Regional Policy And Local Governments:

Regional Policy in China Marek Świstak, 2022-12-12 Currently much is said about the directions of development of modern China. However, we still do not know what will determine the expected superpower position of the Middle Kingdom. The book is an attempt to answer questions about China's main development challenges from a regional perspective. China aspires to become the country with the largest economy and development potential. This intention may turn out to be in vain if such significant disparities and development imbalances in the regional system are still present in China. The key to understanding the transformation of contemporary China is to recognize the internal determinants of the functioning of both the state and the economy from a regional perspective. A better understanding of the ways of managing regional development disparities may contribute to a more accurate assessment of the dynamics and directions of China's socio-economic development. Regional Policy and Local Governments Gy Horvath, 1991-01-01

The Coherence of EU Regional Policy John Bachtler, Ivan Turok, 2013-12-16 This book brings together a rich selection of up-to-date practical experience of EU regional policy from across Europe. It provides different perspectives on the design and operation of regional development strategies under the Structural Funds from people closely involved in studying, managing or advising on the process at EU national and regional levels. It therefore offers a more comprehensive and detailed understanding of the structural policies than has been available hitherto. This will prove particularly useful to researchers, practitioners and students interested in European regional policies and processes. **Reshaping Regional Policy** Harry Ward

Richardson, Chang-Hee Christine Bae, Sang-Chul Choe, 2011-01-01 The book first examines some radical new directions in Korea's regional policies instigated by the newly established permanent Presidential Commission of Regional Development. The existing nine provinces and seven Special Cities, i.e. metropolitan areas, will yield considerable power and budget authority to seven new mega regions. Many of the ideas behind the new policies, such as territorial cohesion, regional innovation and regional competitiveness, were inspired from abroad, especially Europe. There are also changes at the lower urban scale to modify Korea's traditional top-down strategies. Previous policies named balanced national development were targeted at undermining Seoul by redistributing activities, including government, to other parts of the country under the zero-sum game assumption. The new policies aim to benefit both the Capital Region and other mega regions under a win-win assumption. The book evaluates these approaches. Original contributions from some of the field's foremost scholars, including Sang-Chul Choe, Sir Peter Hall, Andreas Faludi, Michael Storper, Takashi Onishi, Maryann Feldman and Sam Ock Park, identify priorities for territorial integration, develop ideas for cross-border cooperation, discuss EU policy and policies for overall regional competitiveness, examine the construction of regional entrepreneurial advantage and consider fiscal policy and decision making. **OECD Rural Studies Adapting Regional Policy in Korea Preparing Regions for Demographic**

Change OECD, 2022-06-23 The study is part of the OECD work stream Preparing Regions for Demographic Change, a

megatrend that affects several important dimensions of public policy The following three of them are particular relevant for Korea s regions and rural places i workforce dimension ii social dimension and iii governance dimension The report consists of three chapters *Regional Policy in a Changing World* Niles Hansen,Benjamin Higgins,Donald J. Savoie,2013-06-29

Globalization and Decentralization Jong S. Jun,Deil S. Wright,1996 The twenty contributors and the editors provide new insights into the domestic consequences of global interdependence by examining emerging strategies for dealing with environmental concerns urban problems infrastructure investments financial policies and human services issues

Regional Policy and Planning in Europe Paul Balchin,Ludek Sykora,Gregory Bull,2002-06-01 Regional Policy and Planning in Europe explores the ways regional policy and planning systems across Europe have been influenced by economic and monetary union the impending enlargement of the European Union the devolution of administrative power from central government to regional authorities the increased importance of environmental and urban issues Presenting a comprehensive overview of the economic basis of integration this book examines the evolution of various systems of government planning and forms of devolution **Regional Policy in Britain** Paul N. Balchin,2021-07-11 Originally published in 1990 this book

examines the extent to which the north south divide in the UK has been a reality in recent years It also reveals the degree to which the gap between the two parts of Britain has worsened An issue of enduring relevance particularly given the political drive to level up the regions the book focusses particularly on the 1980s a period when regional assistance became a victim of both monetarism and free market ideology The book reviews legislation and considers whether regional policy has been effective and consistent To widen the debate the author questions some common assumptions about regional imbalance and argues that intraregional disparities and the plight of Inner London were causes of concern no less serious than the problem of the north south imbalance *The Politics of Regional Policy in Japan* Richard J. Samuels,2014-07-14 This is the first major study of politics and public administration in Japan to balance the prevailing view of the regional policy process from above with a view from below Developing a comparative framework for understanding the place of localities in policy making he demonstrates that relations among localities in Japan are much more important than previously supposed Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Adapting to EU Multi-Level Governance** Panagiotis

Getimis,2016-12-05 The main theme of this book is the adaptation process of the new EU member states from Central Eastern Europe Hungary and Poland to the multi level system of governance in public policy particularly in the regional and environmental policy areas The work conceptualizes policy learning and institutional and policy adaptation within the EU

system of governance and draws lessons from the experience of previous waves of enlargement cohesion countries Ireland Portugal and Greece In doing so the book makes an important contribution to the literature on the transformation of domestic policy making structures as a result of the increasing Europeanization of public policy as well as on the conceptual tools explanatory variables and mechanisms determining this process OECD Territorial Reviews Regional Policy for Greece Post-2020 OECD,2020-10-01 The Territorial Review of Greece offers analysis and policy guidance to strengthen regional development and well being It examines Greece s regional development framework the EU Cohesion policy and multilevel governance in Greece Since the global financial crisis Greece has undertaken an impressive number of structural reforms Recovery initiated in 2017 but the current COVID 19 pandemic is slowing down Greece s efforts **Regional Policy** Ugo Fratesi,2023-11-08 Regional policy is an essential in any government s toolkit for promoting socioeconomic prosperity It comes in many forms and can be used to target the development of weak and stronger regions This textbook provides comprehensive and systematic coverage of regional policy dealing with core theories and looking at contemporary challenges in practice addressing regional policy across the world Structured in four parts the book opens with an exploration of regional policy s characterisation aims and rationale The second part is devoted to issues of implementation and the instruments available to policymakers for intervention The third part addresses regional policy evaluation as well as statistics and modelling in policymaking Finally the book discusses how regional policy is applied in different contexts Each chapter contains real life examples of a regional policy topic in action and highlights supplementary topics for advanced readers With its broad coverage of the subject Regional Policy Theory and Practice will prove a valuable resource for advanced students researchers and practitioners in regional policy regional economics economic geography planning and public policy Is There a Future for Regional Government? Great Britain: Parliament: House of Commons: ODPM: Housing, Planning, Local Government and the Regions Committee,2006-03-15 Is there a future for regional Government Session 2005 06 Vol 2 Written Evidence *European Regional Policy and Development* María del Carmen Sánchez-Carreira,Paulo Jorge Reis Mourão,Bruno Blanco-Varela,2023-07-18 The shortcomings of traditional regional policies led to a major policy Thus regions have become more active in the design and implementation of policies following a bottom up approach and involving the participation of the local community in strategic planning as opposed to the traditional top down method This book addresses regional development theories and policies with a special focus on forgotten places and raises emerging questions about recent theoretical advances as well as trends and challenges in the field It examines two main and related issues the crucial role of regional actors for development and the role of Forgotten Spaces It emphasizes the spatial territorial approaches from different theoretical perspectives underlining place based approaches and compares the experiences of both successful and failed cases attempting to identify lessons and policy recommendations as well as adding empirical evidence to this field The different cases presented which focus on Forgotten Spaces allow the reader to

assess the role of different actors for regional development as well as some sectoral approaches While there is a clear focus on European countries with different geographical institutional and sociocultural characteristics the book also examines good and bad examples of regional development and policies related to forgotten places from different regions worldwide including developed and developing countries The book benefits from contributions from over 20 authors from different nationalities and a rich diversity of case studies approaches and methods of discussion The authors discuss practical examples and more complex theoretical approaches involving techniques of spatial analysis spatial econometrics social networks content analysis as well as regional planning techniques The book will appeal to an interdisciplinary audience and will provide academicians politicians and policy designers with original and detailed analyses

Regional Governance: Promise and Performance United States. Advisory Commission on Intergovernmental Relations,1973

Governance of Europe's City Regions Tassilo Herrschel,Peter Newman,2003-08-27

Governance of Europe s City Regions considers the changing role of the European Union in regional issues explores how national governments have become increasingly involved at the regional scale and examines the constitutional and political contexts in which regional and local governments operate Detailed case studies of regionals in Germany and England illustrate contrasts in European approaches to the scale of government and the complex interactions of international national regional and local scales of policy intervention The book offers a unique perspective which links together an analysis of both regional Europe and the local economic and political factors that shape successful regions

Substate Regionalism and the Federal System: Regional governance: promise and performance; case studies United States. Advisory Commission on Intergovernmental Relations,1973

Agricultural and Rural Development Policies in the Baltic Countries OECD,2003-09-24 This conference proceedings examines problems of low incomes and high unemployment in rural areas of the Baltic countries It compares the situation of the Baltic States with that in Western Europe examines developments in Baltic labour markets and looks at strategies for development

Regional Planning Issues United States. Congress. Joint Economic Committee. Subcommittee on Urban Affairs,1970
