Make a Difference Melvin L. Cheatham, 2009-02-15 Dr Mel Cheatham a successful neurosurgeon with a thriving private practice found himself at the age of fifty feeling empty He had it all And yet he knew something was missing the peace and joy that comes from showing God's love to others Then one day he heard Franklin Graham speak about the desperate need for doctors in developing countries and in that message Mel heard God speaking directly to his heart He gave up a private neurosurgery practice and devoted himself to full time medical relief work and evangelism projects in developing and war torn countries Mel Cheatham found out what it means to Make a Difference In Make a Difference Mel shares the stories of dozens of people who have risked it all to gain what they cannot lose people who learned to listen to God and respond to His call to love the world You'll read about Karen Daniels a 31 year old nurse from British Columbia who heard God calling her to minister through her medical skills in wartorn Sudan where temperatures often reach 115 degrees and the only bathrooms are pit latrines dug in the ground Marianne Morton who donated a kidney to a neighbor she barely knew a Jewish man who was being kept alive only through daily dialysis Through these and many other stories and through the use of Scripture Melvin will help you listen to God's still small voice calling you to make a difference to show His love to a world in need

Being at Home in the World Mark S. McLeod-Harrison, Philip D.

Smith,2011-03-31 Being at Home in the World is a book of Christian Apologetics But Mark McLeod Harrison and Phil Smith don t defend Christian faith instead they invite readers into faith In the course of making this invitation the authors raise suspicions against modern naturalism offer respectful criticisms of major religions and explain how Christian beliefs provide an organizing center of a flourishing human life Their invitation to Christian faith is philosophically sophisticated but it is also honest and personal McLeod Harrison and Smith tell their own stories of how they grew up as Christians and why they remain believers 101 Questions and Answers on A Course in Miracles Gene Skaggs Jr.,2011-09-23 A Course in Miracles ACIM is one of the most profound and provocative spiritual teachings of modern times It can also be quite difficult to comprehend especially for beginners In this accessible and easily understood guide veteran ACIM teacher Gene Skaggs Jr answers one hundred and one common questions that students have about the Course Faith of Our Foremothers Barbara Anne Keely,1997-01-01 Here are the stories of twelve women Sophia Fahs Hulda Niebuhr Nelle Morton Rachel Henderlite Iris Cully Norma Thompson Olivia Pearl Stokes Sara Little Dorothy Jean Furnish Freda Gardner Letty Russell and Maria Harris all religious educators all who transformed the field of religious education some long before the contemporary feminist movement Though the women represent different times interests and approaches to the discipline they all shared a commitment to creative and enthusiastic religious education Christian Doctrine Mike Higton,2024-01-31 Providing an accessible one volume guide to Christian doctrine this is a thorough re write of the first edition Since the original was published many students and teachers of doctrine in theological colleges and beyond have been learning to take more seriously the global context of their work and to recognise the difference made by facets of their identities and social locations like race class gender and disability In this edition Mike Higton seeks to do justice to this learning and invites readers to understand doctrine as an unfinished conversation between many different voices Fully updated for clarity and yet retaining its role as a rigorous introduction to its subject the book includes new interruptions which introduce voices that question the book s arguments and offer new directions for readers to pursue *The Messages of Medjugorje: The Complete Text, 1981-2014* Medjugorje-Apologia.com,2015-09-04 A complete corpus of all the messages of the apparitions of Medjugorje from the beginning to the present day Book size is A5 with a compact type font for ease of portability **The Analogy of Love** Gary Chartier,2015-11-09 This book offers an overview of Christian theology organized around the twin themes of divine and human love The book covers the traditional theological topics as well as basic questions of theological method It seeks to integrate a focus on love throughout While love is regularly canvassed as a dominant theme in Christian thought it has rarely been the focus of Christian theological construction or a constraint on theological formulation The book seeks to suggest chapter by chapter how a given topic relates to the broad theme of love The book is written in a way designed to make it accessible to university students and educated laypersons At the same time it takes positions on controverted scholarly issues and the methodological approach outlined at the beginning will be of interest to academic

theologians The Morning Star and Free Baptist ,1908 *Climate Change and the Symbol Deficit in the Christian Tradition* Jan-Olav Henriksen,2022-02-24 Exploring how the climate crisis discloses the symbol deficit in the Christian tradition this book argues that Christianity is rich in symbols that identify and address the failures of humans and the obstacles that prevent humans from doing well while positive symbols that can engage people in constructive action seem underdeveloped Henriksen examines the potential of the Christian tradition to develop symbols that can engage peoples in committed and sustained action to prevent further crisis To do so he argues that we need symbols that engage both intellectually and emotionally and which enhance our perception of belonging in relationships with other humans be it both in the present and in the future According to Henriksen the deficit can only be obliterated if we can develop symbols that have some root or resonance in the Christian tradition provide concrete and specified guidance of agency engage people both emotionally and intellectually and finally open up to visions for a moral agency that provide positive motivations for caring about environmental conditions as a whole Rethinking Vocation Eric Robinson,2023-09-07 What does it mean to be called How does one discern his or her calling There has been much discussion about these topics within the church and perhaps much confusion as well What if we could root the nature of the believer s calling and vocation from a missional perspective This book seeks to understand how a deeper understanding of God s mission can help believers discern the work to which they are called and equip them for missional witness in and through their work Importantly rooting our understanding of vocation and calling in God s mission gives space for new emphases within the conversations related to faith and work including theologically and contextually grounded emphases on creativity vocational freedom and vocational discernment along with innovative educational models which can support believers as they navigate their work as participants in God s mission When believers connect their gifts talents and creativity with God s work in and for the world in a way that is contextually relevant it opens up opportunities for transformative witness for both believers and for the organizations they serve *The God Who Trusts* Wm. Curtis Holtzen,2019-12-10 The Bible resounds with affirmations that God is faithful and trustworthy But might he also exhibit faith and trust Wm Curtis Holtzen contends that because God is a being of relational love and exists in relationship with humans then God is a God who trusts Holtzen argues that understanding the relationship between divine trust and human faith can give us a fuller truer picture of who God is and who we are **Gospel Herald** ,1923 We Answer to Another David T. Koyzis,2014-03-13 The quest to escape authority has been a persistent feature of the modern world animating liberals and Marxists Westerners and non Westerners alike Yet what if it turns out that authority is intrinsic to humanity What if authority is characteristic of everything we are and do as those created in God s image even when we claim to be free of it What if kings and commoners teachers and students employers and employees all possess authority This book argues that authority cannot be identified with mere power is not to be played off against freedom and is not a mere social construction Rather it is resident in an office given us by God himself at creation This central office is in
