself Drawing upon many previously unpublished letters memoirs and photographs the book illuminates the artistic development of Virginia and Leonard Woolf Clive Bell David Garnett E M Forster Lytton Strachey Dora Carrington and others The authors cover all aspects of the Bloomsbury experience in France from the specific influence of French painting on the work of Roger Fry Duncan Grant and Vanessa Bell to the heady atmosphere of the medieval Cistercian Abbaye de Pontigny the celebrated meeting place of French intellectuals where Lytton Strachey Julian Bell and Charles Maugham mingled with writers and critics to the relationships between the Bloomsbury group and Henri Matisse Pablo Picasso Gertrude Stein Andre Gide Jean Marchand and many others Caws and Wright argue that Bloomsbury would have been very different without France that France was their anti England a culture in which their eccentricities and aesthetic experiments could flower This remarkable study offers a rich new perspective on perhaps the most creative group of artists and friends in the 20th century **The Progress of a Biographer** Hugh Kingsmill, 2022-02-13 First published in 1949 *The Progress of a Biographer* follows a general principle that there are absolute truths which an individual can in some degree apprehend and live by but which churches and institutions can only obscure

and pervert This principle is followed for the sketches in this book most of which were written between the end of World War II and the spring of 1948 The subjects range from P G Wodehouse to Karl Marx from W B Yeats to Thackeray and from Rainer Maria Rilke to Lloyd George Believing that to understand a man's work one must form a coherent impression of the man the author has tried to suggest the leading characteristics and governing impulses of his subjects His intention has been to clarify rather than to criticise though doubtless the affect may sometimes be one of criticism falling short of clarification The book will be of interest to students across disciplines but will particularly appeal to students of English literature

Vienna 1900 the trenches of World War I Bloomsbury and the colleges of Cambridge while the complicated main characters appear not only in thought and dispute but in love and despair Wittgenstein a strange troubled and troubling man of gnawing contradictions is at the center of a novel that reminds us that the apparently abstract and formal questions that animate philosophy are nothing less than the intractable matters of life and death **The Bloomsbury Group** Stanford Patrick Rosenbaum,1995-01-01 Additions to the revised edition include an early anonymous newspaper account of Bloomsbury and observations by Quentin Bell Beatrice Webb Gerald Brenan Christopher Isherwood Frances Partridge and others *Incest and Influence* Adam Kuper,2010-02-28 Like many gentlemen of his time Darwin married his first cousin In fact marriages between close relatives were commonplace in 19th century England and Kuper argues that they played a crucial role in the rise of the bourgeoisie This study brings out the connection between private lives public fortunes and the history of imperial Britain After Ancient Biography Robert Fraser,2020-08-25 Marrying life writing with classical reception this book examines ancient biography and its impact on subsequent ages Close readings of ancient texts are framed by an assessment of their influence on the age of the French Revolution and Napoleon and on the nineteenth twentieth and twenty first centuries of responses to ancient biography of modern critics and of its visible legacy in art and film Crucially it asks what modern biographers can learn from their ancient predecessors Are the challenges involved in life writing still the same Have working methods changed and in what ways What in the context of biographical writing is truth and how are its interests best served How is it possible now as then honestly to convey a life The International Interpreter ,1922 **The Concise New Makers of Modern Culture** Justin Wintle,2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms **Encyclopedia of the Essay** Tracy Chevalier,2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies
