Dreaming of Sheep in Navajo Country Marsha

Weisiger,2011-11-15 Dreaming of Sheep in Navajo Country offers a fresh interpretation of the history of Navajo Din pastoralism The dramatic reduction of livestock on the Navajo Reservation in the 1930s when hundreds of thousands of sheep goats and horses were killed was an ambitious attempt by the federal government to eliminate overgrazing on an arid landscape and to better the lives of the people who lived there Instead the policy was a disaster resulting in the loss of livelihood for Navajos especially women the primary owners and tenders of the animals without significant improvement of the grazing lands Livestock on the reservation increased exponentially after the late 1860s as more and more people and animals hemmed in on all sides by Anglo and Hispanic ranchers tried to feed themselves on an increasingly barren landscape At the beginning of the twentieth century grazing lands were showing signs of distress As soil conditions worsened weeds unpalatable for livestock pushed out nutritious native grasses until by the 1930s federal officials believed conditions had reached a critical point Well intentioned New Dealers made serious errors in anticipating the human and environmental consequences of removing or killing tens of thousands of animals Environmental historian Marsha Weisiger examines the factors that led to the poor condition of the range and explains how the Bureau of Indian Affairs the Navajos and climate change contributed to it Using archival sources and oral accounts she describes the importance of land and stock animals in Navajo culture By positioning women at the center of the story she demonstrates the place they hold as significant actors in Native American and environmental history Dreaming of Sheep in Navajo Country is a compelling and important story that looks at the people and conditions that contributed to a botched policy whose legacy is still felt by the Navajos and their lands today

Navajo Beadwork Ellen K. Moore,2019-03-14 Sunset Fire Rainbow Drawing on such common occurrences of light Navajo artists have crafted an uncommon array of design in colored glass beads Beadwork is an art form introduced to the Navajos through other Indian and Euro American contacts but it is one that they have truly made their own More than simple crafts Navajo beaded designs are architectures of light Ellen Moore has written the first history of Navajo beadwork belts and hatbands baskets and necklaces in a book that examines both the influence of Navajo beliefs in the creation of this art and the primacy of light and color in Navajo culture Navajo Beadwork Architectures of Light traces the evolution of the art as explained by traders Navajo consultants and Navajo beadworkers themselves It also shares the visions words and art of 23 individual artists to reveal the influences on their creativity and show how they go about creating their designs As Moore reveals Navajo beadwork is based on an aggregate of beliefs categories and symbols that are individually interpreted and transposed into beaded designs Most designs are generated from close observation of light in the natural world then

structured according to either Navajo tradition or the newer spirituality of the Native American Church For many beadworkers creating designs taps deeply embedded beliefs so that beaded objects reflect their thoughts and prayers their aesthetic sensibilities and their sense of being Navajo but above all their attention to light and its properties No other book offers such an intimate view of this creative process and its striking color plates attest to the wondrous results Navajo Beadwork Architectures of Light is a valuable record of ethnographic research and a rich source of artistic insight for lovers of beadwork and Native American art *A Civil War History of the New Mexico Volunteers and Militia* Jerry D.

Thompson,2015-09-01 The Civil War in New Mexico began in 1861 with the Confederate invasion and occupation of the Mesilla Valley At the same time small villages and towns in New Mexico Territory faced raids from Navajos and Apaches In response the commander of the Department of New Mexico Colonel Edward Canby and Governor Henry Connelly recruited what became the First and Second New Mexico Volunteer Infantry In this book leading Civil War historian Jerry Thompson tells their story for the first time along with the history of a third regiment of Mounted Infantry and several companies in a fourth regiment Thompson s focus is on the Confederate invasion of 1861 1862 and its effects especially the bloody Battle of Valverde The emphasis is on how the volunteer companies were raised who led them how they were organized armed and equipped what they endured off the battlefield how they adapted to military life and their interactions with New Mexico citizens and various hostile Indian groups including raiding by deserters and outlaws Thompson draws on service records and numerous other archival sources that few earlier scholars have seen His thorough accounting will be a gold mine for historians and genealogists especially the appendix which lists the names of all volunteers and militia men **Formations**

Kit Carson and the Indians Thomas W.

Dunlay,2005-05-01 Portrayed by past historians as the greatest guide and Indian fighter in the West Kit Carson has become in recent years a historical pariah a brutal murderer who betrayed the Navajos and an unwitting dupe of American expansion and a racist Many historians now question both his reputation and his place in the pantheon of American heroes Here we are urged to reconsider Carson yet again Carson was a man of the nineteenth century whose racial views and actions were much like those of his contemporaries

Final Environmental Impact Statement on Public Service Company of New Mexico's Proposed New Mexico Generating Station and Other Possible End Uses of the Ute Mountain Land

Exchange ,1983 **Indian Country** Martin Padget,2006 Indian Country analyzes the works of Anglo writers and artists who encountered American Indians in the course of their travels in the Southwest during the one hundred year period beginning in 1840 Martin Padget looks first at the accounts produced by government sponsored explorers most notably John Wesley Powell s writings about the Colorado Plateau He goes on to survey the writers who popularized the region in fiction and travelogue including Helen Hunt Jackson and Charles F Lummis He also introduces us to Eldridge Ayer Burbank an often overlooked artist who between 1897 and 1917 made thousands of paintings and drawings of Indians from over 140 western tribes Padget addresses two topics how the Southwest emerged as a distinctive region in the minds of late nineteenth and early twentieth century Americans and what impact these conceptions and the growing presence of Anglos had on Indians in the region Popular writers like Jackson and Lummis presented the American Indians as a primitive culture waiting to be discovered and experienced firsthand Later as Padget shows Anglo activists for Indian rights such as Mabel Dodge Luhan and Mary Austin worked for the acceptance of other views of Native Americans and their cultures **The Navajos** Ruth Murray Underhill,1956 Explores the history and culture of the southwestern Indian tribe **An Empire Wilderness** Robert D. Kaplan,2014-11-12 Having reported on some of the world s most violent least understood regions in his bestsellers Balkan Ghosts and The Ends of the Earth Robert Kaplan now returns to his native land the United States of America Traveling like Tocqueville and John Gunther before him through a political and cultural landscape in transition Kaplan reveals a nation shedding a familiar identity as it assumes a radically new one An Empire Wilderness opens in Fort Leavenworth Kansas where the first white settlers moved into Indian country and where Manifest Destiny was born In a world whose future conflicts can barely be imagined it is also the place where the army trains its men to fight the next war A nostalgic view of the United States is deliberately cultivated here Kaplan writes as if to bind the uncertain future to a reliable past From Fort Leavenworth Kaplan travels west to the great cities of the heartland to St Louis once a glorious shipping center expected to outshine imperial Rome and now touted with its desolate inner city and miles of suburban gated communities as the most average American city Kaplan continues west to Omaha down through California north from Mexico across Arizona New Mexico and Texas up to Montana and Canada and back through Oregon He visits Mexican border settlements and dust blown county sheriffs offices Indian reservations and nuclear bomb plants cattle ranches in the Oklahoma Panhandle glacier mantled forests in the Pacific Northwest swanky postsuburban sprawls and grim bus terminals and comes at last to the great battlefield at Vicksburg Mississippi where an earlier generation of Americans gave their lives for their vision of an American future But what if anything he asks will today s Americans fight and die for At Vicksburg Kaplan contemplates the new America through which he has just traveled an America of sharply polarized communities that draws its population from pools of talent far beyond its borders an America where the distance between winners and losers grows exponentially as corporations assume gov ernment functions and the wealthy find themselves more closely linked to their business associates

in India and China than to their poorer neighbors a few miles away an America where old loyalties and allegiances are vanishing and new ones are only beginning to emerge The new America he found is in the pages of this book Kaplan gives a precise and chilling vision of how the most successful nation the world has ever known is entering the final and highly uncertain phase of its history **Century's of War's** Irene J. Dumas,2020-05-06 In this book you will read a comprehensive history of wars as far back as the 1500 s to present day Iraq This book not only talks about all wars the United States of America was active in it includes wars two century s before the US became a nation Also besides reading about the twelve wars that the United States troops took part in the author comprised and has written about other events that are of signicent nature such as the Andersonville Confederate Prison during the Civil War Throughout the book included in each war is placed a warrior The author has chosen a warrior for each of the earlier wars that she felt worthy The later wars like WW II Korea Vietnam and so on she has included a warrior that she was fortunate enough to interview and tell about their military history
