Cather Among the Moderns Janis P. Stout,2019-03-19 A masterful study by a preeminent scholar that situates Cather as a visionary practitioner of literary modernism Willa Cather is often pegged as a regionalist a feminine and domestic writer or a social realist In Cather Among the Moderns Janis P Stout firmly situates Cather as a visionary practitioner of literary modernism something other scholars have hinted at but rarely affirmed Stout presents Cather on a large dramatic stage among a sizable cast of characters and against a brightly lit social and historical backdrop invoking numerous figures and instances from the broad movement in the arts and culture that we call modernism Early on Stout addresses the matter of gender The term cross dresser has often been applied to Cather but Stout sees Cather s identity as fractured or ambiguous a reading that links her firmly to early twentieth century modernity Later chapters take up topics of significance both to Cather and to twentieth century American modernists including shifting gender roles World War I s devastation of social and artistic norms and strains in racial relations She explores Cather s links to a small group of modernists who after the war embraced life in New Mexico a destination of choice for many artists and which led to two of Cather s most fully realized modernist novels The Professor s House and Death Comes for the Archbishop The last chapter addresses Cather s place within modernism Stout first places her in relation to Ezra Pound and T S Eliot with their shared ties to tradition even while making sometimes startling innovations in literary form then showing parallels with William Faulkner with respect to economic disparity and social injustice

Inside Looking Out Sharyn Rohlfen Udall, 1994 American painter Gina Knee 1898 1982 is an important virtually unacclaimed artist whose career

stretched over five decades and many locations she worked in the Southwest the South California and New York Starting in the 1940s she was given solo shows on both coasts and her work found its way into major public and private collections She knew and exhibited with some of the major artists of her day Jackson Pollock Willem de Kooning Mark Tobey and her third husband Alexander Brook Yet like many artists especially women working on the fringes of mainstream art movements her achievements have been nearly forgotten in the rush to create art superstars This book is an in depth examination of the artist s life and work from hesitant artistic beginnings to a culmination in highly original paintings reflecting her modernist and abstract vision Inside Looking Out reflects too the recent recognition in art history that art is as much a product of culture as it is the elusive privileged activity of the isolated genius Knee s efforts to find the delicate balance between marriage and her life s work is a central theme of the book traced in her letters and conversations with friends Her story gives new insight into American art and life at mid century Gina modified her schedule to suit the demand of her husband s They rose early she prepared his breakfast and packed his lunch then drove him to work in the pre dawn rushing traffic Returning home she faced the new tasks of managing the household without help Dishwashing making beds dusting laundry all the things middle class women took for granted in the 1940s these were frustrating and time consuming It just takes hours for me to do what an organized housewife does in one she complained Gina s affluent upbringing and the ease of finding servants in Santa Fe had accustomed her to hours of time spent as she chose In wartime Los Angeles when servants were impossible to find she suddenly had to do everything and it soon began to feel burdensome Forced to sacrifice precious studio time to the demands of a repetitious household routine she came face to face with a new reality that she must now give up a certain amount of control over her own life Money her own independent income had formerly given her the luxury of time time to be used as a man does in professional activity freed from enervating household chores Now the leveling effect of the war reminded her firmly that she was a woman in a situation where affluence could not buy the uninterrupted freedom to create Her life was turned upside down her priorities questioned her relationship with Ernie Knee strained
