Negotiating Freer Trade Ian M. Drummond, Norman Hillmer, 2006-01-01 On November 17 1938 Great Britain the United States and Canada after four years of discussion and manoeuvre signed two wide ranging and interlocking trade agreements A few large elements dominated the talks The Americans wanted to breach the walls of the British imperial preferential tariff system The British were anxious to retain markets and political support in the British dominions and the Baltic while protecting their domestic agriculture and improving political relations with the United States Canada whose acquiescence and co operation were necessitated by the pre existing network of trade agreements hoped to win new export markets to retain old ones and to achieve international political tranquility through economic means Although the negotiations began with a mixture of lofty and ignoble motives in the end the latter predominated The authors have drawn on archival and statistical materials in all three countries to provide a clear and detailed account of the economic context of the mid 1930s the process of negotiations the issues and the political and economic significance both then and now of the final agreements Their work is a valuable case study of the problems that face any country that tries to negotiate freer trade It is therefore full of contemporary resonance and relevance and will be of interest to students of and specialists in modern history European British and North American international relations and international economic policy

Negotiating the International Criminal Court Fanny Benedetti, Karine Bonneau, John Washburn, 2013-10-31 This is the story and analysis of the unforeseen and astonishing success of negotiations by many countries to create a permanent international court to try atrocities In 1998 120 countries astounded observers worldwide and themselves by adopting the Rome Statute for an International Criminal Court From this event began important and unprecedented changes in international relations and law This book is for those who want to know and understand the reasons and the story behind these historic negotiations or for those who may wonder how apparently conventional United Nations negotiations became so unusual and successful This book is both for those who seek detailed legislative history scholars or practitioners in international law and relations and those simply curious about how the Court came about

Bargaining for King's Baby Maureen Child,2008-03-01 Just twenty more acres and millionaire Adam King would restore
his family ranch to its former glory So intense was his obsession he even considered marrying the girl next door For Gina
Torino s father was willing to sell her in exchange for the much desired land Gina was aware of her father s manipulative
bargain and decided to make a deal with Adam herself She d marry the ice cold rancher He d get the land And she d get King
s baby Aerospace Strategic Trade Philip K. Lawrence,Derek Braddon,2017-03-02 The U S economy is generally
considered to run on free market or laissez faire principles implying that U S policy makers do not provide government
support for industrial or commercial sectors While mostly true it is not the case with strategic industries such as aerospace
Support for the aerospace sector has been viewed as essential because aerospace technologies have been the material
backbone of U S security systems But American historic dominance in commercial aerospace and particularly the large
commercial aircraft sector arose on the back of defence technology paid for by the US government Aerospace Strategic
Trade analyses the subsidy of the U S large commercial aircraft LCA industry and redefines the terms of the Airbus Boeing
subsidy debate This is achieved by tracking the benefits to Boeing of the Research and Technology contracts granted by the
DoD and NASA The book is characterized by a new level of methodological precision in the database upon which the factual
claims rest and the analysis derives from an exhaustive search of U S public databases and also data on federal R D contracts
obtained under the Freedom of Information Act FOIA in the USA The overall analysis brings together these two approaches
and provides a balanced and highly informative account of U S federal funding of the American large commercial aircraft
sector This book is of interest to academics industrialists and government officials concerned with the aerospace industry to

Nickerson,2013-09-26 It has been 12 months since Beary has arrived at the Academy from his tour aboard the Saber Claw He

enjoyed teaching the classes he had been assigned At first some of the older cadets resented the fact that their instructor was younger than they were Then they would see the ribbons on his uniform and hear the rumors Ben of course helped spread them Flight training was going well His many hours in jump ships were proving to be a blessing instead of a curse He expected to graduate early from flight training Caesar had spent six months at the academy then shipped off to aid a hospital ship that had lost one of its surgeons to an accident The Hospital ship was trying to combat a new disease that had cropped up on an agricultural colony in the Darius system Once again his work under Dr Maxumus was proving invaluable Ben along with taking accelerated classes was teaching a class in survival and weapons Ben had taken to this task with enthusiasm With the help of two of the Marine Professors he wrote the training manual for the course which they used as a major project in two of his classes The class he taught was so popular there was a waiting list Pompey kept busy trying to prepare for the cub which was due in three months running two homes plus working for her new father in law on special issues Senator Maxumus was busy trying to get the Senate to strengthen its rules He did not want to see new conspiracies flair up The idea that eight senators some in critical positions could become traitors had shaken the Senate The Bearilian house of Representatives was demanding a full and open investigation as it scrutinized its own members The Arcrilians had suffered such a devastating defeat that they were asking for terms for a treaty and for aid The Bearilian President immediately started negotiations along with the Antillean Supreme Council The result was the removal of all Arcrilian ships from Bearilian and Antillean territory in exchange for food and raw materials purchased at a reasonable price For the Antilleans this was a big win For Angelina Maxumus the last 12 months had been hectic as she tried to balance her time between Bearilia Prime and Andreas Prime She enjoyed being a Neuro surgeon a lot more than being an Empress She even found that she had to show up at State functions not as a wife of a prominent Senator but as a Head of State There had also been a need to appoint representatives to the two Bearilian Houses One of her second Brother s sons Iacomus Augustus had joined his cousins on Andreas Prime He found some unclaimed land near the western ocean connected to the Augustan land A young Dragon Silver Tail agreed to be his Family Dragon The Dragon Counsel suggested that he be appointed as the Planet s Senator A young nomad also moved to Andreas Prime He had no family or land A young Dogon Saraina approached the Dogon Counsel and asked that this young Nomad be given its sheep and become its family His name was Khristophoros The Dogon Counsel gave him the last name Theodoros Khristophoros Theodoros was called before Angelina She questioned him for several cycles She found out that he had been part of a servant family to the Pompaius family She found goodness and strength in this young Bear After talking with both counsels she appointed him to the House of Representatives He would prove to be a loyal and excellent choice Savato Artemus was not happy He loved the Crimson Blade but he could not find a gunner that met his standards He also missed his friends Captain Centaurus found he hated the paper work of a ships captain as much as Atilus had Yet he loved the Saber Claw especially with the new upgrades Commodore Atilus was a taskmaster with his
