Pacific Asia Prospects For Security And Cooperation In East Asia:

Pacific Asia? Mel Gurtov, 2001-12-17 Most studies of Asia Pacific security are marked by pessimism and continuing belief in the virtues of a balance of power Pacific Asia goes against the grain by pointing to a number of positive developments especially economic in regional relationships the absence of an arms race the growth of multilateral groups and an emerging consensus on the importance of nonmilitary paths to national security Above all Mel Gurtov stresses a definition of security that focuses on basic human needs social justice and environmental protection The author disagrees with proponents of a China threat criticizes U S Cold War notions of security through forward based power and argues for new efforts at regional dialogue based on multilateral cooperation sensitivity to Asian nationalism and a role for Japan as a global civilian power

The East Asian Peace M. Weissmann, 2012-06-12 Using a case study based approach Weissmann analyses the post Cold War East Asian security setting to demonstrate why there is a paradoxical inter state peace He points out processes that have been important for the creation of a continuing relative peace in East Asia as well as conflict prevention and peacebuilding mechanisms *Advancing East Asian Regionalism* Melissa Curley, Nicholas Thomas, 2012-10-12 Developments in East Asia have progressed rapidly in terms of regionalism since the 1997 crisis The end of the Asian miracle called into question not only the capacity of regional states to meet the needs of their attendant peoples but also challenged the viability of regional organizations such as ASEAN to adapt and respond to the changing circumstances *Advancing East Asian Regionalism* looks at the ways in which ASEAN has expanded since the crisis and evaluates the potential of East Asia to come together in a regional formation one capable of representing the region as a whole akin to the European Community It draws upon the knowledge and perspectives of academics and policy makers actively engaged in the contradictory issues of regionalism Coupling case study material on regionalism institutions and sectoral cooperation with theoretical debates on regionalization this book is an invaluable resource that pushes our understanding of East Asian regionalism forward

Japan's Security Agenda Christopher W. Hughes, 2004 Long constrained as a security actor by constitutional as well as external factors Japan now increasingly is called to play a greater role in stabilizing both the Asia Pacific region and the entire international system Japan's Security Agenda explores the country's diplomatic political military and economic concerns and policies within this new context

China and Japan at Odds J. Hsiung, 2007-09-17 This book is a penetrating study of the long conflict between China and Japan Drawing upon history geopolitics and geoeconomics this volume examines these important Asian powers at the bilateral regional and global levels Contributors examine issues including oil feuds the Taiwan factor and implications for U S interests in Asia Pacific *Peace and Security in Indo-Pacific Asia* Sorpong Peou, 2021-11-21 *Peace and Security in Indo Pacific Asia* is for the informed the interested and the engaged Sorpong Peou brings together the skills of the pedagogue with the knowledge of the scholar Dr David Dewitt University Professor Emeritus Senior Scholar York University Toronto Canada Peou's excellent book provides both the lay reader and the specialist with six

important theoretical frameworks which should provide the basis for better appreciation of what a security community in Indo Pacific Asia means in our world today There are very few scholars who understand the region like Peou Dr W Andy Knight Professor of Political Science the University of Alberta Canada Sorpong Peou s extraordinary breadth of knowledge of both International Relations theory and the key trends in Indo Pacific Asia shines through in this authoritative analysis Dr Richard Stubbs Professor of Political Science McMaster University Canada A pedagogical approach of the textbook that is appreciated is how the author respectfully engages with the theories of IR and is not pushing an agenda of denouncing some theories and trying to persuade the reader of others We live in such polarizing times that it is truly refreshing to read scholarly work that avoids sensationalistic attacks on theories that have been debated for decades Each theory in this manuscript is explored on its own terms and the reader is encouraged to figure out where they stand on these enduring debates in the context of Indo Pacific security The approach will lead to compelling classroom discussions of the theories and the politics of the region This book is a must read for any student or observer of security trends in the region Dr Mark Williams Chair and Professor of Political Studies Vancouver Island University B C Canada

The European Union's Security Relations with Asian Partners Thomas Christiansen, Emil Kirchner, See Seng Tan, 2021-05-11 This wide ranging book analyses EU Asia security relations in a systematic substantive and comparative manner The contributions assess similarities and differences between the EU and its Asian partners with respect to levels of threat perception policy response and security cooperation in the context of historical institutional and external factors such as the influence of the United States The book presents original empirical research organised in four parts a number of contributions providing discussions of the global context in which EU Asia security relations develop a series of chapters covering the range of dimensions of EU Asian security including both traditional and non military aspects of security chapters addressing the specific issues touching on bilateral relations between the EU and its partners in the Asia Pacific region and a final part presenting the overall findings across the various contributions together with the future outlook for EU Asia security relations

The New Global Politics of the Asia-Pacific Michael K. Connors, Rémy Davison, Jörn Dosch, 2017-10-30 Now in its new and fully updated third edition The New Global Politics of the Asia Pacific continues to provide a compelling analysis of a region undergoing dramatic changes Based on new research and offering fresh interpretation this edition evaluates the prospects for continuing US dominance in the Asian Century Whilst presenting evidence for a multifaceted Beijing Strategy which aims to counter the US by building an alternative regional order it also explains Japan s definitive departure from its limited military role Providing an introductory guide for the main frameworks needed to understand the region including realism liberalism and critical theory this new edition is reader friendly and offers sophisticated competing explanations Key content includes Intra regional conflicts in the South China Sea and the Korean peninsula The different responses within the Asia Pacific to the globalization of Western ideas of democracy and political economy The underappreciated success of the Association of

Southeast Asian Nations in building a regional identity The European Union's soft power in the region A highly topical account which offers an overview of the main actors institutions and contemporary issues in the Asia Pacific the book will be essential reading for undergraduate students of Asian Studies International Politics and anyone interested in the region

ASEAN's Cooperative Security Enterprise H. Katsumata, 2010-01-20 Katsumata demonstrates that something interesting is taking place inside the ASEAN Regional Forum ARF He shows that an association of minor powers in Southeast Asia is promoting its cooperative security norm and influencing the policies of its external partners Thus the ARF is one of the important pathways to regional security

The Prospects for Southeast Asia's Security Paul Dibb, 2000

China Turns to Multilateralism Guoguang Wu, 2007-09-12 China's recent rapid economic growth has drawn global attention to its foreign policy which increasingly has had an impact on world politics In contrast with China's long standing preference for bilateralism or unilateralism in foreign policy recent decades have seen changes in the PRC's attitude and in its declaratory and operational policies with a trend toward the accepting and advocating of multilateralism in international affairs Whilst China's involvement has been primarily in the economic arena for example participation in the World Trade Organization and ASEAN Plus Three it has more recently expanded into international security institutions such as the Shanghai Cooperation Organization This book records analyzes and attempts to conceptualize this phenomenal development in Chinese foreign policy and its impact on international relations with the emphasis on China's active participation in multilaterally oriented regional security regimes Written by an impressive team of international scholars this book is the first collective effort in the field of China studies and international relations to look at China's recent turn to multilateralism in foreign affairs It will appeal to students and scholars of Chinese politics and foreign policy security studies and international relations

American Foreign Policy in a Globalized World David P. Forsythe, Patrice C. MacMahon, Andrew Wedeman, 2013-05-13 In this volume several leading foreign policy and international relations experts consider the long term prospects and implications of US foreign policy as it has been shaped and practiced during the presidency of George W Bush The essays in this collection based on the research of well respected scholars such as Ole Holsti Loch Johnson John Ruggie Jack Donnelly Robert Leiber Karen Mingst and Edward Luck offer a clear assessment while US resources are substantial Washington's ability to shape outcomes in the world is challenged by its expansive foreign policy goals its exceptionalist approach to international relations serious questions about the limits of its hard power resources as well as fundamental changes in the global system Illustrating one of the central ironies of the contemporary situation in foreign affairs and international relations that at the very time of the unipolar moment the world has become globalized to such an extent that the unilateralism of the Bush Administration leads as much to resistance as it does to coercion compliance and cooperation American Foreign Policy in a Globalized World will be of interest to students and scholars of politics and international relations

Entering Uncharted Waters? Pavin Chachavalpongpun, 2014-01-03 ASEAN has an abiding interest in peace and stability in this

region and in freedom of navigation in and overflight above the South China Sea Much of ASEANs commerce including its members traded food and energy resources passes through or over the South China Sea The stakes for ASEAN and its members in the South China Sea are very high This book is the product of a conference on Entering Uncharted Waters ASEAN and the South China Sea Dispute initiated to remind all claimants to bring their claims as close as possible to the provisions of the 1982 UN Convention on the Law of the Sea After all ASEAN has sought to promote the rule of law in the region The conference and this book were inspired by the following objectives peace stability freedom of navigation and overflight confidence building cooperation and the rule of law

East Asian Security Michael Edward Brown, Sean M. Lynn-Jones, Steven E. Miller, 1996 East Asian Security examines some of the most important strategic questions about the future of East Asia It includes provocative essays that explore the overall prospects for war peace and stability in the region Other essays focus on the likely strategies that China and Japan will pursue at the dawn of the next millennium Students scholars and analysts of contemporary issues will find East Asian Security to be a stimulating and valuable overview of these questions

Maritime Cooperation and Security in the Indo-Pacific Region, 2022-12-12 More than twenty Indo Pacific scholars and emerging experts come together in this definitive volume to deliver fresh perspectives and original research on maritime cooperation and security With subjects ranging from the Philippines to Antarctica Coast Guards to climate change these essays pay tribute to the late Commodore Sam Bateman PhD while laying the academic groundwork for the improved policies and behaviours that provide for expanded good order at sea

The U.S. Indo-Pacific Strategy & The Prospect of Forging A New Multipolar World Jin Ran, 2023-02-23 Against the current historical context that the United States is in the process of forging and implementing a grand Indo Pacific strategy and that the U S has shown its intention to align its strategies toward other regions of the world with its strategic interest in Asia together this study aims to explore and analyse the critical factors issues and mechanisms which would most likely be able to affect the relations among major powers and entities in Europe as well as in the Indo Pacific region and to see how possibly the main actors in these two regions could jointly shape a different model of global order based on their management of and involvements in the core issues identified in this project The next ten to twenty years will likely be a critical period to see whether a different global system from the current one can be forged and what it might look like

Japanese Foreign Policy A. Fukushima, 1999-02-26 Japanese foreign policy in international political affairs particularly after the Second World War was criticized as relying solely on bilateralism and dismissed as blindly emulating American foreign policy This book examines Japanese multilateralism from the Paris Peace Conference in 1919 to its latest bid for a permanent seat on the UN Security Council At the threshold of the twenty first century the author asserts that Japan can play a more proactive role in the United Nations and in the Asia Pacific through its cooperative security approach with emphasis on prevention of conflicts

Hard Choices Donald K Emmerson, 2003-08-01 The region s most powerful organization ASEAN is being challenged to ensure security and encourage democracy while simultaneously reinventing itself as a model of Asian regionalism Should ASEAN s leaders defend a member country s citizens against state predation for the sake of justice and risk splitting ASEAN itself Or should regional leaders privilege state security over human security for the sake of order and risk being known as a dictators club Should ASEAN isolate or tolerate the junta in Myanmar Is democracy a requisite to security or is it the other way around How can democratization become a regional project without first transforming the Association into a peoplecentered organization But how can ASEAN reinvent itself along such lines if its member states are not already democratic How will its new Charter affect ASEAN s ability to make these hard choices How is regionalism being challenged by transnational crime infectious disease and other border jumping threats to human security in Southeast Asia Why have regional leaders failed to stop the perennial regional haze from brush fires in democratic Indonesia Does democracy help or hinder nuclear energy security in the region In this timely book the second of a three book series focused on Asian regionalism ten analysts from six countries address these and other pressing questions that Southeast Asia faces in the twenty first century
