Regional Integration Europe And Asia Compared:

Regional Integration – Europe and Asia Compared Woosik Moon, 2017-07-05 This book examines and compares the integration process in both Europe and Asia and draws some possible lessons for East Asia from the European experience. The book embraces the political dimension of integration: peace and security, economic trade and monetary aspects as well as cultural aspects.

Regionalism and Global Economic Integration William Donald Coleman, Geoffrey R. D. Underhill, 1998 This scholarly and interdisciplinary volume sheds much needed light on the relationship between national policies, regional integration patterns and the wider global setting. It covers regional patterns in Europe, Asia and the Americas. Individual chapters focus on topics ranging from industrial or financial policies to social welfare regimes as well as broader assessments and comparisons of regional arrangements in a global context. The chapters point to the diversity of regional patterns in the world economy and the continuing importance of national regulatory structures, yet they also point to the common pressures of globalisation felt by all, especially in the domain of capital markets. With broad coverage and clear but sophisticated analysis, this new book will be vital reading to all those seeking to clarify their understanding of the contemporary regional/global paradox.

Globalization and Regional Integration in Europe and Asia Dr Nam-Kook Kim, 2013-04-28 This volume discusses the current trend of globalization and the main characteristics of world order, focusing specifically on the destiny of the nation-state, the threat against human rights and conflicts between unilateral hegemony of the USA and Europe. It examines the contemporary European experience and compares it with Asian reality with a view to implications for the future development of Asia. It also discusses regional integration as a framework for bringing stable peace, exploring detailed principles and specific forms of a regional community in Asia. Contributors from Europe and Asia critically review previous literature on this topic and suggest new theoretical and empirical grounds of regional community in Asia. The book takes the viewpoint of comparative civilization and experiences of European integration to offer meaningful lessons for the future of nation-states and the possibility of building regional communities in Asia.

Comparative Regional Integration Finn Laursen, 2010 This volume features up-to-date studies of regional integration efforts, particularly those made in North America, South America and East Asia. Comparisons are drawn between these efforts and those made in the EU, where integration has progressed much further. The book asks what explains the variation in achievements. What kind of agreements are needed to produce regional integration? Is pooling and delegation of sovereignty necessary? How important is regional leadership?

Europe and Asia P. Murray, 2008-10-23 Much more than a simple examination of EU-Asia relations, this book examines the idea that the EU may constitute a model for East Asian regionalism. It challenges specialists on the EU to understand the EU's impact on Asia and Asia's impact on the EU whilst illustrating that there is a commonality of interests in both Europe and Asia.

Regional Integration in Europe and Asia Compared, 2007

The Palgrave Handbook of EU-Asia Relations Emil Kirchner, T. Christiansen, K. Jørgensen, Philomena B. Murray, 2016-11-09 The Handbook provides a

comprehensive range of contributions on the relations between the EU and Asia two regions undergoing significant changes internally yet also developing stronger relations in the context of an emerging multi polar world It collates some 40 contributions from various disciplines by contributors from throughout the world *Regional Integration in East Asia and Europe* Bertrand Fort,Douglas Webber,2006-06-19 No existing book provides a systematic description and explanation of the differences and similarities in regional integration levels and processes in Europe and East Asia Apart from also providing a comprehensive issue based overview of political integration in the past and present in the two regions the volume provides a useful reality check to integration theorists who have developed their theories based exclusively or largely on the analysis of the European case Brings together the top scholars on regionalism in Europe and Asia *Building Bridges Between Academia, Politics, and Media* Ludger Kühnhardt,2025-04-29 Ludger K hnhardt a globally active political scientist consultant and publicist provides vivid and personal insights into the people and sources that shaped him the thought paths he has followed and the impulses his work in research and teaching has triggered over decades A biographical workshop report of high authenticity bringing together what often appears unconnected in the midst of professional everyday life Insights that were ahead of their time are repeatedly illuminated from different perspectives and findings that have remained timelessly relevant are recalled A vividly written work biography about the inner driving forces and external contexts of a cosmopolitan public intellectual as an enlightening and advisory catalyst in the interplay of science politics and journalism The book reflects German European and global contemporary history from the mid 20th century to the third decade of the 21st century in a scholarly work and its classification as a testimony to political culture *The Economic Relations Between Asia and Europe* Bernadette Andreosso-O'Callaghan,Jean-Pascal Bassino,Sam Dzever,Jacques Jaussaud,2007-11-30 This book looks at the new configuration taken by Asia Europe economic relations It is set against the background of the inclusion of China in the WTO the growth of foreign investors from emerging Asian countries and the economic reforms in a number of crisis hit South East Asian economies It is written by a number of well established European and Asian scholars from the fields of economics as well as management The different chapters in the book highlight key contemporary issues from theoretical conceptual and empirical perspectives Provides an account of the key contemporary issues in the area of Asia Europe economic relations By its interdisciplinary connecting management with economics it shows how the linking of the different disciplines is essential to understand the key issues at stake in the area Can be used by students researchers as well as by practitioners *Europe-Asia Interregional Relations* Dr Bart Gaens,2013-03-28 This book examines the interregional relations of the European Union with East Asia through the prism of the Asia Europe Meeting ASEM ASEM currently brings together 16 Asian countries the 27 member states of the European Union as well as the ASEAN Secretariat and the European Commission ASEM s ten year anniversary and the Sixth Summit in Helsinki prompted reflection on the forum s accomplishments in three dimensions of interaction its working methods democratic involvement public awareness and

global strategic potential The volume provides an in depth evaluation of ASEM s first decade from a European perspective including the achievements of the ASEM6 Summit and its implications for the future of the process It also analyzes the role of interregional interaction as a tool for EU foreign policy Regionalism, Globalisation and International Order Jens-Uwe Wunderlich,2016-03-23 New regionalism and globalization have been prominent themes in academic and political debates since the beginning of the 1990s Despite the considerable amount of scholarly attention that the new regionalism has received in recent years its full empirical and theoretical potential has yet to be fully investigated This illuminating study provides an overview of new avenues in theorizing regionalism and proposes a consolidated framework for analysis and comparison Offering a comparative historical perspective of European and Southeast Asian regionalism it presents new and imaginative insights into the theory and practice of regionalism and the links between regional developments globalization and international order **Drivers of Integration and Regionalism in Europe and Asia** Louis Brennan,Philomena Murray,2015-05-22 This book examines the drivers of regionalism and integration in both Europe and Asia and seeks to forge comparative perspectives between the two regions Comprising contributions from scholars analysts and policymakers this volume explores and debates how and why regional bodies such as the European Union EU and the Association of Southeast Asian Nations ASEAN are formed and sustained Furthermore it examines the drivers of and impediments to regionalism and integration The debates regarding what and who constitute drivers are presented in a fresh thematic and comprehensive manner Leadership and core states are also critically examined whilst material ideational and normative factors are all assessed comparatively Significantly in light of the global financial crisis the book considers the role of crisis as a driver of regionalism and integration This book will be of interest to students scholars and policymakers interested in Asian and European politics and comparative politics **The Australian Study of Politics** R. Rhodes,2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield **Comparative Regional Integration** Finn Laursen,2018-02-06 This title was first published in 2003 After briefly reviewing the basic theoretical stances animating the rest of the proceedings Laursen international politics U of Southern Denmark presents 11 contributions that comparatively review processes of regional integration around the world **International Relations of East Asia** Xiaoming Huang,2019-12-28 East Asia s rapidly changing role in international security the global economy development and global governance are expertly accounted for in this much needed state of the art text Xiaoming Huang offers an engaging and informed account of the key concepts issues and actors working in this area Ranging from the region s history to culture and a comparative assessment of the region s states this text is informed throughout by a compelling theoretical framework In so doing it unpicks the often complex relationships both at the domestic level and externally Only with this understanding is it possible to make sense of the region

s complex relationships both internally and externally Structured around key concepts in international relations of war and peace economic development and increased contemporary security threats this text offers an empirically rich engaging account of the changing fortunes of East Asia

Asian Regionalism in the World Economy Masahiro Kawai, Jong-Wha Lee, Peter A. Petri, 2010-01-01 The structure and policy architecture of the world economy as it emerges from the historic challenges now underway will be affected by the dramatic rise of Asian economies and deepening connections among them This important book examines the dramatic transformation of the Asian economy the challenges it faces emerging regional solutions and how Asia can play a more constructive role in the global economy Asia is becoming not just the world's factory but also its leading creditor and one of its key sources of dynamism and stability Key questions are identified and addressed in three areas Asia's growth and productivity financial stability and regional economic integration In each of these areas the contributing authors evaluate current trends and the forces shaping the future They consider whether the regions progress is sustainable and what it will take to make it so How is Asia reshaping its economy in response to the changing global landscape More urgently how can Asia weather the severe global financial and economic storm originating from the global credit crisis How will it extend its gains to people left behind And how can it contribute to better governance and greater prosperity in the world economy This book covers new ground by connecting theory assembling detailed evidence on trends and challenges and offering forward-looking policy prescriptions This timely book will appeal to Asian economic policymakers as well as postgraduate students interested in Asian economics international economics and regional integration Staff of international and regional organizations interested in Asian economics will also find this book invaluable

Evolving Diversity and Interdependence of Capitalisms Robert Boyer, Hiroyasu Uemura, Toshio Yamada, Lei Song, 2018-10-31 This book integrates three levels of political economic analysis first a comparative institutional analysis of the varieties of capitalism in both Europe and Asia second a macroeconomic analysis of industrial structural change and economic dynamics of the national economies in Europe and Asia and then an encompassing analysis of international production linkages and international financial instability which determine the long term patterns of regional integration in Europe and Asia The comparison of the European Union and ASEAN delivers some key conditions for a viable long term regional economic integration to cope with contrasted capitalisms and growth regimes either pragmatism in the choice of an exchange rate regime or a form of fiscal federalism The reader will also find a genuine analysis of the dynamism of the Chinese economy a study on institutional changes and de-industrialization in Japan and the increasing international production linkages among China Japan Korea and ASEAN It is shown how the enlargement of the European Union and the Euro triggered the diverging competitiveness and macroeconomic performances that led to the crisis of a six decades long economic and political process This book is the result of long lasting Asian European collaborative research It is a milestone in the historical and comparative analysis along the regulation theory that aims at understanding the long run transformations renewed diversity

and interdependence of capitalisms *The Oxford Handbook of International Law in Asia and the Pacific* Simon Chesterman, Hisashi Owada, Ben Saul, 2019 This handbook surveys how international law is applied and interpreted in the Asia Pacific region It explores Asia's contribution to the development of international law and whether a distinct Asian approach can be perceived *European Union and New Regionalism* Mario Telò, 2016-04-22 Stemming from an international and multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century and the second edition adding inter regional relations this new edition focuses on competing models of regional cooperation within a multipolar world and the role of European Union This new edition offers A comparative analysis of regional cooperation and of both US centred and EU centred interregionalism A fresh exploration of key issues of regionalism versus globalization and the potential for world economic and political governance through regional cooperation notably in hard times A vigorous response to conventional wisdom on the controversial EU international identity An appendix on regional and interregional organizations A key resource for postgraduate or undergraduate study and research of international relations European integration studies comparative politics and international political economy Taking into account both the expanded European Union and regional cooperation in every continent this multidisciplinary volume comprises contributions from established scholars in the field A Gamble P Padoan G Joff G Therborn Th Meyer R Higgott B Hettne F Ponjaert F Soederbaum Ch Deblock K Eliassen A Arnottir S Keukeleire I Petrova S Santander and M Tel editor
