

Negotiating Local Knowledge

Power and Identity in Development

Edited by Johan Pottier,
Alan Bicker and Paul Sillitoe

Negotiating Local Knowledge

**Lynda Cheshire, Vaughan
Higgins, Geoffrey Lawrence**

Negotiating Local Knowledge:

Negotiating Local Knowledge Johan Pottier, Alan Bicker, Paul Sillitoe, 2003-04-20 This is an original approach to debates about indigenous knowledge Concentrating on the political economy of knowledge construction and dissemination they look at the variety of ways in which development policies are received and constructed to reveal the ways in which local knowledge are appropriated and recast either by local elites or by development agencies Until now debates about indigenous knowledge have largely been conducted in terms of agricultural and environmental issues such as bio piracy and gene patenting This collection breaks new ground by opening up the theoretical debate to include areas such as post war traumatic stress counselling representations of nuclear capability architecture mining and the politics of eco tourism *The Ashgate Research Companion to Anthropology* Andrew J. Strathern, 2016-03-03 This companion provides an indispensable overview of contemporary and classical issues in social and cultural anthropology Although anthropology has expanded greatly over time in terms of the diversity of topics in which its practitioners engage many of the broad themes and topics at the heart of anthropological thought remain perennially vital such as understanding order and change diversity and continuity and conflict and co operation in the reproduction of social life Bringing together leading scholars in the field the contributors to this volume provide us with thoughtful and fruitful ways of thinking about a number of contemporary and long standing arenas of work where both established and more recent researchers are engaged The companion begins by exploring classic topics such as Religion Rituals Language and Culture Violence and Gender This is followed by a focus on current developments within the discipline including Human Rights Globalization and Diasporas and Cosmopolitanism It provides an interesting and challenging look at the state of current thinking in anthropology serving as a rich resource for scholars and students alike *Practices of Ethics* Fernanda Menéndez, Isabella Paoletti, Maria Isabel Tomás, 2013-07-26 This book is intended for social sciences researchers in a variety of disciplines including sociology sociolinguistics psychology gerontology and ethnography who during all stages of their research be it quantitative or qualitative are confronted with ethical dilemmas As such the chapters in this book provide the reader with examples of ethical reflection within the research process The selection does not cover all the possible ethical issues they may face but all of the chapters deal with the complex and unexpected but fundamental ethical questions that arise before during and after fieldwork and which do not always find clear guidance from the professional ethical codes they submit to The studies in this book contribute to the present debate on ethical issues in social sciences research in addition to problematizing a normative approach to ethics in social sciences research and highlighting the importance of considering the social character of research activities when applying ethical guidelines or Research Ethic Committees prescriptive procedures These essays document researchers practical moral reasoning in carrying out their research activities and in complying with the relevant legislation in relation to protecting research participants Practices of ethics are identified and made describable they are made the object of empirical

documentation This book shows that a new empirical approach to ethics as a discipline is emerging having practices of ethics as its specific object of study **The Oxford Handbook of Contextual Political Analysis** Robert E. Goodin, Charles Tilly, 2008-06-19 This is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science This work explores the idea of context in politics from a number of angles including philosophically psychologically historically and culturally *Philosophy and Anthropology* Ananta Kumar Giri, John Clammer, 2013-12-15 Philosophy and anthropology have many but largely unexplored links and interrelationships Historically they have informed each other in subtle ways This volume of original essays explores and enhances this relationship through anthropological engagement with philosophy and vice versa the nature sources and history of philosophical anthropology phenomenology and the practical methodological and theoretical implications of a dialogue between the two subjects Philosophy and Anthropology Border Crossings and Transformations seeks to enrich both the humanities and the social sciences through its informative and stimulating essays **The International Organization for Migration** Martin Geiger, Antoine Pécoud, 2020-02-18 In 2016 the International Organization for Migration IOM became part of the United Nations With 173 member states and more than 400 field offices the IOM the new UN migration agency plays a key role in migration governance The contributors in this volume provide an in depth and comprehensive insight into the IOM its transformation current structure and projects as well as its capacity self understanding and political agenda *International Handbook of Research on Environmental Education* Robert B. Stevenson, Robert Stevenson, 2013 The environment and contested notions of sustainability are increasingly topics of public interest political debate and legislation across the world Environmental education journals now publish research from a wide variety of methodological traditions that show linkages between the environment health development and education The growth in scholarship makes this an opportune time to review and synthesize the knowledge base of the environmental education EE field The purpose of this 51 chapter handbook is not only to illuminate the most important concepts findings and theories that have been developed by EE research but also to critically examine the historical progression of the field its current debates and controversies what is still missing from the EE research agenda and where that agenda might be headed Published for the American Educational Research Association AERA **The Companion to Development Studies** Vandana Desai, Rob Potter, 2014-03-21 The Companion to Development Studies contains over a hundred chapters written by leading international experts within the field to provide a concise and authoritative overview of the key theoretical and practical issues dominating contemporary development studies Covering a wide range of disciplines the book is divided into ten sections each prefaced by a section introduction written by the editors The sections cover the nature of development theories and strategies of development globalization and development rural development urbanization and development environment and development gender health and education the political economy of violence and insecurity and governance and development This third edition has been extensively

updated and contains 45 new contributions from leading authorities dealing with pressing contemporary issues such as race and development ethics and development BRICs and development global financial crisis the knowledge based economy and digital divide food security GM crops comparative urbanism cities and crime energy water hydropolitics climate change disability fragile states global war on terror ethnic conflict legal rights to development ecosystems services for development just to name a few Existing chapters have been thoroughly revised to include cutting edge developments and to present updated further reading and websites The Companion to Development Studies presents concise overviews providing a gateway to further reading and a flexible resource for teaching and learning It has established a role as essential reading for all students of development studies as well as those in cognate areas of geography international relations politics sociology anthropology and economics The Handbook of Sociocultural Anthropology James G. Carrier, Deborah B.

Gewertz, 2020-06-29 The Handbook of Sociocultural Anthropology presents a state of the art overview of the subject its methodologies current debates history and future It will provide the ultimate source of authoritative critical descriptions of all the key aspects of the discipline as well as a consideration of the general state of the discipline at a time when there is notable uncertainty about its foundations composition and direction Divided into five core sections the Handbook examines the changing theoretical and analytical orientations that have led to new ways of carrying out research presents an analysis of the traditional historical core and how the discipline has changed since 1980 considers the ethnographic regions where work has had the greatest impact on anthropology as a whole outlines the people and institutions that are the context in which the discipline operates covering topics from research funding to professional ethics Bringing together leading international scholars the Handbook provides a guide to the latest research in social and cultural anthropology Presenting a systematic overview and offering a wide range of examples insights and analysis it will be an invaluable resource for researchers and students in anthropology as well as cultural and social geography cultural studies and sociology In Pursuit of Progress Hannah C. M. Bulloch, 2017-01-31 How are meta narratives of development entangled in people s identities and life trajectories How do they inhabit people s histories their understandings of their place in the world and their dreams for the future The idea of development has been deconstructed and scrutinized as a Western metaphor ordering global difference and as a banner under which diverse schemes for societal improvement find legitimacy and common purpose But how is development assimilated into the worldviews of development s subjects How does it reshape identities and in what ways is it reshaped in the process Drawing on a decade of ethnographic research on the Philippine island of Siquijor In Pursuit of Progress explores myths meanings and practices of development and its counterparts progress and modernization It does so not only by considering development as planned community wide interventions aimed at society wide improvements in living standards but by recognizing that as a cognitive tool for organizing relationships between people development is personal For Siquijodnon development or kalamboan is also a process of self transformation

concerning changes in knowledge body roles and cultural orientation Emblems as diverse as skin color Christianity infant formula and infrastructure make statements about development on Siquijor Kalamboan is bound up with social mobility consumption and status but so too is it imbued with ideals of the simple life a life of austerity and attention to social relationships and with other assumptions about how people should live Author Hannah Bulloch analyzes development not only as a prescription for material aspiration but also for moral endeavor In Pursuit of Progress offers rich ethnographic insights into contemporary Visayan culture engaging with questions of enduring significance in Philippines studies including livelihood change colonial mentality everyday politics and moral economy It will contribute to debates in anthropology sociology and development studies regarding the ways in which discourses of development act upon local and global power relations

The Politics of Belonging in India Daniel J. Rycroft, Sangeeta Dasgupta, 2011-03-29 Since the 1990s the Indigenous movement worldwide has become increasingly relevant to research in India re shaping the terms of engagement with Adivasi Indigenous tribal peoples and their pasts This book responds to the growing need for an inter disciplinary re assessment of Tribal studies in postcolonial India and defines a new agenda for Adivasi studies It considers the existing conceptual and historical parameters of Tribal studies as a means of addressing new approaches to histories of de colonization and patterns of identity formation that have become visible since national independence Contributors address a number of important concerns including the meaning of Indigenous studies in the context of globalised academic and political imaginaries and the possibilities and pitfalls of constructions of indigeneity as both a foundational and a relational concept A series of short editorial essays provide theoretical clarity to issues of representation resistance agency recognition and marginality The book is an essential read for students and scholars of Indian Sociology Anthropology History Cultural Studies and Indigenous studies

Adaptation to Climate Change and Variability in Rural West Africa Joseph A. Yaro, Jan Hesselberg, 2016-04-12 This book presents conceptual and empirical discussions of adaptation to climate change variability in West Africa Highlighting different countries experiences in adaptation by different socio economic groups and efforts at building their adaptive capacity it offers readers a holistic understanding of adaptation on the basis of contextual and generic sources of adaptive capacity Focusing on adaptation to climate change variability is critical because the developmental challenges West Africa faces are increasingly intertwined with its climate history Today climate change is a major developmental issue for agrarian rural communities with high percentages of the population earning a living directly or indirectly from the natural environment This makes them highly vulnerable to climate driven ecological change in addition to threats in the broader political economic context It is imperative that rural people adapt to climate change but their ability to successfully do so may be limited by competing risks and vulnerabilities As such elucidating those vulnerabilities and sources of strength with regard to the adaptive capacities needed to support successful adaptation and avoid maladaptation is critical for future policy formulation Though the empirical discussion is geographically based on West Africa its applicability in terms

of the processes structures needs strategies and recommendations for policy transcends the region and provides useful lessons for understanding adaptation broadly in the developing world **Alliances** Lynne Davis,2010-05-28 When Indigenous and non Indigenous activists work together what are the ends that they seek and how do they negotiate their relationships while pursuing social change Alliances brings together Indigenous and non Indigenous leaders activists and scholars in order to examine their experiences of alliance building for Indigenous rights and self determination and for social and environmental justice The contributors both Indigenous and non Indigenous come from diverse backgrounds as community activists and academics They write from the front lines of struggle from spaces of reflection rooted in past experiences and from scholarly perspectives that use emerging theories to understand contemporary instances of alliance Some contributors reflect on methods of mental decolonization while others use Indigenous concepts of respectful relationships in order to analyze present day interactions Most importantly Alliances delves into the complex political and personal relationships inherent in both Indigenous and non Indigenous struggles for social justice to provide insights into the tensions and possibilities of Indigenous non Indigenous alliance and coalition building in the early twenty first century

The Governance of Transitions - The Transitions of Governance Martijn van der Steen,Johan Burger,Werner Burger,2018-12-18 Why is societal transition not simply a matter of change management or normal policy design South Africa is living proof of the ability of a society to reinvent and reinstall itself With the advent of new societal challenges came the need for real societal innovation especially in sectors where it was never deemed necessary or possible before This book asks What type of governance is helpful for developing new societal institutions and systems that can overcome systemic crises in emerging economies and fragile communities What emerges is a compilation of chapters that introduce different parts of a solution which can be used in developing both a growing body of practices of governed societal transitions and the associated transition of governance The Governance of Transitions The Transitions of Governance in part aims to provide building blocks which government and society could use to develop strategies for creating sustainable outcomes It considers what kind of leadership organisation or methods for accountability enable new types of governance and what the most important barriers are

African Education and Globalization Ali A. Abdi,Korbla P. Puplampu,George Jerry Sefa Dei,2006-01-01 Containing both theoretical discussions of globalization and specific case analyses of individual African countries this collection of essays examines the intersections of African education and globalization with multiple analytical and geographical emphases and intentions **Anthropology for Development** Robyn Eversole,2017-10-24 Anthropology for Development From Theory to Practice connects cross cultural social theory with the concerns of development policy and practice It introduces the reader to a set of key ideas from the field of anthropology of development and shows how these insights can be applied to solve real world development dilemmas This single accessibly written volume clearly explains key concepts from anthropology and draws them into a framework to address some of the important challenges facing

development policy and practice in the twenty first century poverty participation sustainability and innovation It discusses classic critical and ethnographic texts and more recent anthropological work using rich case studies across a range of country contexts to provide an introduction to the field not available elsewhere The examples presented are designed to help development professionals reframe their practice with attention to social and cultural variables as well as understand why mainstream approaches to reducing poverty raising productivity delivering social services and grappling with environmental risks often fail This book will prove invaluable to undergraduate and postgraduate students who are professionals in training in development studies programs around the world It will also help development professionals work effectively and inclusively across cultures tap into previously invisible resources and turn current development challenges into opportunities

Rural Governance Lynda Cheshire,Vaughan Higgins,Geoffrey Lawrence,2006-12-05 This book critically explores the social causes and consequences of emerging governance arrangements In particular the book moves beyond questions of empowerment in governance debates to consider how new kinds of power relations arise between the various actors involved

Handbook of African Development Tony Binns,Kenneth Lynch,Etienne Nel,2018-04-27 This handbook presents an extensive new overview of African development past present and future It addresses key core themes and topics that are pertinent to the continent s development including sections on history health and food politics economics rural and urban development and development policy and practice The volume draws on the expertise of over 60 of the world s leading scholars to provide a detailed and up to date analysis of the key opportunities and challenges that confront Africa and how such issues are being addressed Arranged by key themes the handbook provides not only a historical understanding of the past but also political perspectives on the future The chapters provide critically informed analyses of their topics by drawing upon the latest conceptual viewpoints and applied experiences in Africa in the form of case studies to offer a comprehensive examination of the opportunities challenges key debates and future prospects This handbook is an invaluable state of the art overview and reference concerning many different aspects of Africa s development which will be of interest to academics in all fields of African studies and also academics and students working in cognate disciplines such as development studies geography history politics and economics

Understanding Cultural Transmission in Anthropology Roy Ellen,Stephen J. Lycett,Sarah E. Johns,2013-08-01 The concept of cultural transmission is central to much contemporary anthropological theory since successful human reproduction through social systems is essential for effective survival and for enhancing the adaptiveness of individual humans and local populations Yet what is understood by the phrase and how it might best be studied is highly contested This book brings together contributions that reflect the current diversity of approaches from the fields of biology primatology palaeoanthropology psychology social anthropology ethnobiology and archaeology to examine social and cultural transmission from a range of perspectives and at different scales of generalization The comprehensive introduction explores some of the problems and connections Overall the book provides a timely synthesis of current accounts

of cultural transmission in relation to cognitive process practical action and local socio ecological context while linking these with explanations of longer term evolutionary trajectories *Wild Product Governance* Sarah A. Laird, Rebecca J. McLain, Rachel Wynberg, 2012-01-09 First Published in 2012 Routledge is an imprint of Taylor Francis an informa company

Negotiating Local Knowledge Introduction

In today's digital age, the availability of Negotiating Local Knowledge books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Negotiating Local Knowledge books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Negotiating Local Knowledge books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Negotiating Local Knowledge versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Negotiating Local Knowledge books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Negotiating Local Knowledge books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Negotiating Local Knowledge books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from

the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Negotiating Local Knowledge books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Negotiating Local Knowledge books and manuals for download and embark on your journey of knowledge?

FAQs About Negotiating Local Knowledge Books

1. Where can I buy Negotiating Local Knowledge books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
