**MacDonald Hall Goes Hollywood** Gordon Korman, 1991-01 Best friends Bruno and Boots become friends with the star of the film that is being shot on location at Macdonald Hall *MacDonald Hall Goes Hollywood* Gordon Korman, 2014-11-25 From 1 NEW YORK TIMES bestselling author Gordon Korman comes another sidesplitting tale chronicling the misadventures of the boarding school boys of MacDonald Hall Intending to use MacDonald Hall as a location and the locals as scenery the film crew of a new Hollywood movie find the not so ordinary Bruno and Boots getting into everything as the beleaguered headmaster Mr Fish could have warned them **The Spatial Dynamics of Juvenile Series Literature** Michael G. Cornelius, 2020-11-11 Where we come from where we are where we have been and where we are going all have a huge impact on who we are Theories of space and place also hold that the converse is equally true that we have an impact on those spaces and places we inhabit or dwell within We make space our agencies our cultures our beliefs and values and understandings shape the macro and micro environments around us Just as much however those places we inhabit shape us causing us to adapt ourselves to them Children exist in spaces that are crafted for them by adults by parents by school administrators and teachers and as such their impact on space can be somewhat limited Space is made for them but certainly not to their own specifications or liking In children's literature spaces are often seen as noteworthy markers of a child's progression toward adulthood whether the space is Laura Ingalls' little house or Harry Potter's Hogwarts For these characters movement through space is about growth and change about accepting the inevitability of growing up and the responsibility of the adulthood whether that be marriage and motherhood or vanquishing the most evil wizard of all time However what about juvenile series books whose central protagonists generally never grow or change The central character of these series usually a flat unchanging trope more than a fully realized fleshed out dynamic figure is a static creation Though characters like Nancy Drew and the Hardy Boys frequently move through different geographies they never change as characters In fact one could argue that the only dynamic that ever experiences any alteration in a series like Nancy Drew is setting Surely there is something significant about the relationship of series books to those spaces their protagonists inhabit This collection explores that relationship the dynamics between the controlled spaces of childhood and the variable spaces of juvenile series literature It shows that the unchanging series book characters demonstrate that their impact on space is far greater than its impact ever is on them reflecting an exercise in spatial authority that most children and even children's book heroes never quite experience *The 100 Most Popular Young Adult Authors* Bernard A. Drew, 1997-10-15 The book focuses on individuals writing in the 90s but also includes 12 classic authors e.g. Mark Twain Louisa May Alcott J.R.R. Tolkien who are still widely read by teens It also covers some authors known primarily for adult literature e.g. Stephen King and some who write mainly for middle readers but are also popular among young adults e.g. Betsy Byars An affordable alternative to multivolume publications this book makes a great collection development tool and resource for author studies It will also help

readers find other books by and about their favorite writers

*The Canadian Encyclopedia* James H. Marsh, 1999 This edition of *The Canadian Encyclopedia* is the largest most comprehensive book ever published in Canada for the general reader. It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here. It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume. It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words. It has been UPDATED the researchers and contributors worked hard to make the information as current as possible. Other words apply to this extraordinary work of scholarship: AUTHORITATIVE, RELIABLE, and READABLE. Every entry is compiled by an expert. Equally important every entry is written for a Canadian reader from the Canadian point of view. The finished work, many years in the making and the equivalent of forty average sized books, is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in every Canadian home. It is no accident that the cover of this book is based on the Canadian flag. For the proud truth is that this volume represents a great national achievement. From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated. At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations, this *Canadian Encyclopedia* is offered in a spirit of defiance and of faith in our future. The statistics behind this volume are staggering. The opening sixty pages list the 250 Consultants, the roughly 4 000 Contributors, all experts in the field they describe, and the scores of researchers, editors, typesetters, proofreaders, and others who contributed their skills to this massive project. The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words, making it the largest, some might say the greatest Canadian book ever published. There are of course many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to mention the colourful informative endpapers. But above all the book is encyclopedic, which the *Canadian Oxford Dictionary* describes as embracing all branches of learning. This means

that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume

The result is a book for every Canadian who values learning and values Canada **In My Enemy's House** Carol Matas, 2013-02-01 I survived Protected by the Nazis that killed my family Could I ever forgive myself Award winning novelist Carol Matas brings readers into the heart of Nazi Germany with the harrowing story of Marisa a Polish Jew whose blond hair and blue eyes make it easy for her to pass as a Christian With the Nazis ready to herd the remaining Jews of her town into a ghetto and with her family either scattered or dead Marisa takes the papers of a Polish girl and goes to Germany in a desperate attempt to survive as a Polish worker Marisa finds work as a servant for the Reymanns a German family that treats her with respect But she must never forget that Herr Reymann is a high ranking Nazi Marisa is hiding in plain sight in her enemy s house This unflinching account of Marisa s dilemma as a Jew living a lie in order to survive will give readers a new perspective on the nature of good and evil even as it touches their hearts **Nish: North Stars** Picard Isabelle, 2025-09-01
