such tireless little soldiers So you could say that in the initial stages we did our share of gardening through not so altruistic motives but soon we got addicted to the feel of soil between our fingers But then that was natural because man and the earth are bound together naturally     **Making Fairy Garden Accessories** Anna-Marie Fahmy,Andrew Fahmy,2024-03-19 How to Make Backyard Fairy Garden Accessories is a fun and adorable guide to creating little outdoor wonderlands for visiting mythical creatures Authors Anna Marie and Andrew Fahmy combine their two passions the outdoors and crafts providing step by step instructions on how to create one of a kind fairy garden accessories These projects are beginner friendly with only one requirement bring your imagination Also included is an inspirational gallery of fairy gardens houses and hand made accessories Sections of the book include different techniques and materials like working with twigs and sticks rough and polished rocks types of moss acorn caps and pinecones and working with glue guns and miniature accessories available at your local craft and hobby stores Other projects include mini and large fairy houses a swing a fire pit a Gnome garden as well as tips for lighting your creations Create an oasis in your own backyard for your visiting mythical friends     **Making Wirecraft Cards** Kate MacFadyen,2004 Wirecraft is fun accessible and inexpensive making it an ideal pastime for anyone to enjoy In this book Kate MacFadyen shows you how to use wirecraft to create a huge variety of attractive cards These can accompany gifts or be sent to mark special occasions and will thrill friends and family alike by adding that personal touch
