(1950) Lizzie Susan Stebbing,2018-05-08 As the author of this volume states the science of logic does not stand still This
book was intended to cover the advances made in the study of logic in the first half of the nineteenth century during which
time the author felt there to have been greater advances made than in the whole of the preceding period from the time of
Aristotle Advances which in her eyes were not present in contemporary text books As such this book offers a valuable insight
into the progress of the subject tracing this frenetic period in its development with a first hand awareness of its documentary
value *Getting to Good* Arthur L. Caplan,Barbara K. Redman,2018-07-23 This book represents the first comprehensive
gold standard reader on research integrity in the biomedical sciences Now more than ever the responsible conduct of
research RCR has become critically important as new technologies affect research practices in both positive and negative
ways Since learning to do science and practicing it brings researchers into contact with a vast array of ethical issues it is
critical to know the standards and how they are evolving Indeed research integrity requires scientists at all levels to operate
ethically in a system that supports ethical practice This unique foundational text covers all the relevant areas subject
protection research misconduct and conflict of interest as well as newly quantified concerns about research bias and non
reproducibility as well as other unique issues Developed by renowned experts this compelling title discusses the full range of
practices and policies that should support research that is honestly produced and disseminated It also specifically
incorporates topics noted by the National Institutes of Health as essential and required for training in RCR *Getting to Good*
Research Integrity in the Biomedical Sciences is a major contribution to the literature on bioethics and will serve as an
invaluable resource for all researchers students administrators and professionals interested in research ethics and integrity
