

A modern, open-concept living and dining area. The space features a large, light-colored sofa with blue and white pillows in the foreground. To the left, a wooden kitchen island with a dark countertop and a black range hood is visible. In the background, a mezzanine level with a glass railing overlooks the main space. A large, textured stone fireplace wall is on the right side of the image. The floor is made of dark wood planks.

Homes for a Changing Climate Will Anderson, 2009-10-14 An exploration into the history of our collective response to the challenges of extreme weather conditions and climate At the beginning of the twenty first century the world finally woke up to the reality of climate change and began the arduous task of freeing itself from dependence on fossil fuels But the time lag in the Earth's ecosystem is such that our best efforts to cut carbon today will make little difference to the changing climate of the next 30 years As we work towards a secure low carbon future we must address the changes that are already taking place in the planet's climate We must learn to live with higher temperatures intense rainstorms rising sea levels and prolonged drought We must also confront the secondary impacts of climate change especially on energy and food security Britain has a mild temperate climate where occasional weather extremes tend to have serious impacts because we are simply not prepared for them Yet across the world communities have been living with such extremes for millennia If we have the imagination to learn from others and rethink the ways we build and live together we can face this unsettling future with confidence **Homes for a Changing Climate** celebrates this collective wisdom exploring traditional and contemporary responses to the challenges of climate and illustrating the many ways in which houses can be designed built and adapted to cope with these challenges Examples are drawn from across Europe including the supervolcano of Thera the 100mph winds of the Western Isles and the cutting edge eco building projects in Britain Based on the climate projections for the UK published by the Met Office in June 2009 **Homes for a Changing Climate** combines inspiring case studies striking photography and practical advice to create a book of imagination and hope in uncertain times **Popular Science**, 1951-01 **Popular Science** gives our readers the information and tools to improve their technology and their world The core belief that **Popular Science** and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Keith's Magazine on Home Building**, 1912 *Safety First* Project Literacy, 2005 **Log Home Living**, 1987 **Log Home Living** is the oldest largest and most widely distributed and read publication reaching log home enthusiasts For 21 years **Log Home Living** has presented the log home lifestyle through striking editorial photographic

features and informative resources For more than two decades Log Home Living has offered so much more than a magazine through additional resources shows seminars mail order bookstore Web site and membership organization That s why the most serious log home buyers choose Log Home Living
