*The Major Victorian Poets: Tennyson, Browning, Arnold* William Earl Buckler, 1973 Edited with an Introduction and Notes by William E Buckler     The Major Victorian Poets: Tennyson, Browning, Arnold William E. Buckler, 1973     **The Major**

**Victorian Poets: (Alfred [Lord]) Tennyson, (Robert) Browning, (Matthew) Arnold [Teils].** Alfred Lord Tennyson, 1973

The Major Victorian Poets: Tennyson, Browning, Arnold William E. Buckler, 1973     **The Major Victorian Poets: Reconsiderations (Routledge Revivals)** Isobel Armstrong, 2013-06-17 First published in 1969 this edition collection brings together a series of essays offering a re evaluation of Victorian poetry in the light of early 20th Century criticism The essays in this collection concentrate upon the poets whose reputations suffered from the great redirection of energy in English criticism initiated in this century by Eliot Richards and Leavis What theses poets wrote about the values they expressed the form of the poems the language they used all these were examined and found wanting in some radical way One of the results of this criticism was the renewal of interest in metaphysical and eighteenth century poetry and corresponding ebb of enthusiasm for Romantic poetry and for Victorian poetry in particular Most of the essays in this book take as their starting point questions raised by the debate on Victorian poetry both earlier in this century and in the more recent past There are essays on the poetry of Tennyson Browning and Arnold on that of Clough who until recently has been neglected and Hopkins because of rather than in spite of the fact that he is usually considered to be a modern poet The volume is especially valuable in that it will give a clearer understanding of the nature of Victorian poetry concentrating as it does on those areas of a poet's work where critical discussion seems most necessary     **Victorian Poetry and the Culture of Evaluation** Clara Dawson, 2020 Demonstrates how periodicals newspapers and annuals influenced Victorian poetry and offers fresh interpretations of central Victorian poets including Tennyson Barrett Browning Browning Arnold Landon and Clough

**Excavating Victorians** Virginia Zimmerman, 2009-01-08 Excavating Victorians examines nineteenth century Britain's reaction to the revelations about time and natural history provided by the new sciences of geology and archaeology The Victorians faced one of the greatest paradigm shifts in history the bottom dropped out of time and they had to reinvent their relationship to the earth and to time and history These new sciences took the Victorians by storm inundating them with fossils skeletal remains and potsherds artifacts or traces that served at once as relics from the past objects in the present and markers of time's passage Virginia Zimmerman explores how the Victorians utilized a nexus of literature excavation and reflections on time to ease anxieties about the individual's fate in the face of time's overwhelming expanse The function of artifacts is also considered through careful readings of Tennyson's *The Princess* and Dickens's *Little Dorrit* and *Our Mutual Friend* Zimmerman shows how these literary works make use of the language tropes and even generic conventions of excavation and how they participate in the effort to rescue the individual from temporal insignificance     **Gerard Manley Hopkins and Victorian Catholicism** Jill Muller, 2004-08-02 This book restores the poet to his full intellectual and literary

context as a Victorian convert to Catholicism      **Scanty plot of ground** William T. Going, 2019-01-14 No detailed description available for Scanty plot of ground      *The Greater Victorian Poets* . . Thomas R. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology      *Catalogue of Copyright Entries* Library of Congress. Copyright Office, 1937      *A History of Modern Poetry* David Perkins, 1976 This book embraces an era of enormous creative variety the formative period during which the Romantic traditions of the past were abandoned or transformed and a major new literature created More than a hundred poets are treated in this volume and many more are noticed in passing      *Browning's Beginnings* Herbert F. Tucker Jr., 1980-12-31 Browning's Beginnings was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Browning's Beginnings offers a fresh approach to the poet who among major Victorians has proved at once the most congenial and most inscrutable to modern readers Drawing on recent developments in literary theory and in the criticism of romantic poetry Herbert F Tucker Jr argues that Browning's stylistic obscurity is the result of a principled poetics of evasion This art of disclosure in deferring formal and semantic finalities constitutes an aesthetic counterpart to his open ended moral philosophy of incompleteness Browning's poems like his enormously productive career find their motivation and sustenance in his optimistic love of the future a love that is indistinguishable from his lifelong fear that there will be nothing left to say The opening chapters trace the workings of Browning's art of disclosure with extensive and original interpretations of the unduly neglected early poems Pauline Paracelsus and Sordello and place special emphasis on Browning's attitudes toward poetic tradition and language A chapter

on Browning's attitudes toward poetic tradition and language A chapter on Browning's plays identifies dynamics of representation in Pippa Passes Strafford and King Victor and King Charles Tucker discusses the pervasive analogy between Browning's ideas about poetic representation and about representation in its erotic and religious aspects and shows how the early poems and plays illustrate correlative developments in poetics and in the exploration and dramatic rendering of human psychology The remaining chapters follow the poetic psychology of Browning to its culmination in the great poems of his middle years exemplary readings of selected dramatic lyrics and monologues suggest that the ways of meaning in Browning's mature work variously bear out the sense of endlessness or perpetual initiation that is central to his poetic beginnings Tucker thus contends that the romantic and the Victorian Browning have more in common than is generally supposed and his book should appeal to students of both periods Its discussion of general literary issues poetic influence closure representation and meaning in application to particular texts should further recommend Browning's Beginnings to the nonspecialist reader interested in poetry and poetic theory
