Regional Development And Planning International Perspectives:

Regional development and planning Antoni R. Kukliński, 1975 Regional Development George Demko, 2017-08-31
Originally published in 1984 This volume brings together papers concerned with the problems of regional development in both Eastern and Western Europe These include regional economic and social inequalities lagging and backward regions and constricted flows of labour This book provides identification comparison analysis and discussion of regional development problems in Eastern and Western Europe It discusses the latest trends in regional policy assesses their effectiveness and puts forward innovative thinking on the various issues and how they should be tackled in future Regional Development and Planning A.R. Kuklinski, 1975-10-31 **Equity and Efficiency in Economic Development** Donald J. Savoie, Irving Brecher, 1992-10-16 The ideological foundations of the contributors range from personalized neo Marxism through extreme centre neo Keynesianism to hard line neoclassical mathematical economics Despite this diversity there is a surprising degree of consensus No contributor advocates centralized planning and none expects a free market to cure all economic ills Opinions vary as to how well the market actually works but all agree that equity and efficiency are essential goals which most consider to be complementary rather than mutually exclusive In the concluding chapter it is suggested that current economic problems are caused not so much by government intervention as by the nature of that intervention The authors believe that the recent ideological convergence may lead to a new paradigm a theory of the optimal blend of market and management that will be flexible enough to deal with the varying conditions of diverse societies thus simplifying the task of creating a smooth running global economy The contributors are Irma Adelman Mark Blaug Kenneth Boulding Irving Brecher Albert Breton John S Chipman Andr Gunder Frank Martha Fuentes Frank Niles Hansen Murray C Kemp Robin Marris Richard Musgrave Walt Rostow Donald J Savoie Nicholas Spulber and Paul Streeten Higgins himself contributes a chapter on basic concepts and collaborates with Donald Savoie on the final chapter **International Perspectives on Socio-Economic Development in the Era of Globalization** Sen, Saurabh, Bhattacharya, Anshuman, Sen, Ruchi, 2016-03-08 In today s world globalization bears intense interdependencies between countries and the impact global business transactions have on society and economics is more palpable than ever Despite this many developing countries in the global market find themselves struggling to support perpetual population growth These countries must find ways to attain sustainable development in the economic social and environmental sectors International Perspectives on Socio Economic Development in the Era of Globalization seeks to examine the existing variability of development in the global marketplace and to identify the catalysts responsible for this disparity of success This title analyzes the economic frontiers social norms and infrastructural capabilities that factor into the socio economic growth of the developing and under developed world This book will become a definitive text for policy makers academics students and business executives *The individuality of a scholar and advancement of social science : the scholarship of Antoni Kukliński* Anna Gąsior-Niemiec, Józef Niżnik, 2008 **All the**

Difference Benjamin Higgins, 1992-10-14 He goes on to tell the story of his advisory missions to Asia the Middle East Latin America Africa and the South Pacific Higgins weaves anecdotal accounts of his adventures in these regions and gives his personal reactions to these environments along with analysis of the development efforts in which he participated He explains how professional thinking about economic and social development evolved as experience and knowledge accumulated The book also includes accounts of the author's experiences with and reactions to a variety of multicultural and bilateral aid agencies thus providing an intimate picture of their operation In his final chapter Higgins sums up his own views on the current state of economic development development economics economics in general and the role of political and cultural factors in the development process

Regional Development: Theory and Practice Baleshwar Thakur, H.S. Sharma, Suresh Misra, S. Chattopadhyay, Surendra Singh, 2017-01-01 The Five Volume Series on Regional Development Theory and Practice is a festschrift dedicated to Professor R P Misra a distinguished scholar widely recognized as one of the pioneers who initiated and promoted Regional Planning studies in India This five volume series with over one hundred research papers on different aspects of regional development is a fitting tribute to the scholar who spent much of his life time thinking researching and writing about development in general and regional development in particular These five volumes each dealing with a specific aspect of regional development Vol 1 Concept of Regional Development Vol 2 Measuring Development Vol 3 Development Patterns and Structures Vol 4 Development Policies and Vol 5 Development Challenges Each of the five volumes begins with an introduction which is unique in the sense that this is not merely an introduction to the contributions contained in the volume but also talks of the theory of regional development contemporary development in the discipline and the contrarian views expressed by various academics and policy makers Another significant aspect of these introductions is the global view and a comparative scenario of the developed developing and under developed economies of the world that the editors have kept in view in a debate seeking an universal theory of regional development Regions are specifics and often unique and regional development implies focusing on the assets of the territory its potential and constraints

International Perspectives on the Belt and Road Initiative Sidh Sintusingha, Hao Wu, Wenqi Lin, Sun Sheng Han, Bo Qin, 2021-05-30 International Perspectives on the Belt and Road Initiative investigates the most significant global scale international trade expansion and capital investment programme since the Second World War This book focusses on the multi national perspectives of the Belt and Road Initiative BRI in order to interrogate the Chinese government's representation of it as a symbol of peace cooperation development and mutual benefit With specific focus on the interrelationship between geopolitics infrastructure investments and urban regional development the book reflects on 12 countries experiences in depth including those of Iran Pakistan Brazil Thailand Indonesia Japan and Ethiopia specifically to their economic development levels political systems power dynamics and socio environmental issues The book clarifies and contributes new knowledge on the nature of BRI concerning its relationship to globalism neo colonialism the notion of developed vs developing countries and their

institutions and macro micro benefits and impacts In doing so the book offers a balanced account of the antagonistic geo political narrative of socio political conflict and the collaborative framework of real socio economic flows and development The book will appeal to academics researchers and policy makers with an interest in the BRI and its impacts on politico economic development and urban regional and spatial systems in the Indo Pacific and beyond
