Life and Work of W. Montgomery Watt Carole Hillenbrand, 2018-12-19 This commemorative volume discusses aspects of the life and work of the internationally famous scholar Professor W Montgomery Watt 1909 2006 His writings on Islam and on Muslim Christian relations gained him great prestige and respect not only in the West but also and perhaps more significantly right across the Muslim world The book includes contributions by Professor Carole Hillenbrand Professor Fred Donner Bishop Richard Holloway and the late Professor David Kerr as well as substantial excerpts from Professor Watt s unpublished writings copies of which he entrusted to Professor Hillenbrand

Arab Social Life in the Middle Ages Shirley Guthrie, 2013-08-01 This vivid portrait of everyday life in the medieval Arab world draws on thirteenth century miniatures from collections as far afield as St Petersburg and Istanbul The wide range of topics covers every aspect of society in the Abbasid period from life at court to the pomp and ceremony of the military from the dispensing of justice to the bustle of the suq and slave market The routine of village life is contrasted with the pleasures of urban society and we are also introduced to the world of musicians and

professional mourners Women are shown not only as virtuous wives and in childbirth but as spirited and articulate individuals The traditions of Arab hospitality are described with scenes of drinking feasting and etiquette The author has illustrated her study with contemporary miniatures principally those of al Wasiti which accompany the celebrated Maqamat of al Hariri In his text al Hariri made no attempt to conceal his admiration for his unprincipled and thoroughly disreputable protagonist Abu Zayd who represents the voice of the common man and possibly provides a prototype for the popular picaresque heroes of later European literature Al Hariri frequently used the tales as a subtle and indirect way of satirizing the prevailing social order yet he was insistent that his work had an underlying moral purpose Guthrie s work is scholarly and her book is a mine of information on both basic and recondite features of Islamic society Robert Irwin Times Literary Supplement Very lively and informative on a wide range of topics in medieval Islamic history The book is eminently accessible to students and non specialists and is certainly one that merits close attention Medical History An essential read for Arabs and non Arabs alike al Hayat Introduction to Islam and the Islamic World Various,2014-02-13 Combining key titles from both Oxford s Very Short Introductions and Oxford World s Classics series this collection includes an assortment of books that will enlighten your understanding of Islam Containing A Very Short Introduction to The Koran Islamic History and Islam plus one of the bestselling versions of the Qur an these books provide insight into the religious historical and political ideas surrounding the world of Islam Oxford s Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field *One Century of Vain Missionary Work among Muslims in China* Raphael Israeli,2018-10-23 Christian missionaries in China have been toiling since the 16th century with little success Only after the Opium War were the Western powers which invaded China able to enforce their gunboat policy under which their missionaries could penetrate all parts of China and extend their activities to a larger part of the population which needed welfare assistance and western protection and therefore resorted to evangelization as a way to obtain both However relative to the huge Chinese population and to the optimistic expectations of the missionaries little was achieved on the ground Therefore at some point since the beginning of the 20th century a decision was made by the missionaries to shift their emphasis to the Muslim population of China realizing that unlike the Godless Chinese who had no knowledge nor approach to the Bible the Muslims would be more amenable due to their Holy Book which knew One God and drew from the Judeo Christian tradition many of their narratives The attempt was valiant and lasted for almost a century with many efforts made to extend educational and medical aid to the Muslim population but it also ended in frustration on the whole due to the unexpected tenacity and resistance of the Hui and Uighur Muslims to the missionaries endeavour The Muslim World ,1915 **The Islamic World** Andrew Rippin,2013-10-23 The Islamic World is an outstanding guide to Islamic faith and

culture in all its geographical and historical diversity Written by a distinguished international team of scholars it elucidates the history philosophy and practice of one of the world s great religious traditions Its grounding in contemporary scholarship makes it an ideal reference source for students and scholars alike Edited by Andrew Rippin a leading scholar of Islam the volume covers the political geographical religious intellectual cultural and social worlds of Islam and offers insight into all aspects of Muslim life including the Qur an and law philosophy science and technology art literature and film and much else It explores the concept of an Islamic world what makes it distinctive and how uniform is that distinctiveness across Muslim geographical regions and through history
