Migration, free movement and regional integration Nita, Sonja,Pécoud, Antoine,Lombaerde, Philippe de,Neyts, Kate,Gartland, Joshua,United Nations University. UNU-CRIS,2017-12-18 The Education of Black Males in a 'Post-Racial' World Anthony L. Brown,Jamel K. Donnor,2013-09-13 The Education of Black Males in a Post Racial World examines the varied structural and discursive contexts of race masculinities and class that shape the educational and social lives of Black males The contributing authors take direct aim at the current discourses that construct Black males as disengaged in schooling because of an autonomous Black male culture and explore how media social sciences school curriculum popular culture and sport can define and constrain the lives of Black males The chapters also provide alternative methodologies theories and analyses for making sense of and addressing the complex needs of Black males in schools and in society By expanding our understanding of how unequal access to productive opportunities and quality resources converge to systemically create disparate experiences and outcomes for African American males this volume powerfully illustrates that race still matters in post racial America This book was originally published as a special issue of Race Ethnicity and Education

Sustainable and Resilient Businesses in the Global Economy Adina Letiția Negrușă,Monica Maria Coroș,Mark Anthony Camilleri,2025-02-10 This book explores the latest trends challenges and opportunities shaping the business hospitality and tourism sectors with a special focus on Eastern Europe It presents a collection of thought provoking papers from the 2024 Modern Trends in Business Hospitality and Tourism International Conference held in Cluj Napoca Romania Key topics include the evolution of global capital markets and investment strategies in the post COVID 19 era innovative and sustainable business models alternative financing solutions for SMEs corporate governance reforms and the future of human capital leadership Each chapter offers fresh perspectives on building resilient businesses in an increasingly interconnected global economy Ideal for academics researchers industry experts and practitioners this book provides valuable insights and practical solutions for fostering sustainable growth and resilience in today s dynamic business environment *Exploring Sustainable Land Use in Monsoon Asia* Yukio Himiyama,2017-11-13 This book presents the outcome of the Towards Sustainable Land Use in Asia SLUAS project which was the pilot undertaking for development in a series of projects on land use Monsoon Asia with its huge and still increasing population and rapid socioeconomic changes is regarded as a major hot spot of global change in general and of land use change in particular The major issues include urbanization rural development land related problems such as food problems and disasters in the context of global change and sustainability Future Earth the new international research framework established by International Council for Science ICSU the International Social Science Council ISSC and other international academic or funding organizations for a sustainable world has chosen the Global Land Project GLP as one of the first such international projects it has endorsed that originated from International Geosphere Biosphere Programme IGBP and or International Human Dimensions Programme IHDP This

endorsement is a clear indication of the importance of the issues related to land use and its changes Land use change is an essential driving force of environmental change a result of socioeconomic and environmental changes and is a major environmental change itself Because of this complex and multifaceted nature and the difficulties in obtaining relevant data with historical depth this phenomenon has not been studied fully in the context of global change or sustainability It is hoped that this book is of use to those who are concerned about the present and future land use in the world The Future of South-South Economic Relations Adil Najam,Rachel Thrasher,2012-12-13 In recent years it has become apparent that South South economic relations are increasing and will continue to do so There will be more trade agreements and more trade more economic alliances and more political alliances with economic goals more investment flows and an increasing acknowledgement that the Global South has more to offer than it has in the past These new economics relations have great potential both for harm and for good In the absence of directed policies and intentional actors imbalances of power and growing gaps in development will persist With the right policies in place however these relationships could forge a new global order with greater economic and political equality Covering a wide range of topics including regional trade integration in Africa the environmental impact of increased South South trade the changing patterns of South South investment and the effect of conflict on trade in South Asia this ground breaking volume presents an analysis of South South economic relations and how they might impact and be impacted by the rest of the world The Economics of Ecosystems and Biodiversity in Local and Regional Policy and Management Heidi Wittmer,HariPriya Gundimeda,2012-05-23 In this volume of the TEEB The Economics of Ecosystems and Biodiversity publication series the key concepts of the project are applied to local and regional policy and public management The aim is to show that by taking nature s benefits into account decision makers can promote local development to ensure human well being and economic growth and stability while maintaining environmental sustainability The book explores the potential for local development provided by an approach based on nature It offers examples of successful implementation of this approach from across the world highlighting the importance of local decision making in management and planning It provides tools and practical guidance for reform and throughout the volume the economic benefits of environmental consideration at a local level are expounded This book is intended to offer inspiration and practical suggestions for the improvement and sustainable management of the environment and human well being The local aspect of this book complements the focus of the previous three volumes completing the set to provide a comprehensive approach to simultaneously improving and maintaining economic and environmental stability as well as human well being

Library Literature & Information Science ,2004 An index to library and information science literature *Polycentric World Order in the Making* Andrey Baykov,Tatiana Shakleina,2023-03-02 The world order is evolving toward polycentricity producing its winners and losers and driving up the global and regional demand for governance security justice and ethics The book offers a perspective of key Russian experts in international affairs on these transformations On the global level it

touches upon the issues of global governance state transformation phenomenology of globalization international security and international political economy On the regional level it deals with issues of economic integration energy security cyber security nuclear proliferation viewed from a perspective of Pacific Asia East Asia Latin America Middle East Post Soviet Area

Applying the Roper-Logan-Tierney Model in Practice Jane Jenkins, BA MSc SRN RNT, Jackie Solomon, MA, PGDip, SRN, Sue Whittam, Karen Holland, 2008-06-03 This title is directed primarily towards health care professionals outside of the United States Applying the RLT Model in Practice has been written to enable students and their teachers in both Higher Education and clinical practice to explore the different dimensions of the model through a variety of case studies and exercises The case studies can be viewed as triggers for student problem solving skills in using the Model Many of the exercises are aimed at enabling readers to find evidence to support nursing activities The authors have incorporated an international perspective throughout the text Based on the most popular model used in general nursing care throughout the world Explicitly demonstrates how the RLT model can be used to assess plan deliver and evaluate individualised nursing care Applies the RLT model in the context of today's health services and links it to clinical governance and the multi disciplinary context of care Uses a problem solving approach with extensive use of exercises and case studies Attractive two colour design using boxes tables and summaries Fully updated throughout in line with changes in practice developments in the evidence base changes in the NHS e.g modern matrons Modernisation Agency etc More material on how to apply the model in an inter disciplinary context Updated infection control section More on discharge planning More material relating to primary care
