Clemen,Terence Reilly,2001 Earlier ed published in 1996 under title Making hard decisions Cost-Effectiveness Analysis Henry M. Levin,Patrick J. McEwan,2001 the presentation is lucid and the examples and math are not taxing Furthermore the pedagogical and other improvements in the text are more than marginal they are major and make the purchase of this second edition well worth it even if you have the first EVALUATION AND PROGRAM PLANNING Vol 26 1 Listing all of its virtues would be superfluous Levin and McEwan have produced an excellent resource for teaching a valuable handbook for practitioners and a solid guide to research David Plank COMPARATIVE EDUCATION REVIEW Feb 2002 Every student in evaluation studies and all who aspire to become professional evaluators must have some minimal knowledge of cost effectiveness The content of this book should admirably serve that purpose and should be required reading in all programs that prepare professional evaluators both inside and outside the field of education The purpose of the book is to familiarize the reader with the uses concepts and applications of cost analysis approaches to educational evaluations Careful attention is given to outlining the development and use of cost feasibility cost effectiveness cost benefit and cost utility as complimentary techniques for assisting educational decisions Darrell R Lewis Educational Policy University of Minnesota Those of you teaching cost analysis and management of human services systems should look carefully at this text Human services professional managing systems are confronted with the problems of being increasingly more efficient This text will help you teach those students entering the field about how to conduct analytical studies of their management practices I award the authors many accolades for an excellent treatment of a very complex topic which is now translated into useable materials for management Jon S Ebeling Political Science California State University Chico Research shows that smaller class sizes

generate benefits in the form of higher achievement But does that mean that reducing class size is a cost effective policy change This book by Levin and McEwan provides the analytical tools and concepts for educational policy makers to address that and many other policy questions It defines and distinguishes various concepts of cost analysis including cost effectiveness cost benefit and cost utility analysis and makes a compelling case for their usefulness to policy makers The book offers an essential analytical foundation for all policy makers in education interested in spending money wisely and productively Helen F Ladd Public Policy Studies the nature of costs including how to identify measure and distribute costs measuring effectiveness utility and benefits and lastly the challenges to incorporating cost evaluations in the decision making process In depth exercises are included at the end of each chapter to enable readers to sharpen their ability to evaluate policy options and program effectiveness The feedback to these exercises are provided in an Appendix at the end of the book The authors also provide readers with recommended readings at the end of chapters and a comprehensive bibliography of methodological sources on cost analysis and educational cost studies at the end of the book This book will enable readers to reduce the costs of reaching particular objectives and expand what can be accomplished for any particular budget or resource constraint Advanced Risk Analysis in Engineering Enterprise Systems Cesar Ariel Pinto, Paul R.

Garvey, 2016-04-19 Since the emerging discipline of engineering enterprise systems extends traditional systems engineering to develop webs of systems and systems of systems the engineering management and management science communities need new approaches for analyzing and managing risk in engineering enterprise systems Advanced Risk Analysis in Engineering Enterprise **TOPSIS and its Extensions: A Distance-Based MCDM Approach** Hsu-Shih Shih, David L.

Olson, 2022-09-07 The objective of the book is to provide materials to demonstrate the development of TOPSIS and to serve as a handbook It contains the basic process of TOPSIS numerous variant processes property explanations theoretical developments and illustrative examples with real world cases Possible readers would be graduate students researchers analysts and professionals who are interested in TOPSIS a distance based algorithm and who would like to compare TOPSIS with other MCDM methods The book serves as a research reference as well as a self learning book with step by step illustrations for the MCDM community Portfolio Decision Analysis Ahti Salo, Jeffrey Keisler, Alec Morton, 2011-08-12

Portfolio Decision Analysis Improved Methods for Resource Allocation provides an extensive up to date coverage of decision analytic methods which help firms and public organizations allocate resources to lumpy investment opportunities while explicitly recognizing relevant financial and non financial evaluation criteria and the presence of alternative investment opportunities In particular it discusses the evolution of these methods presents new methodological advances and illustrates their use across several application domains The book offers a many faceted treatment of portfolio decision analysis PDA Among other things it i synthesizes the state of play in PDA ii describes novel methodologies iii fosters the deployment of these methodologies and iv contributes to the strengthening of research on PDA Portfolio problems are widely regarded as

the single most important application context of decision analysis and with its extensive and unique coverage of these problems this book is a much needed addition to the literature The book also presents innovative treatments of new methodological approaches and their uses in applications The intended audience consists of practitioners and researchers who wish to gain a good understanding of portfolio decision analysis and insights into how PDA methods can be leveraged in different application contexts The book can also be employed in courses at the post graduate level
