Making Crime Pay Law And Order In Contemporary American Politics:

Making Crime Pay Katherine Beckett, 1999-11-18 Most Americans are not aware that the US prison population has tripled over the past two decades nor that the US has the highest rate of incarceration in the industrialized world Despite these facts politicians from across the ideological spectrum continue to campaign on law and order platforms and to propose three strikes and even two strikes sentencing laws Why is this the case How have crime drugs and delinquency come to be such salient political issues and why have enhanced punishment and social control been defined as the most appropriate responses to these complex social problems *Making Crime Pay* Law and Order in Contemporary American Politics provides original fascinating and persuasive answers to these questions According to conventional wisdom the worsening of the crime and drug problems has led the public to become more punitive and tough anti crime policies are politicians collective response to this popular sentiment Katherine Beckett challenges this interpretation arguing instead that the origins of the punitive shift in crime control policy lie in the political rather than the penal realm particularly in the tumultuous period of the 1960s

The Modern Prison Paradox Amy E. Lerman, 2013-08-19 In *The Modern Prison Paradox* Amy E Lerman examines the shift from rehabilitation to punitivism that has taken place in the politics and practice of American corrections She argues that this punitive turn has had profoundly negative consequences for both crime control and American community life Professor Lerman s research shows that spending time in America s increasingly violent and castigatory prisons strengthens inmates criminal networks and fosters attitudes that increase the likelihood of criminal activity following parole Additionally Professor Lerman assesses whether America s more punitive prisons similarly shape the social attitudes and behaviors of correctional staff Her analysis reveals that working in more punitive prisons causes correctional officers to develop an us against them mentality while on the job and that the stress and wariness officers acquire at work carries over into their personal lives straining relationships with partners children and friends

America's Death Penalty David Garland, Randall McGowen, Michael Meranze, 2011-01-25 Over the past three decades the United States has embraced the death penalty with tenacious enthusiasm While most of those countries whose legal systems and cultures are normally compared to the United States have abolished capital punishment the United States continues to employ this ultimate tool of punishment The death penalty has achieved an unparalleled prominence in our public life and left an indelible imprint on our politics and culture It has also provoked intense scholarly debate much of it devoted to explaining the roots of American exceptionalism America's Death Penalty takes a different approach to the issue by examining the historical and theoretical assumptions that have underpinned the discussion of capital punishment in the United States today At various times the death penalty has been portrayed as an anachronism an inheritance or an innovation with little reflection on the consequences that flow from the choice of words This volume represents an effort to restore the sense of capital punishment as a question caught up in history Edited by leading scholars of crime and justice these original essays pursue different strategies for unsettling the usual terms of the debate In particular the authors use comparative and historical investigations of both Europe and America in order to cast fresh light on familiar questions about the meaning of capital punishment This volume is essential reading for understanding the death penalty in America Contributors David Garland Douglas Hay Randall McGowen Michael Meranze Rebecca McLennan and Jonathan Simon

Hegemonic Individualism and Subversive Stories in Capital Mitigation Ross Kleinstuber, 2016-04-22 Capital punishment policies in the USA are almost always justified by an individualistic belief in either rational choice or dispositional attribution which justifies the death penalty either as a deterrent or for retributive or incapacitative purposes This book takes an in depth look at the mitigation process and the use of individualism in the capital sentencing process The work examines the use of individualistic hegemonic and contextualizing subversive discourses in the mitigation cases presented by capital defense attorneys and experts from trials in Delaware and how these discourses were understood interpreted and utilized by jurors who served on those trials and by the judges who imposed the final sentences This in depth sociological examination of the use of individualizing and contextualizing accounts throughout the entire mitigation process helps to illuminate the challenges involved in structuring a death penalty that is not arbitrary in a culture that is overwhelmed by individualizing discourses and thus struggles to account for the entrenched racial and economic inequality that is so conducive to lethal violence In

conclusion it questions the entire premise of the Supreme Court's jurisprudence of death which rests on a belief that the discretion of decision makers can be guided in a way that accounts for contextualizing evidence and will reduce the death penalty's arbitrary and discriminatory application

The Ex Post Facto Clause Wayne A. Logan, 2022 The Ex Post Facto Clause one of the few civil liberty protections found in the body of the US Constitution reflects the Framers' acute concern over the tendency of legislatures to enact burdensome retroactive laws targeting unpopular individuals In The Ex Post Facto Clause Wayne A Logan provides the first book length examination of the history of the Clause and its potential for tempering the punitive impulses of modern American legislatures Drawing on Framing Era history seminal Supreme Court decisions and the global embrace of the values underlying the Ex Post Facto Clause Logan provides a blueprint for how the Clause can play a reinvigorated and more robust role in guarding against the penal populism besetting modern American legislatures

Borders, Mobility and Technologies of Control Sharon Pickering, Leanne Weber, 2006-09-08 Territorial borders are taking on a new significance the implications of which are relatively unexplored within the discipline of criminology This book presents the first systematic attempt to develop a critical criminology of the border and offers a unique treatment of the impact of globalisation and mobility It focuses on borders and the significance of the activities which take place on and around them For many the border is an everyday reality a space in which to live a land necessary to cross For states the border space increasingly requires protection and defence is at the centre of state ideology and performance is the site for investing significant political and material resources and is ultimately ungovernable Providing a wealth of case material from Australia Europe and North America it is for students academics and practitioners working in the areas of criminology migration human geography international law and politics globalisation sociology and cultural anthropology Borders Mobility and Technologies of Control provides a model of criminological inquiry that is global in scope constructionist in vision and capable of combining the insights of dialogic and political economic analyses into a holistic understanding of the growing conflict between nation states and multitudes This book is an important new step forward for all those who approach criminology not as an adjunct to state control but as sociological inquiry in pursuit of human justice Dr Raymond Michalowski Arizona Regents Professor Northern Arizona University USA Borders mobility and technologies of control is a radical exploration of new terrain in transnational and comparative criminology Crossing disciplinary boundaries this collection charts new forms of transgression and control in the borderlands raising new theoretical questions and topics for research Ben Bowling Professor of Criminology Criminal Justice King's College London

Bad Kids Barry C. Feld, 1999-03-18 Written by a leading scholar of juvenile justice this book examines the social and legal changes that have transformed the juvenile court in the last three decades from a nominally rehabilitative welfare agency into a scaled down criminal court for young offenders It explores the complex relationship between race and youth crime to explain both the Supreme Court decisions to provide delinquents with procedural justice and the more recent political impetus to get tough on young

offenders This provocative book will be necessary reading for criminal and juvenile justice scholars sociologists legislators and juvenile justice personnel *Punishing Schools* William Lyons, Julie Drew, 2006-03-08 How a zero tolerance political culture impacts America's students **Structural Injustice and the Law** Virginia Mantouvalou, Jonathan Wolff, 2024-10-15 In developing her conception of structural injustice Iris Marion Young made a strict distinction between large scale collective injustice that results from the normal functions of a society and the more familiar concepts of individual wrong and deliberate state repression Her ideas have attracted considerable attention in political philosophy but legal theorists have been slower to consider the relation between structural injustice and legal analysis While some forms of vulnerability to structural injustice can be the unintended consequences of legal rules the law also has potential instruments to alleviate some forms of structural injustice *Structural Injustice and the Law* presents theoretical approaches and concrete examples to show how the concept of structural injustice can aid legal analysis and how legal reform can in practice reduce or even eliminate some forms of structural injustice A group of outstanding law and political philosophy scholars discuss a comprehensive range of interdisciplinary topics including the notion of domination equality and human rights law legal status sweatshop labour labour law criminal justice domestic homicide reviews begging homelessness regulatory public bodies and the films of Ken Loach Drawn together they build an invaluable resource for legal theorists exploring how to make use of the concept of structural injustice and for political philosophers looking for a nuanced account of the law's role both in creating and mitigating structural injustice **Studies in Law, Politics, and Society** Austin Sarat, 2009-05-21 Contains a Special Issue on crime and criminal justice This title brings together the work of scholars whose work usefully illuminates central questions in about how we define and process those who violate the criminal law and about the technologies of policing and punishment *Changing Attitudes to Punishment* Julian Roberts, Mike Hough, 2013-01-11 Throughout the western world public opinion has played an important role in shaping criminal justice policy At the same time opinion polls repeatedly demonstrate that the public knows little about crime and justice and holds negative views of the criminal justice system This book consisting of chapters from leading authorities in the field is concerned to address this problem and draws upon research in a number of different countries to address the issues arising from this state of affairs Its main aims are to explore the changing and evolving nature of public attitudes to sentencing to examine the factors that influence public opinion and to bring together recent international research which has demonstrated ways in which public attitudes can be changed to propose specific strategies to respond to the crisis in public confidence in criminal justice **Cities in Federal Constitutional Theory** Erika Arban, 2022 *Cities in Federal Constitutional Theory* seeks to offer a fresh theoretical account of cities as federalism subjects exploring the increased importance of cities in recent decades from political economic socio cultural and demographic perspectives **A Research Agenda for Geographies of Slow Violence** Shannon O'Lear, 2021-06-25 This timely Research Agenda highlights how slow violence unlike other forms of conflict and direct

physical violence is difficult to see and measure It explores ways in which geographers study analyze and draw attention to forms of harm and violence that have often not been at the forefront of public awareness including slow violence affecting children women Indigenous peoples and the environment Understanding Public Attitudes to Criminal Justice Mike Hough, Julian Roberts, 2005-11-16 Which factors shape public opinion of criminal justice How do the views of the public influence criminal justice policy and practice This book provides an introduction to public attitudes towards criminal justice It explores the public s lack of confidence in criminal justice processes and summarizes findings on public attitudes towards the three principal components of the criminal process the police the courts and the prison system It examines the importance that people attach to different criminal justice functions such as preventing crime prosecuting and punishing offenders and protecting the public Topics include Youth justice and public opinion Public perception of restorative justice Penal populism and media treatment of crime The reliability of public opinion polls The drivers of public opinion Understanding Public Attitudes to Criminal Justice provides an international perspective on the issues surrounding criminal justice and public opinion drawing on research from the UK the United States and Canada and a range of other countries including South Africa Australia and New Zealand Key reading for students in criminology criminal justice and media studies this book is also of value to researchers and those with an interest in crime and the media **Breaching the Civil Order** Jeffrey C. Alexander, Trevor Stack, Farhad Khosrokhavar, 2020 A global approach to developing a theory of radicalism drawing on a series of striking case studies by leading scholars The SAGE Handbook of Punishment and Society Jonathan Simon, Richard Sparks, 2012-09-18 The project of interpreting contemporary forms of punishment means exploring the social political economic and historical conditions in the society in which those forms arise The SAGE Handbook of Punishment and Society draws together this disparate and expansive field of punishment and society into one compelling new volume Headed by two of the leading scholars in the field Jonathan Simon and Richard Sparks have crafted a comprehensive and definitive resource that illuminates some of the key themes in this complex area from historical and prospective issues to penal trends and related contributions through theory literature and philosophy Incorporating a stellar and international line up of contributors the book addresses issues such as capital punishment the civilising process gender diversity inequality power human rights and neoliberalism This engaging vibrantly written collection will be captivating reading for academics and researchers in criminology penology criminal justice sociology cultural studies philosophy and politics *Towards a Victimology of State Crime* Dawn Rothe, David Kauzlarich, 2016-05-13 State crime victimization often leaves a legacy of unrecognized victims that are ignored forgotten or negated the right to be labeled as such Victims are often glossed over as the focus is on a state s actions or inactions rather than the subsequent victimization and victims Towards a Victimology of State Crime serves to highlight the forgotten victims processes and cases of revictimization within a sociological criminological framework Contributors include expert scholars of state crime and victimology from North America Europe

Africa and Latin America to provide a well rounded focus that can address and penetrate the issues of victims of state crime This includes a diverse number of case study examples of victims of state crime and the systems of control that facilitate or impede addressing the needs of victims Additionally with the inclusion of a section on controls this volume taps into an area that is often overlooked the international level of social control in relation to a victimology of state criminality **Criminal Justice Ethics** Cyndi Banks, 2016-02-23 Criminal Justice Ethics Fourth Edition examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory exploring ethical dilemmas and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by exploring moral dilemmas faced by professionals in the criminal justice system before examining the major theoretical foundations of ethics This distinct organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of those issues
