Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam Antón M. Pazos,2016-04-08 Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions With a set of contributions from leading experts in the field this book explores the concept of pilgrimage in Christianity Judaism and Islam Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored ranging from Europe to Asia and from the Middle Ages to the twentieth century Even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better in inter understanding Nowadays peaceful coexistence seems to be its greatest achievement **Makers of Joy and Peace** H. A. Dale,2023-04-06 The church has not focused on the search for joy and peace but on the forgiveness of human sin as the way to joy and peace The church and its leaders proclaim it Unfortunately for many Christians the gospel now means the truth of God s forgiveness instead of an expression of perfect joy As a result the search for joy and peace has been left in the hands of advertising agencies and entrepreneurs who sell happiness in all its varieties People hunger for happiness and long for laughter and joy At parties we laugh our heads off but when we go home the joy fades We cry out for the ability to lay ourselves down and get a good night s rest We long to live our daily lives without threats of any kind We have the largest military in the world protecting us But we do not feel safe and joyful Join the author as he shares the gospel of our Lord Jesus Christ and find the joy and peace you so desperately need in your life *The Fathers Refounded* Elizabeth A. Clark,2019-02-01 In the early twentieth century a new generation of liberal professors sought to prove Christianity s compatibility with contemporary currents in the study of philosophy science history and democracy These modernizing professors Arthur Cushman McGiffert at Union Theological Seminary George LaPiana at Harvard Divinity School and Shirley Jackson Case at the University of Chicago Divinity School hoped to equip their students

with a revisionary version of early Christianity that was embedded in its social historical and intellectual settings In *The Fathers Refounded* Elizabeth A Clark provides the first critical analysis of these figures lives scholarship and lasting contributions to the study of Christianity *The Fathers Refounded* continues the exploration of Christian intellectual revision begun by Clark in *Founding the Fathers* *Early Church History* and *Protestant Professors in Nineteenth Century America* Drawing on rigorous archival research Clark takes the reader through the professors published writings their institutions and even their classrooms where McGiffert tailored nineteenth century German Protestant theology to his modernist philosophies where LaPiana the first Catholic professor at Harvard Divinity School devised his modernism against the tight constraints of contemporary Catholic theology and where Case promoted reading Christianity through social scientific aims and methods Each in his own way extricated his subfield from denominationally and theologically oriented approaches and aligned it with secular historical methodologies In so doing this generation of scholars fundamentally altered the directions of Catholic Modernism and Protestant Liberalism and offered the promise of reconciling Christianity and modern intellectual and social culture
