Making Friends In School Promoting Peer Relationships In Early Childhood

Bernard Spodek, Olivia N. Saracho

Making Friends In School Promoting Peer Relationships In Early Childhood:

Making Friends in School Patricia G. Ramsey,1991 Traditionally issues of early social development have been the concern of preschool teachers and researchers in the field of psychology and education The wealth of knowledge and experience that has been accumulated in these domains is now surfacing as educators and and politicians expand their search for solutions to America s deepening educational crisis In this book the author aims to accomplish the formidable task of not only synthesizing research efforts from a range of disciplines but also showing their direct applications to the education of children in preschool and elementary classrooms

How to Work with Standards in the Early Childhood Classroom Carol Seefeldt,2005 More and more teachers of young children are being asked to develop their curriculum according to standards This essential resource will guide educators as they grapple with a plethora of issues questions and practices surrounding the use of standards in the early childhood classroom Carol Seefeldt well known educator and bestselling author offers teachers an overview of the standards movement describes the status of standards in early education presents the issues around the design and selection of standards and provides practical strategies for effectively implementing standards with young children preschool through the early primary grades This book provides both the background knowledge and a working understanding of standards to help teachers successfully judge and select standards design appropriate ways of using and working with standards and develop appropriate assessment strategies Illustrated with children s work this how to guide provides practical illustrations of how standards can be used to benefit early childhood classrooms including many sample activities demonstrates how to work with standards in the separate subject areas of the sciences arts language and literacy mathematics and social studies offers ideas for including all children such as those with special needs and those just learning English and describes a project Children Study Their Play Yard illustrating how thematic standards based problem solving learning can be integrated into the total curriculum

Early Childhood Education Moncrieff Cochran,Rebecca S. New,2007-01-30 Early childhood education has reached a level of unprecedented national and international focus Parents policy makers and politicians have opinions as well as new questions about what how when and where young children should learn Teachers and program administrators now find curriculum discussions linked to dramatic new understandings about children s early learning and brain development Early childhood education is also a major topic of concern internationally as social policy analysts point to its role in a nation s future economic outlook As a groundbreaking contribution to its field this four volume handbook discusses key historical and contemporary issues research theoretical perspectives national policies and practices

Handbook of Research on the Education of Young Children Bernard Spodek,Olivia N. Saracho,2014-01-27 The Handbook of Research on the Education of Young Children Second Edition is an essential reference on research in early childhood education not only in the United States but throughout the world It provides a comprehensive overview of important contemporary issues and the information necessary

to make judgments about these issues The field has changed significantly since the publication of the first edition of this Handbook in 1993 creating a need for an update The Handbook of Research on the Education of Young Children Second Edition is thus focused on research conducted over the past decade or so The volume is organized in four parts Early Childhood Education and Child Development New in this edition moral development the development of creativity Early Childhood Educational Curriculum New in this edition movement or dance education the education of linguistically and culturally diverse children Foundations of Early Childhood Educational Policy New in this edition childhood poverty the education of bilingual children Research and Evaluation Strategies for Early Childhood Education New in this edition doing historical research in early childhood education postmodern and feminist orientations The Handbook of Research on the Education of Young Children Second Edition makes the expanding knowledge base related to early childhood education readily available and accessible It is a valuable tool for all who work and study in the field

Understanding Quantitative and Qualitative Research in Early Childhood Education William Lawrence Goodwin, Laura D. Goodwin, 1996 What are the fundamental elements of good quantitative and qualitative research What are the strengths and weaknesses of each approach What does research offer early childhood education Are quantitative and qualitative approaches compatible This book presents the research process and its components in a straightforward easily accessible manner Using real examples from early childhood education authors William L Goodwin and Laura D Goodwin bring to life for the first time the various methods of research and how they may be studied and applied They explore the major aspects of both quantitative and qualitative paradigms and techniques stressing the compatibility and complementary nature of the two approaches that are so often seen as mutually exclusive if not downright contradictory

International Handbook of Psychology in Education Karen Littleton, Clare Wood, Judith Kleine Staarman, 2010-05-26 Provides researchers practitioners and advisers working in the fields of psychology and education with an overview of research across a broad spectrum of work within the domain of psychology of education This book focuses on typically developing school age children although issues relating to specific learning difficulties are also addressed

Social Worlds of Children Anne Haas Dyson, 1993 Presents the results of a two year ethnographic study of K 3 children who do not tell stories in the written language format valued by most early literacy educators

Play from Birth to Twelve Doris Pronin Fromberg, Doris Bergen, 2012-11-12 In light of recent standards based and testing movements the issue of play in childhood has taken on increased meaning for educational professionals and social scientists This second edition of Play From Birth to Twelve offers comprehensive coverage of what we now know about play its guiding principles its dynamics and importance in early learning These up to date essays written by some of the most distinguished experts in the field help students explore all aspects of play including new approaches not yet covered in the literature how teachers in various classroom situations set up and guide play to facilitate learning how play is affected by societal violence media reportage technological innovations and other contemporary issues which areas of play have been

studied adequately and which require further research

The Emotional Development of Young Children Marilou

Hyson, 2004 Marylou Hyson provides educators with real life examples and evidence based teaching strategies to advance children's understanding and appropriate expression of their emotions

Valuing Quality in Early Childhood Services

Peter Moss, Alan Pence, 1994-10-28 Not only does this book offer a great deal of insight into evaluating early childhood services it also provides a focal point for those interested in establishing goals objectives and evaluation criteria for their own early childhood programmes Early Years Quality has become a priority issue for all concerned with early childhood care and education services Starting from the premise that quality is a relative and dynamic concept based on values and beliefs Valuing Quality in Early Childhood Services examines how the definitions of quality are established and who is involved in their establishment The book advocates that the process should involve a range of stakeholder groups including children parents staff care providers researchers employers and the community A key issue that emerges is the need for new and creative approaches to the development of an inclusionary process in the definitions and attainment of quality care

In the Spirit of the Studio Lella Gandini, 2005 As the authors state in their opening chapter prepare to be amazed This beautiful book describes the revolution that the Reggio Emilia atelier art studio brought to the education of young children in Italy and follows that revolution across the ocean to North America It explores how the experiences of children interacting with rich materials in the atelier affect an entire school's approach to the construction and expression of thought and learning Lavishly illustrated in full color this original volume includes detailed interviews with Italian educators from Reggio Emilia offers a window into many ateliers within the United States examining the multiple ways that experience is altered when teachers parents and children prepare and work together in the studio setting addresses the practical aspects of the atelier including organizing the environment using materials and provides examples of projects and features a comprehensive approach that addresses many varied issues related to children including learning collaboration relationships and community

Moral Classrooms, Moral Children Rheta DeVries, Betty Zan, 1994 This work addresses the question of how to establish an interpersonal classroom atmosphere that fosters children's intellectual social moral emotional and personality development

Let's Be Friends Kristen Mary Kemple, 2003 This book describes methods of support and intervention teachers can use to create social inclusion in preschool and the primary grades Combining general early childhood education with special education this unique volume explains a wide variety of strategies ranging from environmental arrangement on the spot teaching and cooperative learning to more intensive individually targeted interventions for children experiencing particular challenges and disabilities This is a book richly populated with young children their words their concerns and a host of collaborative strategies for promoting peer affirmation How I wish that all young children would have had the benefit of teachers who read understood and implemented the ideas in this book From the Foreword by Mary Renck Jalongo Editor in Chief Early Childhood Education Journal Let's Be Friends addresses critical

questions about how early childhood programs can help all young children including those at risk to develop competent social interaction skills an invaluable contribution in its translation of research results to practical interventions Karen E Diamond Director Child Development Laboratory School Purdue University Striving for Excellence ,1991

Contemporary Perspectives on Research in Assessment and Evaluation in Early Childhood Education Olivia Saracho,2015-08-01 Researchers educators professional organizations administrators parents and policy makers have increased their involvement in the assessment and evaluation of early childhood education programs This interest has developed swiftly during the last decades The National Association for the Education of Young Children NAEYC and the National Association of Early Childhood Specialists in State Departments of Education NAECS SDE developed a position statement titled Early childhood curriculum assessment and program evaluation Building an effective accountable system in programs for children birth through age 8 to address related trends issues guiding principles and values Appropriate and well designed evaluations need to address several audiences including researchers educators policy makers children and parents They need to encourage the implementation of a strong foundation that improves the quality of the children s education Child assessment and program evaluation can lead to effective results and better accountability for preschool kindergarten and primary school programs The purpose of this volume is to share a collection of research strands on contemporary perspectives on research in assessment and evaluation in early childhood education It provides a review and critical analysis of the literature on assessment and evaluation of programs children teachers and settings The volume begins with a brief introductory chapter that presents the reader with a map of the area laying out the issues and alternatives and linking these to the chapters that follow It addresses several areas including 1 understanding assessment and evaluation with young children 2 schools and assessment implications 3 teacher evaluation and professional development 4 social relationships and assessment 5 content areas in early education assessment 6 technology and assessment and 7 conclusion with future research directions in assessment and evaluation in early childhood education The volume is of interest to researchers educators policy makers university faculty graduate students and general readers who are interested in research on assessment and evaluation in early childhood education The chapters are authored by established scholars in the field

Early Years Education: Curriculum issues in early childhood education Rod Parker-Rees,Jenny Willan,2006 This collection of papers provides a useful resource for scholars who need to ground their own study in a wider historical and global discourses concerning the education of children under eight The Child at School Peter Blatchford,Anthony D. Pellegrini,Ed Baines,2015-07-16 What is the nature of children s social life in school How do their relationships and interactions with peers teachers and other school staff influence their development and experience of school This book written by leading researchers in educational and developmental psychology provides answers to these questions by offering an integrated perspective on children s social interactions and relationships with their peers and teachers in school Peer

interactions in school have tended to be underestimated by educationalists and this book redresses the balance by giving them equal weight to teacher child interactions In this second edition the authors extensively revise the text on the basis of many years of research and teaching experience They highlight common misconceptions about children their social lives and school achievement which have often resulted in ineffective school policy The book includes a number of important topics including The significance of peer friendships at school The nature and importance of play and break times Aggression and bullying at school Peer relations and learning at school The classroom environment and teacher pupil interaction The influence of gender in how children learn at school Advantages and disadvantages of different methodological approaches for studying children in school settings Policy implications of current research findings The Child at School will be essential reading for all students of child development and educational psychology It will also be an invaluable source for both trainee and practicing teachers and teaching assistants as well as clinical psychologists and policy makers in this area Integrated Curriculum and Developmentally Appropriate Practice Craig H. Hart,Diane C. Burts,Rosalind Charlesworth,1997-01-01

Combines research and practice on integrated developmentally appropriate curriculum that helps theorists researchers parents and teachers understand how to match early childhood teaching practices to the integrated manner that young children naturally think and learn **Best Friends, Worst Enemies** Michael Thompson, PhD,Cathe

O'Neill-Grace,2002-07-30 With uncommon sensitivity and intelligence this book offers parents a window into their kids often tumultuous relationships with classmates Time Friends broaden our children s horizons share their joys and secrets and accompany them on their journeys into ever wider worlds But friends can also gossip and betray tease and exclude Children can cause untold suffering not only for their peers but for parents as well In this wise and insightful book psychologist Michael Thompson Ph D and children s book author Catherine O Neill Grace illuminate the crucial and often hidden role that friendship plays in the lives of children from birth through adolescence Drawing on fascinating new research as well as their own extensive experience in schools Thompson and Grace demonstrate that children s friendships begin early in infancy and run exceptionally deep in intensity and loyalty As children grow their friendships become more complex and layered but also more emotionally fraught marked by both extraordinary intimacy and bewildering cruelty As parents we watch and often live through vicariously the tumult that our children experience as they encounter the cool crowd shifting alliances bullies and disloyal best friends Best Friends Worst Enemies brings to life the drama of childhood relationships guiding parents to a deeper understanding of the motives and meanings of social behavior Here you will find penetrating discussions of the difference between friendship and popularity how boys and girls deal in unique ways with intimacy and commitment whether all kids need a best friend why cliques form and what you can do about them Filled with anecdotes that ring amazingly true to life Best Friends Worst Enemies probes the magic and the heartbreak that all children experience with their friends Parents teachers counselors indeed anyone who cares about children will find this an eye opening and wonderfully affirming

book Relevant and compelling Parents will be wiser for reading The Boston Globe The stories in this book come from many perspectives those of therapists educators and parents The wise kind authors give us a fresh and cogent analysis of this critically important issue Mary Pipher Ph D author of Reviving Ophelia **Leading Psychoeducational Groups for Children and Adolescents** Janice L. DeLucia-Waack,2006-05-03 This book provides readers with direction on how to organize psychoeducational groups while also helping them enhance skills for effectively leading such groups all in one comprehensive volume Offering an applied pragmatic approach author Janice L DeLucia Waack uniquely integrates research and practice to suggest valuable leadership strategies while addressing special issues such as children of divorce anger management bullying behaviors and much more
