Regents Competency Test Series (Rct) Jack Rudman,1997-02-01 **Science** National Learning Corporation,2019-02 The RCT Science Passbook R prepares you for your test by allowing you to take practice exams modeled after the multiple choice questions on the real Regents exam **Urban Youth and School Pushout** Eve Tuck,2012-03-15 Winner of the 2013 American Educational Studies Association s Critics Choice Award Recent efforts to reform urban high schools have been marked by the pursuit of ever increasing accountability policies most notably through the use of high stakes standardized testing mayoral control and secondary school exit exams Urban Youth and School Pushout excavates the unintended consequences of such policies on secondary school completion by focusing specifically on the use and over use of the GED credential Building on a tradition of critical theory and political economy of education author Eve Tuck offers a provocative analysis of how accountability tacitly and explicitly pushes out under performing students from the system By drawing on participatory action research as well as the work of indigenous scholars and theories this theoretically and empirically rich book illustrates urban public schooling as a dialectic of humiliating ironies and dangerous dignities Focusing on the experiences of youth who have been pushed out of their schools under the auspices of obtaining a GED Tuck reveals new insights on how urban youth view accountability schooling value the GED and yearn for multiple meaningful routes to graduation English Learners Left Behind Kate Menken,2008-01-01 This book explores how high stakes tests mandated by No Child Left Behind have become de facto language policy in U S schools detailing how testing has shaped curriculum and instruction and the myriad ways that tests are now a defining force in the daily lives of English Language Learners and the educators who serve them **Reports of Cases Decided in the Appellate Division of the Supreme Court of the State of New York** New York (State).
