Machine Metaphor And The Writer A Jungian View:

Machine, Metaphor, and the Writer Bettina L. Knapp, 1989-09-15 The brilliant and far reaching comparative and interdisciplinary work explores the impact of the machine on the literary mind and its ramifications Knapp displays an unusual command of world literatures in dealing with a topic that is of outstanding importance to a broad field of scholars and generalists including those concerned with contemporary literature comparative literature and Jungian theory It is very much in line with the current trend toward interdisciplinary studies Knapp offers powerful and original analyses of texts by French Irish Japanese Israeli German Polish and American authors Alfred Jarry James Joyce Stanislaw I Witkiewicz Luigi Pirandello Antoine de Saint Exupery Juan Jose Arreola S Yizhar Jiro Osaragi N K Narayan Peter Handke and Sam Shepard The authors explored here were deeply affected by the changes occurring in their lives and times and reacted to these ideationally and feelingly In some of their writings images characters and plots were used to create monstrous and robotlike individuals unable to accept the world around them and hence seeking to destroy it Others of these writers attempted to understand and integrate the environmental human and mechanical alterations taking place about them and to transform these into positive attributes The realization of the increasing domination of the machine we see catalyzed and mobilized each author into action Each in his own way spoke his mind revealing the corrosive and beneficial factors in his world as he saw them *Machine, Metaphor, and the Writer: A Jungian View*, 1989 Post-Jungian Criticism James S. Baumlín, Tita French Baumlín, George H. Jensen, 2004-02-01 This groundbreaking collection brings the range and diversity of post Jungian thought into the realm of contemporary literary and cultural criticism These essays explore expand critique and apply post Jungian critical theory as they revisit and reread Jung's own writings from numerous perspectives No longer treated as a source of clear unequivocal authoritative pronouncement Jung's writings are themselves subjected to critical deconstructive readings and several of the essays confront head on Jung's evident racism antifeminism anti-Semitism and political conservatism While not downplaying such charges the contributors outline an alternative post Jungian theory responsive to contemporary feminist postcolonial and poststructural concerns The result is not just a critical reinterpretation but more important a regeneration of Jungian thought **Jung and the Jungians on Myth** Steven Walker, 2014-04-08 Carl Gustav Jung 1875-1961 was never more insightful and intriguing than when he discussed mythology The key to understanding the Jungian approach to mythology lies in the concept of the image which provides the basis for his theory of the unconscious By emphasizing the image over the word Jungian psychology distinguishes itself dramatically from Freudian Lacanian and other psychologies that stress the task of interpreting the language the words of the unconscious In *Jung and the Jungians on Myth* Steven Walker carefully leads the reader through the essential lines of thought in Jungian psychology before developing his method for using Jungian ideas to approach mythological texts Whether one is sympathetic toward Jung's ideas or critical of them one will find in Walker's discussion a lucid introduction to Jungian perspectives on myth and psychology *J. Henry*

Shorthouse, the Author of John Inglesant Charles W. Spurgeon, 2003 When J Henry Shorthouse 1834 1903 published John Inglesant in 1881 he contributed a unique synthesis of Anglo Catholic sensibilities to the enduring legacy of the Oxford Movement Although his philosophical romance has been acclaimed the greatest Anglo Catholic novel in English literature and the one English novel that speaks immediately to human intuition without regard to the reader's own faith or philosophy his most enduring contributions are the religion of John Inglesant an Anglo Catholic synthesis of obedience and freedom faith and reason and the sacramental vision of the myth of Little Gidding Afflicted with a lifelong stammer the author of John Inglesant proved himself a master of cadenced rhythms and enspirited prose in quest of the great musical novel Delineating parallels between sixteenth century and Victorian England Shorthouse integrated Quietism with Platonism into a religious aesthetic a sacramental vision of the Divine Principle of the Platonic Christ Studied chronologically Shorthouse's transition from Quaker to Broad Church Sacramentalist provides informing comparison with T S Eliot's conversion from Unitarian to Anglo Catholic as his myth of Little Gidding informs the historical imagination of Eliot's Christian poetry and dramas The religious and developmental nature of the work of both artists affords analogies with C G Jung's psychology of Individuation

Metaphor II , 1990-01-01 Metaphor though not now the scholarly mania it once was remains a topic of great interest in many disciplines albeit with interesting shifts in emphasis Warren Shibles *Metaphor An Annotated Bibliography and History* Bloomington Ind 1971 recorded the initial interest Then *Metaphor A Bibliography of Post 1970 Publications* published by John Benjamins continued the record through the mania years up to 1985 when writings proliferated as metaphor was seen to be a fundamental category in human thought and language Five years later there is a need for a report on the newest thinking and tendencies in the field This need is fulfilled by *Metaphor II* which offers a comprehensive view of information which would otherwise remain scattered throughout a numbing plethora of resources including many sometimes hard to find publications from Eastern Europe *Metaphor II* systematically collects references of books articles and papers published between 1985 and May 1990 and includes for completeness corrections and additions to the earlier bibliographies Abstracts are given for many of the titles while four indices disciplines semantic
