cultural history of this unique institution s 150 years Inspired by the idealism of Lilian Baylis the company has been based on the belief that opera in the vernacular can not only reach out to even the least privileged members of society but also create a potent and immediate communication with its audience With full access to ENO s archive Gilbert has unearthed a rich range of material and held numerous interviews with a fascinating array of personalities to weave an absorbing tale of life both in front and behind the scenes of ENO as it developed over the years
