Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008

The Makeover in Movies Elizabeth A. Ford, Deborah C. Mitchell, 2004-04-14 The plots of many films pivot on the moment when a dowdy girl with bad hair ill fitting outdated clothing and thick glasses is changed into an almost unrecognizable glamour girl Makeover scenes such as these are examined beginning with 1942's *Now Voyager* The study examines whether the film makeover is voluntary or involuntary whether it is

always successful how much screen time it takes up where in the narrative structure it falls and how the scene is actually filmed Films with a Pygmalion theme such as *My Fair Lady* *Vertigo* and *Shampoo* are examined in terms of gender relations whether the man is content with his creation and what sort of woman is the ideal Some films publicity capitalizes on a glamorous star's choice to play an unattractive character as discussed in a chapter examining stars like Bette Davis Meryl Streep and Cameron Diaz Topics also include folk literature's Cinderella tale men as the inspiration for makeovers in teen flicks films like *Clueless* *She's All That* and *Me Natalie* and class repositioning in such movies as *Working Girl* *Pretty Woman* and *Grease* Photographs are presented in a before after format showing the change in the makeover character
