**Rethinking Sales Management** Beth Rogers, 2011-02-15 Until recently sales managers received no specific training for their jobs However selling has become more complex with the emergence of regulations and more sophisticated customers Sales managers need to inspire and achieve sales results by managing teams of professionals and other resources To do so they need guidance on dealing with issues that arise in these broader aspects of their role This concise guide for sales managers is based on a well known sales management technique called the customer portfolio matrix Beth Rogers weaves her version of this throughout enabling sales managers to see their strategy from the customer's point of view Doing so will allow them to set realistic objectives design new strategies that add real customer value avoid wasting time on price oriented customers and deploy resources for maximum results

**Real-Time Marketing for Business Growth** Monique Reece, 2010-03-25 In this book one of the world's leading business consultants offers you a complete blueprint for igniting profitable sustainable growth in your company Monique Reece introduces the proven start to finish PRAISE process that builds growth through six interrelated steps Purpose Research Analyze Implement Strategize and Evaluate Execute She demonstrates how to use fast agile real time planning techniques that are tightly integrated with execution as part of day to

day operations how to clarify your company's purpose value to customers and most attractive opportunities how to fix problems in sales and marketing that have persisted for decades and finally measure the real value of marketing how to combine the best traditional marketing techniques with the latest best practices for using social media how to systematically and continually improve customer experience and lifetime value Reece's techniques have been proven with hundreds of companies over the past two decades companies ranging from startups to intrapreneurial divisions of the world's largest Fortune 500 firms They work and with her guidance they will work for you too Selling is Dead Marc Miller, Jason Sinkovitz, 2012-06-29 A manifesto for reinventing the sales function Selling Is Dead argues that selling teams and growth motivated organizations must change to remain competitive It presents a new selling framework based on research that indicates that buyer behavior can be modeled and that large sales and small sales are fundamentally different This new framework provides salespeople with a practical structure for giving buyers significantly more value for their dollar value well beyond the products and services being sold Rather than focusing on one selling model regardless of the type of sale this book offers four different types of large sales and presents specific strategies for succeeding at each Many sales organizations are systematically mismanaging their selling opportunities and failing to optimize their markets Through effective selling models illustrative case studies and examples and real world anecdotes Selling Is Dead brings strategy and efficiency to sales and shows every sales based business how to reap the rewards Pricing and the Sales Force Andreas Hinterhuber, Stephan Liozu, 2015-09-16 Pricing and the Sales Force is the first book to link pricing strategy and the sales force together Pricing strategy is now well established as an important means of driving profits for many organizations Countless companies are now mastering price setting But what about price getting converting those list prices into the realized sales and as a result greater profitability This is the domain of the sales force A selection of the world's leading specialists explore different aspects of sales force and pricing strategy integration introduction overview on the state of the art building key capabilities best practices for building sales force capabilities in pricing and value quantification engaging the sales force driving organizational change processes with the sales force designing effective selling processes designing and implementing processes that enable superior performance and aligning sales force incentives and building the infrastructure insights into how to align sales force incentive schemes tools and instruments to enable the sales force to perform The third in Hinterhuber and Liozu's successful pricing series this book is essential reading for pricing strategy and sales scholars and practitioners Routledge Handbook of Hospitality Marketing Dogan Gursoy, 2017-10-02 This handbook analyzes the main issues in the field of hospitality marketing by focusing on past present and future challenges and trends from a multidisciplinary global perspective The book uniquely combines both theoretical and practical approaches in debating some of the most important marketing issues faced by the hospitality industry Parts I and II define and examine the main hospitality marketing concepts and methodologies Part III offers a comprehensive review of the development of

hospitality marketing over the years The remaining parts IV IX address key cutting edge marketing issues such as innovation in hospitality sustainability social media peer to peer applications Web 3 0 etc in a wide variety of hospitality settings In addition this book provides a platform for debate and critical evaluation that enables the reader to learn from the industry s past mistakes as well as future opportunities The handbook is international in its constitution as it attempts to examine marketing issues challenges and trends globally drawing on the knowledge of experts from around the world Because of the nature of hospitality which often makes it inseparable from other industries such as tourism events sports and even retail the book has a multidisciplinary approach that will appeal to these disciplines as well as others including management human resources technology consumer behavior and anthropology

**Marketing Technology as a Service** Laurie Young, Bev Burgess, 2010-05-24 Despite the fact that vast engineering networks are the foundations of modern society the services that technology companies provide over them have been a relatively neglected area of study As a result marketing in some technology businesses has been depressingly tactical and inconsistent Marketers with little experience and even less professional training run around presenting PowerPoint decks to each other chasing after the latest fad and throwing erratic changing activities at the market each quarter Many work on the unchallenged assumption that markets are fast changing and that customers only want the lowest prices Yet this industry has liberated human imagination in the internet and convinced the world that they must have a PC and a mobile phone Now as a result of profound relentless global forces some of the leading firms and greatest minds in it are at last turning their attention to service With the advent of cloud computing and radical changes in the engineering of some utilities the marketing of services that are based on a technical infrastructure is about to become as important and sophisticated as in say consumer products This book explores their story and experience I really enjoyed the book From Products to Services by Mr Laurie Young Encouraged by it Haier accelerated its changeover from a traditional product driven to a more customer centric company This new book Marketing Technology as a Service is another major contribution to technology companies for the cultivation of service needs worldwide Mr Zhang Ruimin CEO and Chairman Haier Group Beijing Young and Burgess describe a shift in mindset and pragmatic techniques that are quite doable Rae Sedel MD Global Technology Practice Russell Reynolds Associates This book provides practical and insightful advice on how to use services to turn technology into value add solutions for real people Rudy Provoost CEO Philips Lighting Business leaders in India have been remarkably successful at offering technology based services like outsourcing across the world Currently worth 60 billion they intend to reach 300 billion by 2020 To succeed the Indian business community must offer new value propositions and adapt to emerging trends like cloud computing Burgess and Young have put together the first comprehensive and practical guide for business leaders to meet their challenges of exponential growth Dr Mukesh Aghi Chairman and CEO Steria India
